PYTHIANS TO MEET HERE ON AUGUST

Entertainment Features Are Being Arranged for Big Gathering.

MILITARY BALL TO BE HELD

Lodge Representatives From AH Over United States and Canada Will Attend-Convention Won by City With Difficulty.

Ten of the biggest days in Portland during the Summer of 1916 are already utlined, according to statements of Portland members of the Knights of Pythias, who are planning for the entertainment of the Supreme Lodge of World of that order and the visit of the delegates to the Supreme Tem-

ple of the Pythian Sisters.

Thousands of distinguished men and women from every state in the Union and Canada will gather in Portland for the meeting, which opens August 1 and closes August 10. In addition to representatives of the two supreme law-making bodies, the event will attract members of the Pythian fraternity from all of the states west of the Rocky Mountains, particularly from Washington Oregon and California.

The programme of entertainment will include clam bakes en the beaches of the state, tours of the Columbia River Highway, carnivals at the Oaks and Council Creat, a military ball under the direction of the Uniformed Rank of the Knights of Pythiax, parades, and many other interesting events.

"It was some task to bring the meeting of the supreme lodge to the most extreme western part of the United States," said Mr. Moser, who bore the invitation to the last convention.

"In the minds of many of the representatives who voted on the question, the long journey to the Northwest and their lack of knowledge of our cities and states seemed sufficient reason for not accepting our hospitality.

"The way Portland entertained the Elike made the city talked of everywhere. This meeting is of equal importance, except in numbers. We do not expect so many people, but there

While the supreme lodge is in session, the grand lodge of Washington will hold its annual convention at Vancouver, and the Oregon grand lodge will be held in Portland.

All of the uniformed-rank companies of Washington and Oregon, with some from California, will be encamped in Portland during the convention.

Keeping a saloon under the new pro-ibition law is not the most profitable

remodeled into establishments for other kinds of business.

Of the 31 saloons that are still attempting to do business not one was found which was a decided success. Some were found to be running at a small profit, but the large majority of them were simply taking in enough to exist. "We're just managing to keep above water with the hope that better times will bring in more money," was the usual answer which the student investigators received.

Lack of numerical patronage is not

Lack of numerical patronage is not the cause of the financial slump for the the cause of the financial slump for the saloons, the young sociologists say. There are just as many men to be found in any of the old Burnside "hangouts" as before the prohibition law went into effect, but they don't spend as much. In answer to the question, "Why don't you drink more of the tempersnee beverages?" the men would answer, "We don't drink for the taste, It's the effects. Real whisky makes a man feel like a millionaire and forget all his troubles, but you can't get the effects from near beer."
