

PRINCIPAL SPEAKERS AT SOCIAL AGENCIES' CONFERENCE AT REED COLLEGE THIS WEEK

HEALTH TO BE TOPIC

Oregon Social Agencies to Confer at Reed May 12.

PROMINENT MEN TO SPEAK

Problem of Insurance Will Be Considered at Sessions—Law in Use in England Praised Highly by Dr. Ogburn.

State health insurance will be one big topic around which the interest of Oregon's social workers will center at the coming Oregon State Conference of Social Agencies, to be held at Reed College on May 12, 13 and 14.

This will be the first time that the problem of health insurance has been brought to the attention of Oregon voters and every effort is being made to obtain speakers who will adequately represent all phases of the question.

Walter G. Beach Will Speak. The social cost of sickness will be dealt with by Walter G. Beach, professor of social science at the University of Washington.

England's Law is Praised. "England has an excellent health insurance law. The American Association for Labor Legislation, a powerful organization with headquarters in Philadelphia, is behind the movement.

INJURIES INDICATE BOOM

Industrial Casualties Show Washington Business Revival.

SEATTLE, Wash., May 5.—Fifty-one men were killed and 3299 injured in the logging camps, lumber mills and factories of Washington during March and April, this year, according to figures compiled today by the State Industrial Insurance Commission.

HOSPITAL POINT AT ISSUE

Council to Trench Out Question of Permitting Sanitariums.

An ordinance permitting the establishment of tuberculosis hospitals in the city is to come before the City Council Wednesday. The ordinance, which is aimed to repeal the present ordinance prohibiting the sanitariums in the city, has been completed by a committee of physicians, and has been approved as to form by City Attorney LaRoche.

Railroad Work Ordered

WENATCHEE, Wash., May 6.—(Special.)—The Great Northern Railway will double track its line between Wenatchee and Leavenworth this Summer. It is understood that the contract for the construction work has been awarded to A. Guthrie & Co., of Portland.

WASHOUGAL RESIDENT WHO RECENTLY CELEBRATED HIS NINETIETH BIRTHDAY AND HIS ONLY GRANDCHILD.

Fritz Braun, Sr., and Thelma Cheabram. Fritz Braun, Sr., former resident of Portland, who has made his home at Washougal, Wash., for the past 26 years, celebrated his 90th birthday at the home of his daughter, Mrs. Frankie Cheabram, at Washougal on April 4. Mr. Braun's wife died 26 years ago, and he lived alone until six months ago, since which time he has made his home with his daughter. Besides his daughter, he has one son, Fritz Braun, Jr., now of Minneapolis.

BIG TRADE FORECAST

Mr. Woodward Indorses Work Done by Chamber.

NEED OF FACTORIES CITED

Railroad Development, Attention to Own Resources and Attraction of Eastern Capital to Portland Recommended.

After surveying the Portland business field, viewing its present condition and taking a look at the future, William F. Woodward yesterday declared that business in this city was not only all right and headed up the grade, but that the future gave promise of bigger and better things.

Lumber Industry Revived. "Our lumber industry has received a new lease of life," said Mr. Woodward. "It is our great industry, and now that the period of depression is passed, we can look for a long period of prosperity. And the influence of this activity is sure to extend to every other line of business. Especially is that true of shipbuilding.

MID-YEAR MODEL 257 CARS IN ONE

Mitchell \$1325 F. O. B. RACINE With 127-inch Wheelbase

26 Extra Features

All Paid for Through 10,000 Factory Savings Made Possible by John W. Bate—The Efficiency Expert

In this Mid-Year Mitchell we have many new things to show you. All the best ideas which were brought out in 257 New York Show models. And 26 extras, unique to the Mitchell. Don't miss this car.

John W. Bate Pays for All of Them

These extras don't show in the price of the Mitchell. In fact, no other car of this size and grade sells at the Mitchell price. All of these extras are paid for by factory savings. And those savings are due to John W. Bate, the efficiency expert.

Mr. Bate built this plant, covering 45 acres. He equipped it with 2092 modern machines. He builds in this plant 98 per cent of this car, under Bate efficiency methods.

