

2 KILLED IN AUTO RACE AT NEW YORK

Carl Limberg and R. P. Pallotti Meet Death When Car Dashes Into Rail.

MRS. LIMBERG SEES CRASH

Vicer's Wife Knows Husband Is in Accident Only When His Machine Fails to Appear at Stand.

NEW YORK, May 13.—Carl Limberg, an automobile racer, and R. Pallotti, his mechanic, leading the field in the 15th lap of the 150-mile race for the Metropolitan trophy, were killed when their machine crashed into a guard rail on the Sheephead Bay track this afternoon.

Limberg, who had been taking the turns near the top of the high saucer track, apparently lost control of his car while rounding the bend at a speed of more than 100 miles an hour. Both men were catapulted 100 feet over the rail and crashed to the ground about 50 feet below. The driver was impaled on an upright piece of timber and was killed instantly. Pallotti died on the way to the Coney Island Hospital.

The machine, one of three French cars imported for the race by Harry S. Harkness, crumpled under the impact and burst into flames. The blazing car clung to the rail as the other drivers flashed past without slackening speed, ignorant of the fate of their fellow racer. A flash of flame and a cloud of black smoke had happened, but as it occurred at the far turn of the two-mile saucer few realized that it marked a tragedy.

Limberg's wife was in the grandstand. As the other cars dashed by she missed her husband's machine and realized that he was the victim of the accident. An attendant escorted her from the stand, and an automobile carried her to the hospital, as she was told Limberg had been taken there. Not until she reached there did she learn that he was dead. Few of those in the stands knew until the race was nearly over that two men had lost their lives.

Rickenbacker Easy Victor. Eddie Rickenbacker was an easy winner of the trophy in one hour 21 minutes and 31 seconds, an average of 56.33 miles an hour for the 150 miles. Jules Devisne finished second, and Iri Van third.

After the accident Dario Resta forged ahead and led until the 14th mile when a trouble forced him to quit. Ralph Mulford led in some of the early laps but was forced to quit by trouble with his engine. A new world's record was established in the 50-mile race by Johnny Aiken, who won this event in 11 minutes 16 seconds.

Limberg was a long-distance runner and a bicycle and motorcycle racer before automobile racing became popular. He came to New York from San Jose, Cal., eight years ago as an amateur bicycle racer and later became a professional.

For several years he was the team mate of Harry Grant, the automobile racer who was fatally burned when his machine took fire on the same track last fall, a few days before the Astor cup race.

GIRL TESTIFIES IN VAIN

HUGO HEISE, FIREMAN, IS FREED OF CHARGES BY MARIE HODGES.

Sealed Verdict Not Opened Until After Jury Considering Similar Case Has Returned.

Hugo Heise, a Portland fireman charged with contributing to the delinquency of a minor girl, was freed, and Louis Benefiel, another fireman charged with the same crime, put his liberty into the hands of a jury, in the court of Circuit Judge Morrow yesterday. In the latter case it was stipulated that a sealed verdict would be returned, to be opened Monday.

Heise is stationed at the firehouse at East Thirty-fifth and Belmont streets and was accused by Marie Hodges, aged 14.

The Hodges girl was the complaining witness against Benefiel at the trial yesterday. The verdict of the jury in the Heise case was not opened until after the jury in the second case

had retired, owing to the similarity of the cases. Benefiel is a fireman at engine-house No. 7, East Third and Pine streets.

From a legal standpoint, you cannot refuse to answer the question asked you by the prosecutor, Mr. Stevens, Judge Morrow told him. "The only persons the law does not require to divulge what might be told them in confidence are lawyers in whom clients have confided, doctors in whom patients place confidence, and clergy who have heard confessions."

Deputy District Attorney Collier did not press the issue, and excused the witness without exercising his prerogative of making Mr. Stevens testify.

GIRL ACCEPTS \$12,500

SEATTLE WIFE OF 19 WINS VERDICT AGAINST FATHER-IN-LAW.

Jury Awards Her \$25,000 but Judge Offers Half—She Takes It and New Trial Is Denied.

