

THIRD OREGON MEN OF MANY VOCATIONS

List Made for Inspector Shows Students Most Numerous, With Laborers Next.

TWO ARE CAPITALISTS

Lawyers, Dentists, Civil Engineers, Cooks, Chauffeurs, Barbers and All Mechanical Trades Are Represented in Ranks.

PALM CITY, Cal., Aug. 19.—(Special.)—The visit of Lieutenant-Colonel Frank M. Caldwell, of the regular Army, who is inspecting the Third Oregon Infantry, has kept the camp busy for the past few days.

An informal census of these company reports shows that in the 11 companies now here more men are entered as "students" than any other occupation.

For once, lawyers, who come in for so much attention when the vocations of legislators are being investigated, are clearly outclassed.

Two Are Capitalists. Companies each have an enlisted man who responds to the title of "capitalist."

Company A has the largest number of farmers, 23; Company M ranks first with 19 lawyers, and Company I with 27 laborers.

WEEK OF DRILL STRENUOUS

Outpost Duty Tactics Interesting to Men at Front—Only Five Fail to Pass Test at Inspection of Kits—Sergeant Gets Leave.

BY WILL G. MAC RAE.

CAMP BALBOA, San Diego, Cal., Aug. 19.—(Special.)—Between the regular Saturday kit inspection and eagerness to get through early so as to be on hand at the exposition and root for the Portland athletes that are taking part in the track and field meet, camp was in a turmoil of hurry and bustle today.

Outpost Drill Interesting. One of the interesting tactics that was worked out during the drill Friday was that of doing outpost duty and beating the brush for supposed hidden enemies.

To drive the enemy out of the thick undergrowth, half the troop was used as scouts, while the main body lay concealed on the hillside about a mile away.

For the next week the stable and camp life will be kept spick and span. Two prominent Portland attorneys have been assigned to stable police, and for a week at least the 112 mounts of Troop A will have a couple of splendid chambermaids.

Only Five Fail to Stand Test. Inspection of saddles and kits this morning was as rigid as ever and, as the commanding officers passed down the line, only five kits exposed for inspection fell below the standard.

Private Stanley is in the hospital recovering from a touch of blood poisoning in his foot.

ing the field and track meet this afternoon at the exposition grounds. The Army truck which arrived in camp this morning with the supplies, contained a number of suspicious-looking boxes.

Sergeant Grief Gets Discharge. To Sergeant John Grief, whose application for discharge has been in for several weeks, received his discharge papers today and will leave for Portland this evening.

GIRL HEROINE IN FIRE

GIRL RISES FROM SICK BED TO SAVE BABY BROTHER.

Though Ill With Fever, 12-Year-Old Ella Samuels Puts Safety of Others Before Her Own.

LOS ANGELES, Aug. 19.—(Special.)—Despite the fact that Ella Samuels, 12 years old, had lain in bed two days, ill with fever, she proved herself twice a heroine yesterday when fire broke out in her home in the room where her baby brother, Raymond, 2 years old, lay sleeping.

Hearing the crackling sound Ella dashed into the burning room, clad only in a nightgown. With the baby in her arms she fled into the hall, and as she passed through the door a flame swept across her forehead, singeing her hair.

Dense smoke filled the house, but Ella rushed into the home again and grabbed Benjamin from her mother's arms, leaving the older woman free to help the aged grandmother to safety.
