EUREKA, Cal., June 17 .- (Special.)-That the steamer Bear is doomed to stay on the beach near Sugar Loaf, with the remains of a half-score other vessels, is the opinion freely expressed by watchers at the wreck today.

While no announcement is made by those in authority, it became generally understood after the arrival of Cap-tain Curtis, representing the underwriters, today, that no attempt to move the Bear will be made. Preparations in progress point to efforts to strip th vessel of everything moveable.

Shoal Formed by Waves.

At daylight this morning the lines which were taut last night, showed 20 feet of slack, while an hour before ebb tide it was possible to walk to the steamer over a sandy beach. The only water around her was on the off-shore side, and the rest was shallow, the action of the waves forming a shoal around the wreck. Throughout the day the heavy bag-