SEATTLE, Wash., May 13.—(Special.)—Twelve thousand five hundred dollars in real money is better than a gamble that might win \$25,000 or nothing.

Mrs. Carola B. Jones, the 19-year-old wife of Thomas C. Jones, who obtained a verdict for \$25,000 against her father-in-law, Thomas E. Jones, a wealthy Seattle contractor, so decided in the Superior Court today.

Judge Frazer offered to give her a judgment for \$12,500, or grant a new trial. He gave her five days in which to decide. The five days will not be up until Monday.

Mrs. Jones was married to Thomas C. Jones in October, 1914. One child, a girl, was born to them. In her testimony in court she said that on her wedding day the father-in-law took his son home and he has endeavored to have them divorced.

She sued him for alienating his son from her and asked judgment for \$25,000. The jury, after deliberating a short time, gave her judgment for the full amount asked.

Mr. Jones' attorneys asked that a new trial be granted, on the ground that the judgment was excessive. Judge Frazer denied the motion for a new trial when Mrs. Jones decided to accept the reduced verdict.

INDIAN MAID SUES WHITE

DAMAGES OF \$2000 ARE ASKED FOR BREACH OF PROMISE.

Attorney for Washington Woman Argues That There Is No Law Against Marrying Red.

HOQUIAM, Wash., May 12.—(Special.)—In the suit of Cora Benn against George Mitchell, this county has its first complaint of this kind of an Indian suing a white man, and it is believed here it is the first of the kind in the state. Both are residents of the east end of the county.

The woman in her complaint, filed some days ago at Montesano, alleged breach of promise to marry and asked damages of \$2000 from Mitchell.

In the argument before the Superior Court at Montesano today the attorney for the defendant emphasized the point that the plaintiff is "a full-blooded Sioux."

The woman's attorney called attention to the fact there is no law against white man marrying Indian.

170 INDIANS ARE CITIZENS

Secretary Lane Confers Papers and Title to 30,000 Acres.

GREENWOOD INDIAN AGENCY, S. D., May 12.—Franklin K. Lane, Secretary of the Interior, today granted full citizenship rights to 170 residents of the Yankton Sioux reservation.

Mr. Lane made an address in which he urged upon the redmen the full measure of responsibility which has been imposed on them.

Title to 30,000 acres of land, which has been held in trust for Indians, was transferred to them.

The ceremony was full of color, many of the Indians appearing in the traditional dress of the tribe.

Lewis Named for Vice-President. SEATTLE, Wash., May 12.—The King County Democratic Central Committee today adopted resolutions requesting the Washington delegates to the Democratic National convention to vote for Senator James Hamilton Lewis for Vice-President.

Wisconsin Society to Elect. The regular monthly meeting of the Wisconsin Society will be held Thursday at the Arcadium Hall, Thirteenth and Washington streets, for the annual election of officers. Refreshments will be served.

BORDER DEADLOCK HAS GOOD RESULT

Mexico Keeping "Gentlemen's Agreement" to Co-operate Against Bandits.

PERSHING DRAWING IN

Washington Believes More Can Be Accomplished Without Written Agreement; New Bandit Operations Not Confirmed.

WASHINGTON, May 12.—Indications reached the War Department today that the Scott-Oregon border conference, although officially deadlocked as having ended in a deadlock, actually had resulted in closer co-operation between the American and Carranza forces in Mexico and there were intimations that no written agreement had been drawn up by the conference because they decided more could be accomplished without one.

General Scott telegraphed that General Obregon had indicated a fear as to the effect of a formal protocol for continued presence of American troops on Mexican soil might have on the public opinion. This generally was accepted here as explaining the failure of the conference to go further than an unwritten "gentlemen's agreement" as to methods of co-operation.

Agreement Being Carried Out. Evidence that this agreement was being carried out came today in official telegrams reporting the movements of both American and Carranza troops.

General Scott telegraphed that he had assurances from General Obregon that Carranza's commander had been ordered to campaign against bandits, both about Parral and along the Coahuila-Chihuahua border in the region of the Big Bend table. General Pershing reported that in accordance with instructions following the border conference, he was shortening the American line of communication and drawing in his scouting patrols.

