

PLANS FOR JETTY UNDER SCRUTINY

House Committee Seeking Excuse for Paring Allowance for This Year's Work.

MR. M'ARTHUR IS HEARD

Importance of Early Completion of Work is Pointed Out—Mr. Humphrey, of Washington, Supports Oregon Demand.

OREGONIAN NEWS BUREAU, Washington, Feb. 5.—In an effort to hold down the size of the river and harbor bill, the House committee on rivers and harbors is paring the estimates of the Army engineers wherever possible, and one of the items under close scrutiny is the estimate for the mouth of the Columbia River, for which an appropriation of \$1,194,999 was recommended. This is a greater amount than has ever been appropriated for this project in any one year, and the committee is seeking to get a revised estimate from the engineers justifying a reduction in the appropriation to \$1,349,000, the same as the amount allotted last year.

Representative McArthur went before the river and harbor committee today and urged the appropriation of the full amount recommended in December and showed the importance of completing the jetty as speedily as possible. He also urged the appropriation of the full amount recommended for other projects along the Columbia and Willamette and for Tillamook, Coos Bay, Yaquina and Crescent City. He left the committee satisfied that Oregon's interest would be fully cared for in the bill, which is to be reported next Thursday.

Representative Humphrey, of Washington, a member of the committee, is jealously backing the Oregon members in their demands, and has requested that the committee appropriate for the mouth of the Columbia River every dollar which the engineers deem necessary.

HAVE COLOR IN YOUR CHEEKS
 Be Better Looking—Take Olive Tablets.

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study with his patients.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color.

If you want a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days, you must get at the cause.

Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—but have no dangerous after effects.

They start the bile and overcome constipation. That's why millions of boxes are sold annually at 10c and 25c per box. All druggists.

Take one or two nightly and note the pleasing results.
