

COOS CITIES PLAN BIG CELEBRATION

Road's Completion Means Much to Marshfield and North Bend Country.

DATE NOT SET FOR AFFAIR

When Automobiling Is Good and Trout Fishing Is at Its Height, Then Oregonians Will Be Guests of Coast Towns.

MARSHFIELD, Ore., Feb. 19.—The Marshfield and North Bend Chambers of Commerce have committees organized for the purpose of planning for the celebration of completion of the Willamette-Pacific Railway from Eugene to Coos Bay, but they have been unable and will not likely set the date for some time, as the Southern Pacific officials are still hesitant about finding a time for the road to be finished.

Celebration to Extend Days. The celebration will be extended over several days, since persons coming the distances between here and Portland will not wish to turn about and leave as soon as they get here.

One of the most important delegations that will be expected here are the Portland folks, many of whom have often looked forward to a trip to Coos Bay, but because of inadequate transportation service, were unable to come in any large numbers.

Excursions will be arranged to the beaches, the lakes, rivers and mountains. Automobiles will be had to interesting points. Many will wish to see points in the Coquille Valley, and special trains will be arranged to accommodate them.

Trout Fishing Quizzes Good. The season probably will be the finest portion of the automobiling of the summer and there are a dozen resorts at which people can get to the mountain streams for trout fishing.

The committees will arrange for amusements in the cities, taking various forms, including parades and music. A general carnival of good cheer will prevail and every one who comes will go away with a feeling that the opening of a new territory to connect the interior is going to be an important era in the relations of Western Oregon.

COMMERCIAL CLUB GROWS

Wenatchee Has Chance to Obtain Junior High School.

WENATCHEE, Wash., Feb. 19.—(Special.)—The Commercial Club now has 226 regular members and 54 rural members. This does not include applications that have been received over the telephone. The campaign will continue until the arbitrary mark is obtained.

Wenatchee has an opportunity to procure a junior university if the plan suggested by the University of Washington is carried out, according to G. E. Brown, superintendent of city schools. The establishment of a junior university would mean six years in the high school, the last two years of work corresponding to the work of the freshman and sophomore classes in college, with lessened cost to the taxpayers.

PORTLAND GIRL CHOSEN

Miss Elsie Lee Has Leading Role in California University Play.

UNIVERSITY OF CALIFORNIA, Berkeley, Feb. 19.—(Special.)—Miss Elsie Lee, of Portland, Ore., has been chosen as leading woman for the senior extravaganza "Absent on Leave," to be given here this Spring. Miss Claire Tucker, of Gold Hill, Ore., also has a part.

W. S. Rainey will be the leading man. Both he and Miss Lee have appeared often in college dramas. Miss Lee took part in the Junior farce and the "Leah Klechka" productions. Rainey has been seen in countless plays during his college career, appearing last fall in the English Club's production of "Fruella."

DOE TO FIGHT FISHING CHARGE

ROSEBURG, Ore., Feb. 19.—(Special.)—Caught in the act of emptying their nets, which had been set within a short distance of the dam in the Umpqua River, near Roseburg, Charles Matthews and Frank Standiff were arrested here today. Both men have employed counsel and will contest the charge preferred against them.

CAMAS PAPER MILL EMPLOYEES DISPLAY KEEN RIVALRY IN STYLE OF WHISKERS.

A Quartet of Bearded Faces at Crown Willamette Plant. Upper (Left)—L. Spicer, (Right) E. Henderman; Lower (Left)—V. B. Anderson, (Right) Frank Campbell.

WATER SYSTEM WORK ON

RIDGEFIELD BUSY ESTABLISHING PUMPING STATION.

Wood Stave Pipe Will Prevail Except Where Steel Is Necessary—Engine Will Be Powerful.

RIDGEFIELD, Wash., Feb. 19.—(Special.)—Construction work on the pumping main of the new municipal water system is in full swing. The main will be about a quarter of a mile long and will extend from the pumping plant to the reservoir on Keith's Hill, southeast of the city.