He builds it for half what it would have cost, even five years ago. He builds it for less than any other factory could build a similar car. And for 20 per cent less than any factory which buys a large share of its parts.

This is the model factory of America building high-grade cars. John W. Bate has worked out 10,000 savings. That is the reason for all these Mitchell extras.

This is the only car with Bate Cantilever springs, which double the ease of riding.

This is the car which 37 noted engineers have selected for their personal car. This is the car which holds the world's road endurance record. Six Mitchell cars have averaged 164,372 miles each—an average 30-year service.

Every motor car enthusiast should come and inspect this car.

The construction of the chassis in the Mitchell is uniform. We have spent 13 years in developing it. And we cannot hope to greatly improve it.

But a hundred designers—experts and artists—are evolving new ideas in body and equipment. And our chief effort is to keep ahead of the rest.

Our Composite Car

This year we took a new tack. We brought out this Mid-Year model—our second for 1916.

We held its completion until after the New York Show. There we saw all the new ideas and touches. And we learned what people liked best.

Then we combined in this new model 73 things that folks wanted. Of these, 26 are unique to the Mitchell—either exclusive or very rare.

So you will find this New Mitchell, in scores of ways, the most interesting car on the market.

The Prize Design

This body design stood out first at the Show. It was voted by women—and by

men—the handsomest touring model ever created.

Body styles are like women's styles. The designer's favorite is often unpopular. The only way to get a winner is to take a vote—as we did.

As a result of that vote—covering 257 models—we have a design which all will concede first place among cars of this season.

So with every new idea and equipment. They are not merely our conceptions. They are all what people liked best at the Shows.

Exclusive Extras

Then this Mitchell includes 26 extra features—things other cars don't offer.

All are wanted—all are things you'd miss. But they are costly and unusual. So most makers ignore them, or else list them as extras.

