

MASONRY PREPARATORY TO CONVENT AT ALBANY

Grand Lodge and Royal Arch Sessions Will Be Held There Next Week.

PROGRAMME IS COMPLETED

Former Body Will Meet Outside of Portland for First Time in 42 Years—June 6 Is Date for Opening.

ALBANY, Or., May 27.—(Special.)—For the first time in 42 years the Masonic Grand Lodge of Oregon will meet outside of Portland, when it convenes in Albany in 6th annual convention next week.

The annual convocation of the Grand Chapter will be held Monday, June 5, its work to be concluded in one day. The committee on credentials will meet at 8 o'clock that morning and the Grand Chapter will open 30 minutes later.

Committees Are Named. Committees have been named as follows to handle the work of the Grand Chapter session: Credentials—James F. Robinson, of Portland; W. R. Blyden, of Albany, and F. M. Patterson, of Portland.

On Tuesday, June 6, committees of the Grand Lodge will be organized for work preparatory to the Grand Lodge session, and on that day delegates to the Grand Chapter and the Grand Lodge will visit Corvallis to inspect the Oregon Agricultural College as the guest of William J. Kerr, president of the college, present grand orator of the Grand Lodge.

Grand Lodge Meets Wednesday. On Wednesday, June 7, the Grand Lodge will convene for a session of three days. Grand master, presiding, will be given Wednesday morning, and the address of William J. Kerr, of Corvallis, grand orator, will be given Wednesday afternoon.

Carnival Held on Streets to Close Strawberry Festival. The parade of decorated baby buggies was probably the feature of today's carnival programme. In this procession were 50 or more gaily decorated carriages, velocipedes, go-carts and doll buggies, nearly all of which were occupied by infants in festival attire.

YOU CAN ALMOST TALK TO HER —THIS 3400 r. p. m. CHALMERS

They're buying motor cars today as they're hiring men—on ability.

Blue eyes, brown hair, a rugged jaw, mean something—but not so much as they used to.

They're seeking ability. And that is not always measured in stature, weight and reach.

Likewise in a car. They look her over, learn her wheel-base, note the tire sizes, ask the bore and stroke of the engine and then—

They make her perform. They make her hit the trail, they roll her up the steepest hill. They let her out on the straightaway, and they make her accelerate at slow speeds.

It's the only way to judge a car. And we're particularly glad, because we have in the 3400 r.p.m. Chalmers a car that answers every human wish.

You can almost talk to this animal. You can lead her anywhere. We know of no one who has ever called on her for too much, nor asked of her anything she couldn't deliver.

She's like a young ballplayer who keeps driving 'em over the right-field fence.

She's there. And the reason is her magnificent 3400 r. p. m. engine. When history in our business is written, 3400 r. p. m. will occupy a thick chapter.

Simply because at the lowest speeds she saves her energy, turns up only 500 r. p. m. at 10 miles an hour, and 1000 r. p. m. at 20 miles an hour.

Thus using only 18 per cent of her power at such speeds and saving 62 to 80 per cent for winding, hilly roads, bad turns, and on occasions when a little extra power gives you possession of the road.

One ride of five miles behind the wheel and you'll own it. Ask your dealer about Chalmers service inspection coupons, negotiable at all Chalmers dealers everywhere. This system is a most important consideration in buying your car.
