This assertion was made by a Port-land player while laying over in San Francisco on Tuesday. Naturally his name will not be given for the criti-cism would hardly be welcomed by his teammates. The volced opinion, how-ever, explains in a measure the reason the Seavers are not higher up in the race. Fans around the circuit appre-ciate that McCredie has a corking good team and why it has been unable to be a consistent winner has been a source of much conjecture. "I have seen so many runs tossed off," continued the player, "that it has made my heart sick. We have every-thing else that goes to make up a winning combination. I venture to say that we have more speed than any other club in the league and the avor-ages go to show that we can hit the ball. The fielding is all right, too. The trouble is simply lack of base-running sense and ability. "Go over the reports of the games we have played and you will find time and again where some of our men have been thrown out trying to stretch their hits. They have pulled the stuff, too, when no one was out. On other oc-casions they have attempted steals at the wrong time and the result has been that we have not been able to got started. Decr Season Opens Tuesday. been that we have not been able to set started. Better Conching Needed. "I do not want to be classed as a knocker, for I am playing at all times to win and for the good of the club, i am simply explaining in answer to your question. "What alls the Beavers?" One would think that good coaching would be a remedy for the poor base-running, but our players simply lower their heads and out loose without looking to be guided." The Portland players are almest a whit in conceding that Los Angeles shapes up as the best club in the heague and will pull down the pen-mant unless something unforeseen hap-pens. At that, they were rooting for the Seals to take a fall out of the leaders and they admit that Harry Wolverton has a chance for the flag. Judging from the way the Detroit Club has been filling claim on the stars on the San Francisco team there will not be enough players laft to form a corporal's guard. So far, Johnny Couch, Ducky Jones, Eric Erickson and Red Oldham have been obtained through the working agreement that is in effect. Deer Season Opens Tuesday. Preparations are being made by Portland hunfers for an active cam-paign when the deer season starts Tuesday. A goodly number of the nimrods will go out the first day, but most of the "old heads" will wait a week or so, when they expect the going to be better. Scals Suffer by Draft. Scals Suffer by Draft. It is possible that one or two of the players will be turned back, as was the case with Jones last season, but Ping Bodie is a cinch to be sold before the drafting season opens. There will be little left for the big leaguers to draft, which is some but not much consola-**Coast League Statistics** Records Include Games of August 6. Club Batting Records

Phila-delphia won, 9 to 2, and 2 to 0. In the first game the tail-enders hit Mogridge and Fisher at will. In the second game Urban Shocker, recently recalled from Toronto, allowed only two hits in eight innings and struck out seven men.
