WOMEN'S ANNEX AND SENIOR CLASSES OF TURN VEREIN WILL GIVE VAUDEVILLE.

The women's annex and senior classes of the Portland Social Turn Verein will hold their annual vaudeville show Sunday evening, May 21, at the Deutsche Haus, on Thirteenth, near Main. The committee in charge has arranged a most attractive programme, consisting of 13 acts, including dancing, song, dancing, gymnastics, acrobatics, stinging comic, etc. composed entirely of Turners talent, under the direction of Professor Richard Gensersowski.

The entertainment bids fair to rival any previously given by the women and senior classes. The proceeds of the show are to be used toward defraying expenses to send competing teams representing Oregon Turners to New York, and it is hoped that the hall will be well filled. Miss Alice Schmale will have one of the leading parts.

ACTORS' AID REVEALED. The recommendations of the committee are as follows: 1. The classification of certificates and the standards of certification should be uniform in the four states included in the Inland Empire. (This to include a standardized list of institutions from which papers are accepted.)

2. All certificates should be issued by state authority rather than through County Superintendent's offices. 3. All examination questions should be prepared by the state and all examination papers should be graded by state authority.

4. Certification through institutional training rather than by examination should be emphasized and encouraged. 5. No certificates should be granted to persons who have not completed a high school course or its equivalent, plus professional training.

6. A reasonable time all rural and grade teachers should be graduates of a normal school of the state. 7. All persons who teach in accredited high schools should have four years of training beyond a four-year high school course, such training to include at least one semester of professional training.

8. It is the sense of the committee that the state should have a board of general and general, leaving details to be determined by the State Board of Education or other legally constituted agency. 9. No laws enacted should be retroactive.

COUNTY DEBTS PAID

Commissioner Lightner Points Out Gains in 12 Years. ROAD BONDS ONLY LEFT Courthouse, Finest on Coast, Best Library in Great District and County Farm Built and Paid for Without Bonds.

"Multnomah County owed \$600,000 when I came on the board 12 years ago; that indebtedness was paid off every dollar of it," said Chairman Lightner, of the County Commissioners, yesterday, discussing the financial affairs of the county at the meeting in the branch library in Upper Albina. "That indebtedness was all discharged every dollar of it paid."

"Besides that, the Board has built the finest Courthouse on the Pacific Coast. There is no better structure anywhere. Also the Board has erected one of the handsomest and best-arranged libraries that any city, even twice Portland's size, can boast. And I want to say that it is one of the best managed, too."

There is no better county public improvements have been made. Among them is the county farm and the modern buildings which we have constructed there. All these have been paid for. We settled for them as we went along. There is no debt against Multnomah County now save the \$1,200,000 in bonds for the interstate bridge and \$1,550,000 in bonds for the Columbia Highway, which are the only bonds voted by the people. The interest on the bridge bonds is paid by the state under our agreement.

"Multnomah County has built 150 miles of hard-surfaced and macadam roads during the term of office, including 75 miles of the macadam highways was paid for by direct taxes. The other 75 miles consists of the hard-surfaced roads, chiefly the Columbia Highway, which is the greatest scenic drive in this country and which we will complete in June. It is a road to be proud of with a large public demonstration."

"Let me say right here, too, that Multnomah County is one of four counties that rank first in the United States for hard-surfaced and macadam roads. The other three are Alleghany (Pennsylvania), Milwaukee (Wisconsin) and Wyandotte (Kansas), according to recent statistics published in an Eastern Good Roads magazine. Also let me say that Multnomah County securities rank first among the bond buyers. These securities are sought and always bring a good premium."

"All those improvements have been done while I have been on the County Board and without any scandal, graft or waste. The Board has always gotten a dollar's worth of work and material for every dollar it spent."

TEACHERS ARE RE-ELECTED Brownsville Makes One Change in Entire Force of Two Schools.

BROWNSVILLE, Or., May 12.—(Special.)—The entire teaching force of both the primary and high schools at Brownsville has been re-elected, with the exception of Miss Helen Barkman, primary teacher in the South Side School, who did not apply.

The corps of teachers in the South Side district consists of A. H. Weber, principal; Cecile Sawyer and Gertrude Taylor, assistants in the high school; Mrs. Anna Studley, seventh and eighth grades; Cecile Graves, sixth grade; Mrs. Anna Sprague, third and fourth, and Carrie Park, primary; and in the North Side district, J. H. Brennen, principal; Katharine Pigeon and Gertrude Lee, assistants; Marian B. Fox, seventh and eighth grades; Lenora Powell, fifth and sixth; Ruth Southern, third and fourth, and Emma Leonard, primary.

The two districts have for the past two years employed a teacher for vocal music, who has divided her time between the two schools. They have not had a joint meeting for that purpose yet this year.

Building Work Active at Bend. BEND, Or., May 12.—(Special.)—Construction work for the past eight months has been more active in Bend than in any other part of Oregon, according to Harold A. Wilkins, auditor for the State Industrial Accident Commission, who is here this week checking up firms subject to the law. Mr. Wilkins says that the law is becoming more popular every day as its benefits are realized and its features better understood. The large number of firms under the law here will keep Mr. Wilkins busy for nearly two weeks checking up reports and straightening out details.

LOCAL ART INTERESTING

INSTRUCTIVE EXHIBITION IS BROUGHT TO END. Standard of Work Shown by Portland Society Testifies to Sincerity of Exhibitors' Purpose.

A most interesting and instructive exhibition by the local Arts and Crafts Society has just closed after a week's duration at the studios of Misses Florence Knudsen and Bertha Stuart, at the Arts and Crafts saleroom, 165 Tenth street.

The chief interest and characteristic of this society's exhibitions are that the work is that of local craftsmen. The standard of work is high, excellent in quality and extensive in variety, and the exhibition recently held attested to the sincerity of purpose, artistic and general high standard of the work.

It is the aim of the society to hold an annual exhibition. Last season during the summer months an exhibition was held in the Art Museum. This year the exhibition lasted but one week, but in that time was visited by a great many art lovers.

Of the local work, John C. Burkhardt's photographic art showed variety and originality. W. J. Standley's unique doll houses and toys for children were most attractive and substantial. The work of Misses Florence Knudsen and Bertha Stuart, at the Arts and Crafts saleroom, 165 Tenth street.