The pumping plant includes a 58-inch single-acting triplex pump with double gears, tight and loose pulleys, and designed to operate under a pressure of 150 pounds. It will have a pumping capacity of 120 gallons a minute. The engine that will operate the pump will be of 18 horsepower.

RAYMOND AWAITS LOGS

THREE MILLS ARE PREPARING TO RESUME OPERATIONS.

Shingle Factories Are Running Full Time and Timber Is in Big Demand.

RAYMOND, Wash., Feb. 19.—(Special.)—That a period of prosperity is dawning in this city was made evident. A large crew of millwrights is at work in each of the three mills in this city, the Hart-Wood mill, the Quinault mill, and the Cram mill, putting them in condition for operation at an early date.

The Quinault mill will be the first to start, the first carload of logs arriving this week, and the plant is expected to start up next week. The Cram mill will be running as soon as logs can be obtained, while the Hart-Wood mill, which is being practically rebuilt, will be ready to operate not later than April 1.

Never before in the history of Pacific County has there been the activity in the woods as at present. The big P. & E. camp on Mill Creek is increasing its capacity as fast as men can be put to work, and in many parts of the county other camps are starting up. The shingle mills here are all operating full time.

Coats chingle mill will have three new machines installed in the near future.

Secret of Longevity of Indian Is Out.

Fear of Pauper's Grave, Under Present Treatment by Government, Suggested by Mr. Mann as Reason Why Quinaults Do Not Die.

OREGONIAN NEWS BUREAU, Washington, Feb. 19.—Representative Johnson, of Washington, in the course of the debate on the Indian appropriation bill was condemning the policy of the Government toward its Indian Bureau for its refusal to permit the Indians of the Quinault Reservation to sell their timber and thus raise funds ample to keep them in comfort, if not in luxury.

know Indians out there who are thought to be 120 years old. Last Sunday I met Old Deat George, about 124 years old, and his wife, Aunt Patty, about 109 years old. Both of them are owners of timber lands, but are so poor that they had to move 50 miles to live with their nephew, who is 95, a chief owning timber worth \$300,000 or \$400,000, but who has not a nickel to his name.

Representative Mann, who had been listening to the appeal on behalf of the poor but rich old Indians, could hold back no longer. "I have been wondering," he said, "whether, if we could get them to live to be 120 years old by starving them, it would not be advisable to adopt a similar system applicable to ourselves. If you can get a man to live so much longer by starving him than by feeding him, what complaint has he got?"

"Yes," answered Mr. Johnson, "but the Indian has the fear of going to a pauper's grave."

"Maybe," replied Mr. Mann, "that is the reason why he stays alive so long."

HOOD RIVER MEN OUT

J. P. LUCAS REPUBLICAN CANDIDATE FOR SENATORSHIP.

Opposition to Judge Bradshaw Falls to Materialize—County Attorneyship Is Desired.

HOOD RIVER, Ore., Feb. 19.—(Special.)—Local district politics are beginning to assume some definite shape for the coming primaries. As a result of a conference held at Hood River, the Dalles yesterday J. P. Lucas, formerly local postmaster, has announced his candidacy on the Republican ticket for the joint Senatorship from Hood River and Wasco counties.

Mr. Lucas formerly resided at The Dalles, having been Register of the United States Land Office there for a term of years. A. P. Reed, local attorney, rumored as an aspirant to the office of Circuit Judge for Hood River and Wasco counties, now filled by Judge W. L. Bradshaw, who will be a candidate on the Democratic ticket to succeed himself, declaring that he will not be a candidate. Judge Bradshaw has been the official party of the Dalles.

Both Ernest C. Smith and John Baker, attorneys of this city, have been mentioned as Republican candidates for the County Attorneyship, of which Judge A. J. Derby, Democrat, is incumbent. Mr. Baker says that he will be a candidate. Mr. Smith, however, is undecided. Judge Derby has made no announcement as to his plans of an intention to succeed himself.

