REBUILT

A SAFE USED TRUCK TO BUY.

FEDERAL TRUCKS.

In buying a rebuilt Federal you get as much value for your money as in any new truck you could buy. A rebuilt Federal means that it has been completely overhauled, every part critically examined, and, when necessary, replaced by a new one. It is painted and finished just like a new truck.

And remember this:

When you buy a rebuilt Federal you are protected by the same policy applied to all Federal owners. We operate a repair department manusd only by Federal experis—open night and day—with the most complete stock of parts in the Northwest.

Federal leadership is a byword in the trucking field. This "built-in" quality, backed by an organization capable—and willing to give you real service, is consequently
