DEMOCRAT CALLS Sore Teeth Foul Breath

Ex-Governor Hawley Asked to Run for Congress at Coming Primaries.

REPUBLICAN STIRS PARTY

Talk of Captain Davis' Charges of Mismanagement and of Possible Candidacy of Mr. Haines Holds Most of Party Interest.

BOISE, Idaho, Feb. 5.—(Special.)—Ex-Governor Hawley, Democrat, is being featured in political developments by his admirers who are seeking to have him enter the Congressional race at the primaries. Mr. Hawley is one of the best-known Democratic leaders in the state...

Democratic party leaders here say that there is a well-defined boom for John E. Nugent for Governor, only to be brought out in the open, however, in the event that Governor Alexander decides not to run. Mr. Nugent has been chairman of the state central committee. He has a strong personal following over the state.

State Committee Called. State Chairman Pence has issued a formal call for the state committee to convene here March 5 to set the agenda for the state convention. The only issue involved is how the delegates shall be selected to the state convention. The Democratic National platform calls for preferential primaries.

Revival of talk for E. H. Dewey as a Republican gubernatorial candidate has fostered the belief among many politicians that he will enter the race. South Idaho then will have three candidates, while the North has but two prospects.

The attacks of Captain E. G. Davis, also a Republican gubernatorial candidate, on past Republican Land Boards, has created not a little discussion and comment. Charges of favoritism in the making of state farm loans and lack of business methods were made.

Republicans Resent Charges. Many Republicans are inclined to resent the charge, especially in view of the fact, until but a few months ago Captain Davis held state office under Republican officials. He served as private secretary to Governor Haines and as Assistant Attorney-General.

One of the strong Republican papers in the southern part of the state, the Pocatello, makes this comment editorially on the captain's charge: "The process of going into this or that community and making untrue and untruthful charges against brother officials, institutions or individuals, long ago played out, and people desire the fact and figure in such instances, or they will estimate evasive generalities below par."

"The captain has enough good qualities to commend him to business without indulging in gross fiction." Talk of John M. Haines running for Governor has also been revived. Mr. Haines has received numerous letters asking him to seek vindication. He was defeated after one term by Governor Alexander. He was the only Republican on the state ticket who was beaten.

The question of candidates for Governor and other state offices will be the paramount one discussed at the coming Lincoln day banquet February 12. Thomas R. Hamer, of St. Anthony, has been selected as toastmaster.

Medicine Men to Meet in May. ROSEBURG, Or., Feb. 5.—(Special.)—Dr. A. C. Stealy, president of the Southern Oregon Medical Association, has announced that the next convention of the organization would be held at May. Banquets, business sessions and many entertainment features will help to keep the visiting physicians busy during their stay in this city.

Wage Increase Granted. SPOKANE, Wash., Feb. 5.—A wage increase of 2 cents an hour was granted today by the Washington Waterpower company to all employees working on streets operated by one man. A minimum of eight hours will be paid on all regular runs.

408 Enroll at Normal School. MONMOUTH, Or., Feb. 5.—(Special.)—The Oregon Normal School started its second semester with an enrollment of 408 students, which is 2 more than during the first semester, and 50 percent more than a year ago. The school graduated a class of 45 this mid-year. These graduates will return and graduate with the class in June.

WHAT DYSPEPTICS SHOULD EAT. Indigestion and practically all forms of stomach trouble, about nine times out of ten, are due to overeating. Therefore, stomach sufferers should, whenever possible, avoid eating food that is rich in fat, and to which chemical action in the stomach develops acidity. Unfortunately, such a rule eliminates most foods which are pleasant to the taste as well as those which are rich in blood, flesh and nerve building properties. This is not the reason why dyspeptics and stomach sufferers are usually so thin, emaciated and lacking in that vital energy which can only come from a well fed body. For the benefit of those sufferers who have been obliged to exclude from their diet all starchy, sweet or fatty food, and are trying to keep up a miserable existence on either fruit or vegetables, we suggest that you try a meal of any food or foods which you like, in moderate amount, taking Magnesia with it. A teaspoonful of Bisulphate Magnesia in a little hot or cold water, which will neutralize any excess acid which may be present, or which may be formed, and instead of the usual feeling of uneasiness, indigestion, or flatulence, you will find that your food agrees with you perfectly. There is nothing better than Bisulphate Magnesia for the cure of indigestion and stomach trouble. It has no direct action on the stomach, but by neutralizing the excess acid, it does more than and thus removing the source of the acid irritation which inflames the delicate stomach lining. It does more than could be possibly done by any drug or medicine that acts upon the stomach lining. It does more in doing so than medicines of various kinds should be taken whenever necessary but there is no sense in doing so when the stomach is inflamed and irritated stomach with drugs instead of getting rid of the cause. You can get a box of little Bisulphate Magnesia from your druggist, eat what you want at your meals, take some of the Bisulphate Magnesia, as directed above, and see if this isn't the best advice you ever had on the subject of eating.—Adv.

Mr. Went-And-Cut-It—Here's Mr. "Gets-It". The New Plan Corn Cure That's as Sure as the Rising Sun. "Glad to meet you" says the razor to the corn. "I'll bleed for you" says the razor to the razor. Razors and corns love each other. Corns love to be cut, picked, gouged, salved, plastered and jerked out.—they grow faster. Mr. and Mrs. Went-And-Cut-It realize it now.—the use of "Gets-It" instead—it's the wonderful, simple corn-cure that never fails. Stops pain. You apply it in 2 seconds, it dries at once, the corn is doomed. Nothing to stick to the stocking or press on the corn. It means good-night to plasters, salves, diggers, razors and toe-bundling. You can wear your corn "clean as a whistle." Never inflames healthy flesh. The world's biggest selling corn cure. "Gets-It" is sold by druggists everywhere. See a bottle, or sent direct by E. Lawrence & Co., Chicago, Ill. Stop the itching in Portland at all stores of The Owl Drug Co.

Why, O Why, Did I Do It? "Gets-It" for Me After This—If I Live! That most women are quick to appreciate anything that will enhance their attractiveness is shown by the greatly increased demand for liquid stimerine, since its remarkable hair curling properties became known. Druggists everywhere report large sales for this product. Women are enthusiastic over liquid stimerine, particularly because it enables them to acquire a curliness which is so beautifully natural in appearance, and not have to burn the life out of the hair with a hot iron, or use the old-fashioned curling dressings for the hair. The liquid is so agreeable to use, being neither gummy nor greasy, and it is so easy to apply with a clean tooth brush, as to be used by the most delicate. The result is so beautiful that the morning is most delightful. As it takes only a few minutes to produce the desired effect, a few ounces will last for weeks.—Adv.