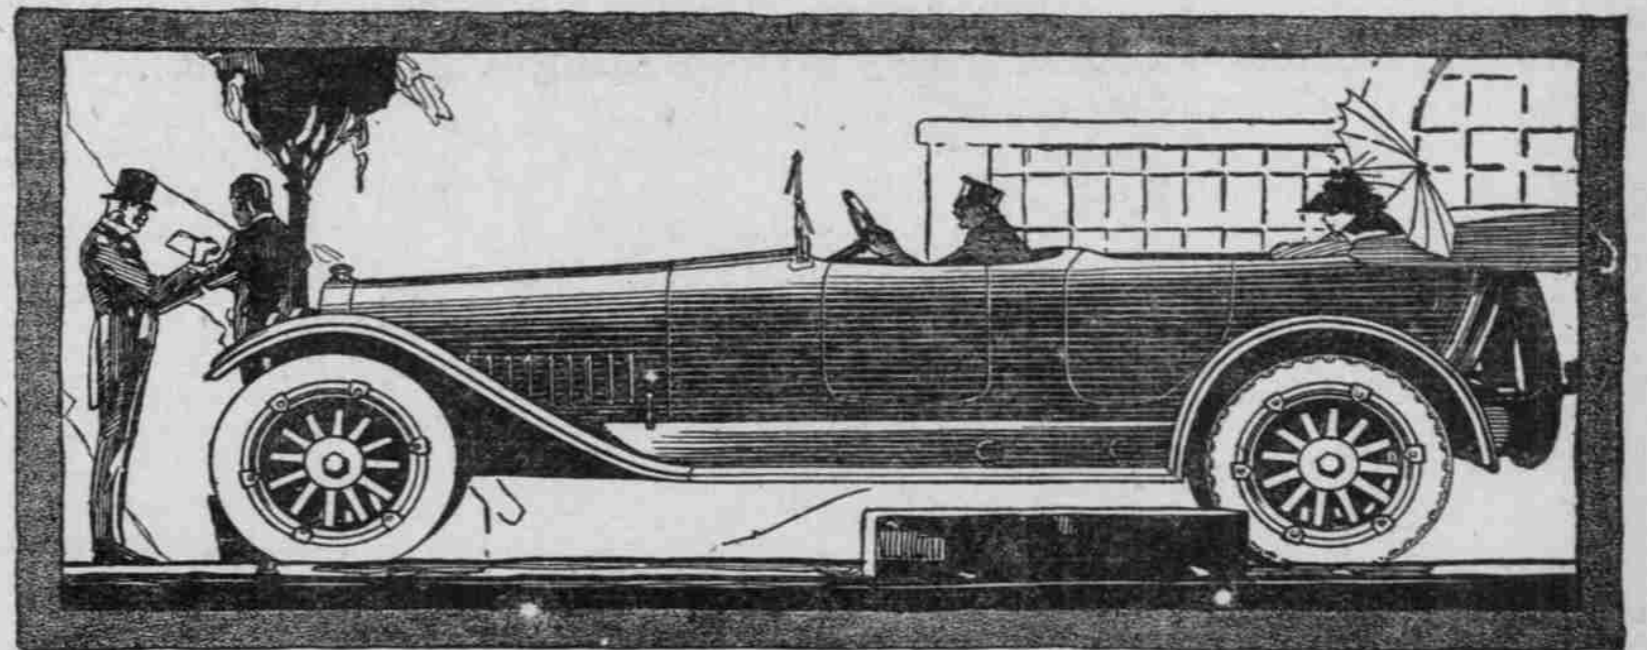

We believe that fine cars of this day should embody all known comforts and conveniences. So we add all we learn of or invent.

We will let you decide, when we point out these extras, if you would wish any left out.

Mitchell-Lewis Motor Co. Racine, Wis., U.S.A.

MITCHELL, LEWIS & STAVER CO. East Morrison and First Sts. Portland, Oregon Phone East 7272

Advertisement for Mitchell-Lewis Motor Co. car, featuring a price of \$1325 and a list of features.

Will be no cause of regret along these lines at the end of the year.

Use of Resources Urged.

"But there are certain types of manufacturing which we cannot absorb and make profitable. We must stick close to our resources of raw material, and a wise discrimination is necessary. Indeed, there is no occasion for discouragement anywhere along the line. Portland is doing well, and will be doing better right along.

In memory I turn back to the activities of every commercial organization of the past. Through all the years there has been steady progress, due to the unselfish support by every class of citizen that has been given whenever a forward step has been contemplated.

There have been years when progress was slow, but there has never been a serious setback. There have been many disappointments, too, when we failed to realize on a carefully prepared campaign. But on the whole there has been little justification for sarcasm, skepticism or criticism.

Co-operation Declared Need. HIGH COST OF FUEL SOLVED

MANNING KEROSENE OIL-GAS PRODUCING BURNER generates gas from Kerosene Oil, can be fitted in any stove, range or heater, water heater, coffee urn, candy furnace, or, in fact, any place that a good heat is required, without alteration of any of these appliances. Noiseless, Smokeless, Odorless DAILY DEMONSTRATION COUNTY AGENTS WANTED EXCLUSIVE TERRITORY NOW ON SALE H. W. MANNING LIGHTING AND SUPPLY CO. 63 and 63 1/2 Sixth St., Portland, Or.

Eastern capital to Portland and to Oregon if given sane encouragement and the protection it has a right to expect. When working here in joint effort with our local capital, nothing but progress will be recorded.

To do these things the sensible machine to use is the Chamber of Commerce, and to the extent of his ability every citizen should throw his effort into that one avenue for securing results.

Range Grass and Fruit Are Fine.

COVE, Or., May 6.—(Special.)—Excellent prospects are reported for a bumper cherry crop this season. Un-

touching by frost as yet, the trees are heavily laden with blossoms in Cove and adjacent country. Two weeks later will determine the yield. Fruit promise generally is equally good. Grass on the range is fully a month in advance of this time last year.

Church Benefit Planned.

Mrs. Edythe Bristol Graham will contribute a series of readings at the Bible school benefit for the First Christian Church Wednesday night, May 10, when a programme including several children's plays and specialties will be given in the church parlors.

The proceeds from the entertainment will be used to buy some books. There will be orchestral music also. The tickets are in the hands of various members of the Bible school.

THE FRENCH BAKERY CO. 407 6th St. Phone M. 5913. The only French bakery in the city that makes the genuine French Bread. We cater to hotel, restaurant, club and family trade. J. MAYLIE, Mgr.