ARMY LECTURES POPULAR

Larger Quarters Are Obtained for Vancouver Sessions.

VANCOUVER, Wash., Feb. 19.—(Special.)—So large was the attendance at the lecture given by Lieutenant-Colonel David J. Baker, Jr., of the Twenty-first Infantry, recently that the Rex Theater has been obtained for the next lecture, to be given Thursday night.

Major James W. Dean, of the Twenty-first Infantry, will lecture on "Military History," and this will be followed by other lectures by Army officers. There is a probability that these lectures will be given in Portland, and a movement to that end has already been started.

Hood River Firemen Elect.

HOOD RIVER, Ore., Feb. 19.—(Special.)—The Hood River volunteer fire department has elected officers for the year as follows: Hubbard Taylor, president; A. D. Dabney, vice-president; Walter Ford, secretary; re-elected; treasurer, R. B. Perigo, re-elected; L. G. Morgan, chief; E. M. Holman, assistant chief; R. B. Perigo, foreman of Hose Company No. 1; Earl Farns, assistant; W. J. A. Baker, foreman of Hose Company No. 2; Walter Ford, assistant; J. E. Volstorff, foreman of Hose Company No. 3; Hubbard Taylor, assistant; Walter Shaw, foreman of Hook and ladder company; William M. Bailey, assistant.

IDAHO DEMOCRATS TO OPE BIG FIGHT

Jerome Day, of Moscow, Out for National Committeeman Opposing R. H. Elder.

GOVERNOR IS ON FENCE

Opposition to J. T. Spence, Chairman of State Committee, Also Predicted With Arthur M. Bowen His Opponent.

BOISE, Idaho, Feb. 19.—State Senator Jerome J. Day, of Moscow, has announced his candidacy for Democratic National Committeeman in opposition to Robert H. Elder, present National Committeeman.

There is a fight on also to procure a preferential primary choice for delegate to the State Convention which it is generally understood J. T. Spence, chairman of the State Committee, and others with him are opposed to, on the ground that it is almost impossible because of the isolated counties and places for voting in many of them.

The fight for National Committeeman Elder promises to be one of the most strenuous since the days of Dubois, when the party was split in twain on the Mormon issue. The chief lieutenant of Senator Day and the man on the job conducting his campaign is Senator Ravenel Macbeth, of Custer County. It is an open secret that after the fight for National Committeeman is over there will be as strenuous a campaign to land Arthur M. Bowen, of Twin Falls, as State Committeeman to succeed J. T. Spence.

In making his announcement as a candidate for National Committeeman Senator Day, who is worth a fortune by his home, has made a "hit a drill" underground in the mines of the Coeur d'Alenes in the early days, brings squarely before Democrats the issue of a preferential primary. T. W. Greenburg, a newspaper man of Moscow, and Colonel on Governor Alexander's staff as his special aide during the Cello Canal opening, a close friend of Senator Day, wrote a letter asking for information as to his attitude with regard to National Committeeman and a preferential primary to elect delegates to the State Convention, the date for which will be set when the Democratic State Committee meets here at the call of the chairman, March 6.

Senator Day's reply brought forth the announcement of his candidacy. The Elder-Day contest places not a few Democrats in a peculiar position including Governor Alexander, who is being urged to run for re-election by both Elder and Day supporters. It is quite evident from indications the Governor will remain quietly on the fence in an attitude of "wait and wait," having friends on both sides.

PIONEER OF 1843 IS DEAD

James Henry Doty, of Creswell, Is Survived by Eight Children.

NEWPORT, Ore., Feb. 19.—(Special.)—James Henry Doty, who was born at Quincy, Ill., July 30, 1843, died at Creswell, Ore., Wednesday, Feb. 19, 1916. He crossed the plains in 1864 with his parents when he was only 11 years of age. They settled at Coia, Ore., near Salem.