Officials here believe that Namiqipa soon will be abandoned by General Pershing as his advanced field base. His telegram today was taken to indicate early retirement of the head of the American forces to Colonia Dublan. General Pershing also reported that there were no Mexican forces in his vicinity.

American Operations Growing. With Carranza troops advancing toward the border adjoining the Big Bend region, reports from General Funston indicated that American operations there were to attain considerable magnitude. An entire motortruck company had been transferred from Columbus to Marathon, Tex., to form the line between Marathon, as the base, and Major Langhorne's troops pursuing the bandits who raided Bujalpa and Glenn Springs.

While co-operative military movements are proceeding, diplomatic negotiations for a formal protocol covering the American expedition are expected to be renewed next week by Secretary Lansing and Eliseo Arredondo, Carranza's aide here. Use of the Mexican railways for transporting American soldiers as well as supplies probably will be one of the principal points urged by the United States in the negotiations.

Court-martial for Own Men Only. Orders issued today permitting General Pershing to convene general court-martials were officially explained as calculated only to provide a means of dealing with infractions of military rules by Pershing's own men. It was emphasized that the court-martial authority would not extend to prosecution of Mexican snipers.

The War Department was without confirmation tonight of new bandit operations reported in news dispatches from the border. Renewed activity of Zapata bandits near Mexico City and Villa outlaws near Tamaulipas was reported, however, in consul dispatches. Unconfirmed private reports to the State Department contained rumors that Felix Diaz, recently reported to be fomenting an anti-Carranza revolution in Southern Mexico, had crossed into Guatemala.

GREAT PARADE IS HELD

(Continued From First Page.)

There were seven regiments of infantry, three of coast artillery, a part of the first cavalry, batteries of field artillery, the signal corps, engineers and the motor car battery.

Thomas A. Edison, notwithstanding his 69 years, tramped along with the stride of a man half his age at the head of a contingent of 22 members of the Naval Consulting Board of the

United States. He expressed great satisfaction with the demonstration after it was over.

"Such a parade needs no expression," declared the inventor. "The fact that I marched in it expressed my sentiments exactly."

Distinguished Men Closely Guarded. Extraordinary precautions were taken to safeguard the Mayor and other distinguished persons. Scores of uniformed policemen and plain clothes detectives surrounded them throughout the day and evening.

A marked spirit of democracy pervaded the ranks of the paraders, business men and Wall-street bankers keeping step and exchanging gossip with their clerks or with factory hands.

The financial district of the metropolis, to all outward purposes, was swept by the spirit of patriotism. Although reports were current during the day that anarchists contemplated making a demonstration against the marchers, the parade was carried out without a hitch.

MORE WHISKY BEING MADE

Increase Will Be 10,000,000 Gallons This Year; Beer Falls Off.

WASHINGTON, May 13.—Notwithstanding the fact that prohibition laws have become effective in this state since July 1, 1915, approximately 7,500,000 gallons more whisky has been produced in the United States so far during this fiscal year, ending June 30, than ever before. Returns to the internal revenue bureau approximate the total increase for the year at 10,000,000 gallons.

During the same period the production of beer has fallen more than 1,500,000 barrels, or 45,000,000 gallons from last year's figures. The total production of beer for the year ending June 30, it is estimated, will be about 60,000,000 gallons less than it was in the last fiscal year.

An extraordinary increase in the amount of cigars, cigarettes and tobacco is reported for the current year. The tax collected during the nine months ending March 31 shows an increase of approximately \$5,000,000 on tobacco.

MR. HARLEY FILES BRIEF

Defense of Whole Country Urged as Essential to Preparedness.

OREGONIAN NEWS BUREAU, Washington, May 13.—F. C. Harley, chairman of the Columbia River naval base committee, has filed with the naval committee an extended brief setting forth the grounds on which the demand for a naval base at the mouth of the Columbia is based. It was filed through Representative W. C. Hawley, pending a hearing to be granted later. Mr. Harley in transmitting the brief requests to be heard further himself upon the merits of the proposition.

