FETE PLANS HOLD ATTENTION

Attractions Promised for Everybody

Next Saturday Night.

SEASIDE, Or., Aug. 12.—(Special.)—As soon as the hundreds of Knights of Pythias reached this resort Saturday

and Sunday they scurried madly for a dash into the surf. They arrived just at high tide, and they were eager to make every minute of their brief stay count. The natatoriums were unable to supply all the eager bathers with suits and rooms, but the visitors managed in some way to obtain accommodation sufficient to induce them to frolic in the waves.

A band concert on the pier by the Seaside band, a clam bake, motor trips to Cannon Beach, Arch Cape and other interesting and picturesque spots made the trip memorable for the K. of P. The streets of this little city were in holiday attire to greet the visitors, pennants and lights of the tri-color blue, red and yellow waving a welcome from every street, house and shop.

Plans for the big fete on August 19 at Hotel Moore grounds for the Salt Cairn are claiming the entire time and attention of the association. A meeting was held Monday night in the shape of a banquet and social in the shape of a musical programme, which will include an address by the Mayor of Seaside, selections by the local orchestra, dancing, vocal and instrumental numbers, there will be interesting concessions attractively displayed about the grounds. Huge trees will be used to inclose the space set aside for the fete, and myriads of lights and flowers will convert it into a garden. Home-made candies, bouquets and souvenirs in the shape of miniature salt bags, will be used to tempt the purchasers to help increase the fund for the erection of a monument to Lewis and Clark.

Motoring has become a habit with the devotees here as much as in town. They are having the merriest sort of time. Every minute is occupied, either swimming, picnicking, riding horses or driving. When they forgo indoors, they are busy playing their needles in the manufacture of some fancy article, in most cases dainty lingerie for their own use. They knit attractive sweaters and find much rest and pleasure in their short stay here.