He enlisted in the Civil War at the age of 18 years and served three years, when he was honorably discharged at Fort Ord, Calif. He married Miss Lucy Harriet Mitchell in 1870. He is survived by six sons: John P. Doty, Point Arena, Calif.; Ray Doty, Creswell, Ore.; William H. Doty, Waldport, Ore.; Leroy Lawrence Doty, South Beach, Ore.; Henry Clarence Doty, South Beach, Ore.; and Grover Doty, Waldport, Ore.

KLAMATH TO VIEW BABIES

Woman's Club Is Preparing for Show Next Month.

KLAMATH FALLS, Ore., Feb. 19.—(Special.)—The "Babies" show, which is to be held in the United States is to be fittingly observed in Klamath Falls. The matter is in the hands of the civic department of the city.

All babies which are presented will be judged by local physicians and nurses who have volunteered to act as judges. Lectures, demonstrations in caring for children and the discussion of topics of interest to mothers will be held in connection with the exhibit.

Douglas Returns Indictments.

ROSEBURG, Ore., Feb. 19.—(Special.)—The Douglas County grand jury today returned indictments against William Plaman, accused of arson; near the city of Roseburg, and James Byrd, charged with gambling. Not true bills were returned against Joe Richards, arrested on a charge of burglary, and Herbert Henry, accused of arson. Henry, a printer, was surrendered to the Portland officers some time ago. The officers are of the opinion that Henry was made the tool of persons in burning the plant of the North Douglas Herald a few weeks ago. Sheriff Guine says Richards was turned over to the officers at Vancouver, he is said to have been in trouble prior to coming to Roseburg.

O. A. C. Gets California Graduate.

OREGON AGRICULTURAL COLLEGE, Corvallis, Feb. 19.—(Special.)—Miss Charlotte N. Hurd, who recently received the degree of master of arts from the University of California, has arrived at the Oregon Agricultural College to take up work this semester as instructor in anatomy, physiology and hygiene. Miss Hurd also did her undergraduate work at the University of California. She will fill the position left vacant by the resignation of Mrs. Cole-Sykes.

Jacob Rueck Latest Aspirant.

KLAMATH FALLS, Ore., Feb. 19.—(Special.)—The latest aspirant for nomination at the Klamath County primaries is Jacob Rueck. He seeks the Republican candidacy for County Commissioner. He is a prominent resident of the Bonanza-Dairy country east of this city and for the past year has served as the head of the Horseyville Irrigation District affairs. Mr. Rueck will be opposed by H. L. Tower, of Keno, who announced his candidacy several days ago.

CANNERY REPORT MADE

LEWIS COUNTY ASSOCIATION HOLDS MEETING AT CHEHALIS.

CHEHALIS, Wash., Feb. 19.—(Special.)—The total volume of the receipts of the Lewis County Canning Association for the year ending December 31 was \$27,342, according to the report of the president, Dan W. Bush, at the annual meeting of the stockholders held Wednesday. Of this sum \$12,670.83 was paid in on stock and bonds at a total of 924 shares subscribed for at \$25 each. There are 632 subscribers to the stock.

Last Summer a fruit and vegetable canning plant was built at Chehalis, the cost being a little upward of \$10,000. Although the plant started operations late, the output for the season was reported to be approximately \$12,000.

At yesterday's meeting the entire board of nine trustees gave a vote of confidence and will hold office for the coming year. The board is composed of well-known farmers and Chehalis business men, as follows: J. T. Alexander, H. W. A. Tramm and E. M. Donahoe, of Chehalis; Charles Gessell, of Forest; C. E. Leonard, of Winlock; L. J. Sticklin, T. C. Rush, J. A. Irquhart and Dan W. Bush, of Chehalis. Mr. Bush is president and manager of the association, Mr. Irquhart secretary-treasurer, Mr. Gessell vice-president.

People were present at yesterday's meeting from all parts of Lewis County where stock is held and the gathering was harmonious in every way.

GASCARETS SELL TWENTY MILLION BOXES PER YEAR

Best, Safest Cathartic for Liver and Bowels, and People Know It.

They're Fine! Don't Stay Bilious, Sick, Headachy or Constipated.