In his appeal to the committee on naval affairs Mr. Harley declares: "No programme of national defense is adequate unless it provides for the defense of the whole country. Any programme which looks to the defense of the Atlantic and Gulf coasts, and which contemplates the defense of the extremes of the Pacific Coast, but which provides no provision for the complete defense of the Columbia River Basin, is inadequate."

CREW NOT PROVIDED FOR

British Say 13 Are Missing After Attack by Submarine.

LONDON, May 12.—The British ship Galgate, sunk on May 6, was sent to the bottom by a torpedo from a German submarine, according to a British Admiralty statement tonight. The submarine did not provide for the safety of the crew, the statement declares; and 13 men who were in one of the Galgate's boats are still missing. Twelve were landed at Brest, France.

Dispatches on May 8 from Brest, France, reported the sinking of the Galgate by a submarine and the arrival of 12 members of the crew at the French port. The Galgate, a vessel of 281 tons, was last reported as having arrived at St. Michaels on April 21.

ISLANDS TO SELL SILVER

Profit of 25 Per Cent Expected on Deal With China.

MANILA, May 13.—Jeremiah L. Manning, insular treasurer, has gone to China to investigate the silver market for the past three years, but I do not intend to investigate the silver market until the Government has a Corregidor.

Owing to the demand for silver in China, which has caused the Chinese government to declare a partial moratorium, the silver held by the Government is salable at a profit of 25 per cent.

Credits Bill Passage Delayed. WASHINGTON, May 13.—The House failed to complete debate today as expected on the rural credits bill and adjourned tonight. It would be passed Monday.

LAND TITLE NOT CLEAR MR. HAWLEY CRITICISES PENDING LAND GRANT BILL. No Provision Made for Payment of Taxes Now Accruing or for Penalties or Interest. OREGONIAN NEWS BUREAU, Washington, May 11.—As the Oregon and California land grant bill stands on the House calendar, it will not enable the Government of the United States to pass a clear title to any settler or purchaser, in the opinion of Representative Hawley, and he has the supporting opinion of several of the good lawyers of the public lands committee in this opinion. "The bill," said Mr. Hawley, "makes provision for the payment of back taxes—that is, for taxes that have accrued for the past three years, but I believe it does not provide for the payment of taxes which are now becoming collectable. Moreover, the bill fails to make provision for the payment of interest on back taxes and fails also to provide for the payment of penalties on those accrued taxes. These omissions, in my opinion, render it impossible for the United States to give an absolutely clear title and I will call attention to this shortcoming when the bill is before the House. "The prime reason for providing in the bill for the payment of back taxes was to enable the Government to give a clear title. Unless that section is enlarged and made complete it will fail of its purpose and those who acquire these lands from the Government

will be liable for interest and for the unpaid penalties and for the taxes that are not paid by the Government under the Ferris bill. RATE RISE IS SUSPENDED Proposed Increases on Shipments From Oregon Held Up. WASHINGTON, May 12.—Tariffs proposing increases of from \$5 to \$20 a car in refrigeration charges on fruits and vegetables from points in Oregon and Idaho to points in Colorado, Arizona, Illinois and other states were suspended today by the Interstate Commerce Commission until September 12, pending investigation. The present refrigeration charge to points in Colorado is \$40 a car and the proposed charges, \$45. To Arizona points the charge is \$50 and the proposed charge, \$70. To Illinois points the rate is \$50 and the proposed rate \$60. Destinations in various other states are similarly affected.

Try This if You Have Dandruff There is one sure way that never fails to remove dandruff completely, and that is to dissolve it. This destroys it entirely. To do this, just get four ounces of plain, ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips. By morning most, if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you have. You will find, too, that all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and four ounces is all you will need. This simple remedy has never been known to fail.—Adv.

BAD TEETH AND DISEASED TONSILS CAUSE RHEUMATISM DR. B. E. WRIGHT So states Dr. Evans, the great medical expert.