Proposed to be Laid Before University Faculty.

Consensus of Opinion at Oregon Is in Favor of Adoption of New System.

UNIVERSITY OF OREGON, Eugene, Feb. 19.—(Special.)—A formal statement has been issued by President Campbell announcing that definite steps would be taken to present to the faculty of the university a proposition for the adoption of a simplified spelling system. This follows closely on the address given by Dr. George H. Tanton, of Reed College, Portland, to an assembly of university students. In the address he gave arguments favoring the adoption of the new mode.

An enrollment census of all voting faculty members was taken by the Emergent, the student body publication. Twelve members are actually in favor of the movement and would vote for its adoption in the university, seven are opposed, two favor a partial adoption and four are for gradual adoption. This means that 18 voting members are inclined toward the new idea and that their vote as a solid body would carry the proposition and put the University of Oregon on a same basis with Reed College, of Portland.

The saving in time by the new system appealed to the commerce school professors.

Horse Poisoning Laid to Two.

KLAMATH FALLS, Ore., Feb. 19.—(Special.)—John Cherenokoff and Mike Pudoff, two members of the Russian colony in the basin south of this city, Tuesday night were arrested here, charged with putting poison in the watering trough on the Charles Egan-

off ranch, causing the death of three horses.

P. WATSON VANCOUVER BOY Victim of Drowning Accident Graduate of O. A. C.

VANCOUVER, Wash., Feb. 20.—(Special.)—Paul Watson, of Battleground, Wash., who was drowned in the Lewis River February 7 and whose body was not recovered until 11 days later, was born in this city. At the time of his death he was 24 years of age. He was a graduate from the Oregon Agricultural College in June, 1912, from the department of civil engineering.

Mr. Watson was drowned while crossing the Lewis River on his way coon hunting with two other men. The boat capsized and Mr. Watson was drowned, the other occupants of the boat escaping. He is survived by his parents, one sister and three brothers.

G. W. Henderson, Klamath, Dies

KLAMATH FALLS, Ore., Feb. 19.—(Special.)—George W. Henderson, of this city, died Wednesday after a short illness. Mr. Henderson was 62 years of age, and was a native of Indiana. He had long been in the mercantile business, and for 26 years conducted a store

at Ellis, Kan. He is survived by a widow here and a daughter at Ellis, Kan. Interment will be in Kansas.

The cotton waste of Lancashire, England, has an annual value of \$75,000,000.

SAYS HOT WATER EACH DAY KEEPS THE DOCTOR AWAY

Drink glass of hot water before breakfast to wash out the poisons.

Life is not merely to live, but to live well, eat well, digest well, work well, sleep well, look well. What a glorious condition to attain, and yet how very easy it is if one will only accept the morning inside bath.

Folks who are accustomed to feel dull and heavy when they arise, splitting headache, stuffy from a cold, food lingering, many troubles, acid stomach, can, instead, feel as fresh as a daisy by opening the sluices of the system each morning and flushing out the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, sour bile and poisonous toxins, gives one a splendid appetite for breakfast. While you are enjoying your breakfast the water and phosphate is quietly but thoroughly flushing out the system from blood and getting ready for a thorough flushing of all the inside organs.

The millions of people who are bothered with constipation, bilious spells, stomach trouble, rheumatism; others who have yellow skins, blood disorders and aibly complexion are urged to get a quarter pound of limestone phosphate from the drug store which will cost very little, but is sufficient to make anyone a pronounced person on the subject of internal sanitation.—Adv.

STOMACH UPSET? Get at the Real Cause—Take Dr. Edwards' Olive Tablets.

That's what thousand of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles.

If you have a bad taste in your mouth, tongue coated, appetite poor, don't care feeling, no ambition or energy, troubled with indigestion, food you should take Olive Tablets, a substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without any of the usual effects of calomel. Take one or two at bedtime for quick relief, or you can eat what you like. At 10¢ and the per box. All druggists.

The Olive Tablet Company, Columbus, O.—Adv.
