Portland's greatest Labor day celebration is to be featured tomorrow, the traditional occasion when labor and union labor particularly, rests from work and frolics with its families and friends.

The Central Labor Council has every detail perfected for its big two-day celebration today and tomorrow. It really started yesterday at Columbia Beach, but this was in the nature of a preliminary for the big time yet to come.

Not the least of the events of the celebration will be a monster parade through the principal downtown streets Monday morning at 10 o'clock. A special feature of this parade will be the children's section with 2000 in line. This section will be headed by the Children's Juvenile Band of the United Artists.

Then the programme shifts again to Columbia Beach and will continue until a late hour tomorrow night.

Arrangements were completed yesterday for a portion of the Fire Bureau force of the city to take charge of the Union men and women will march, and the whole program will be one of the most impressive Portland has ever witnessed.

The Portland Railway, Light & Power Company has made special provision for handling the crowds to Columbia Beach and an issue of 20,000 tickets has been made, in addition to the usual stock of beach tickets on hand.

New Record Expected. It is estimated that if the weather is favorable the number of people in attendance at Columbia Beach will be made. People familiar with that record estimate that the attendance today at no less than 40,000. Not only are Portland residents interested in the proper observance of Labor day, but those in charge of the event are advised that large numbers will come from outside points.

A basket picnic and beach amusements were the features of the Portland Labor day celebration at Columbia Beach by the union men and their friends yesterday afternoon. There was a hard-fought martial and serpentine fetti and serpentine battle at night.

The chief celebration will be today at tomorrow. The program of amusement promised for young and old. It will be labor's special occasion to frolic and, needless to say, everyone who attends will make the most of it. The detailed programme for today and tomorrow follows:

MANY OUTINGS ARE ARRANGED

Churches and Other Societies to Have Picnics.

Labor day will by no means be left to organized labor to celebrate, for the holiday will be made the motif for all sorts of outings, picnics, parties, entertainments and gatherings of many kinds too numerous to mention. Probably never before has the city and its residents as a whole been so nearly unanimous in celebrating Labor day as they will this year.

Outdoor observances of many kinds will lead in the number of celebrations of Labor day. Picnics will outnumber every other sort of gathering. It looks as if everyone in town, practically, will get out of doors for the day, all at least who can leave their usual places of work, and that is what Labor day is for.

Washington Lodge of Masons will hold a picnic at Bonaventure and fellow Masons at Bonaventure that will be an all-day affair. A large attendance is expected. Probably 600 people will be present. The picnic will be held at the Union Depot tomorrow morning at 8:00. At Bonaventure, the Portland Masons will be met by a delegation from Hood River. The Hood River Portland party will leave Bonaventure aboard the special on the return trip to town at 10 P. M.

A Labor day picnic will be had by the Christian Endeavorers at Oak Grove, where they are holding their second annual picnic. The picnic will be a marshmallow toast will be features of the evening. E. Earl Felke, first vice-president of the state union, will take charge of the programme of games and sports, which will begin at 2 P. M. Some of the events to be staged will be a 50-yard dash for boys and girls, sack race for boys, three-legged race for boys, potato race for boys, shoe race for boys, shuttle race for girls.

There will be a peg-setting contest for both boys and girls and various jostling contests. A fine beach with numerous spring-boards at Oak Grove, an ideal place for swimming and aquatic sports. A basket lunch will be eaten at 12:30 P. M. at a little grove near the beach. The parish of the Ascension at East Seventy-sixth and East Yamhill streets, will hold a Labor day picnic Monday, starting at 12 o'clock with an old-fashioned dinner which will be served by the women of the parish. At 2 o'clock the racing events will be started. The races include many events for which prizes will be given. A supper will be served in the evening. The events will be held on the parish grounds.

Cedarville Park at Linneman Junction, on the Estacada line of the Portland Railway, Light & Power Company, will be the scene of a Labor day picnic tomorrow. There will be a concert by the Amphion Male Chorus and sports, races and games of many kinds will be enjoyed. A picnic will be served. Many took advantage of the double holiday to spend the time at the beaches and the Astoria Regatta claimed considerable attention from Portland people who could get away.

The Columbia River Highway will lure many. Trains out of the city Sunday night will be loaded heavily, while many will go to highway points by auto. Clubs of many of the peaks of the Cascades reached from the highway and visits to waterfalls and other scenic points within striking distance will be many.

United Artists will picnic at Crystal Lake Park, Milwaukie, on Labor Day. Members of the order invite the general public to join with them in the day's frolic. The Junior Artisan Band will play during the day, and ex-Governor Willson will deliver an address. There will also be a political discussion, Gus Moser representing the Republican end of the controversy, while Colonel Robert A. Miller will reply. Games and sports will be on the programme, and dancing will be enjoyed.

Pat Lodia Wilson, who lives near Augustus, Me., will be 100 years old September 1. She reads without glasses and retains her faculties to remarkable degree. She retains her memory wonderfully and loves to tell of events of her childhood days.

PUBLISHERS TO MEET

ECONOMY THROUGH CO-OPERATIVE PURCHASES PROPOSED.

Sale of Advertising in Bulk is Also Suggested as Method of Adding to Profits.

Pursuant to a meeting held at Crater Lake during the recent State Editorial Convention, 11 publishers of daily papers in Oregon decided to call a meeting of all the daily paper publishers in the state to be held in Portland at the Commercial Club September 11 at 10 A. M. A high cost of paper, metal and other necessities of the publishing business warrants an effort to purchase this material in larger quantities, and it is believed considerable money can be saved through joint bulk orders. Several of the publishers have suggested that if all the dailies would submit to an audit by the Audit Bureau of Circulation of Chicago, the list could be sold as a unit and bring a larger line of new Eastern advertisers to the Oregon papers which are not receiving same as present.

The following publishers of daily papers have agreed to be present at the forthcoming meeting: A. R. O'Brien, Marshfield Record; M. C. Maloney, Marshfield Times; A. E. Voorhies, Grants Pass Courier; L. W. Wetherby, Roseburg Review; J. D. Shoemaker, Umpqua Valley News; J. E. Shelton, Eugene Guard; Frank Jenkins, Eugene Register; George W. Putnam, Medford Mail-Tribune; R. W. Ruhl, Medford Sun; E. H. O'Brien, Astoria Herald; E. M. Reagan, Albany Herald; F. P. Nutting, Albany Democrat; C. E. Rogers, Corvallis Gazette-Times; R. D. Wave of Improving Business Due to Good Crops—Heavy Shipments of Rogues River Peas Are Going Out Every Day.

S. S. Smith, editor of the Medford Sun, and Republican State Committeeman from Jackson County, has been in Portland for the last few days, attending to political and private business. He left for his home last night accompanied by his daughter, Mrs. E. T. DeLoach, of Aberdeen, Wash., who came to Portland to join him.

"Jackson County will go for Hughes this year," said Mr. Smith yesterday. "We have been off color politically for the last few years, but there is a strong reversal of sentiment there now and we'll give Hughes and Fairbanks a big plurality."

Mr. Smith reports that Medford and the surrounding country are enjoying a wave of improving business due to the good crops. Heavy shipments of the famous Rogues River peas are going out of Medford every day. The crop this year is the heaviest in years and will exceed 1200 cars.

The threatened railroad strike would have been a hardship on the pear producing districts of Southern Oregon, had it continued long," he explained. "Most of our shipments are going to New York and other Eastern cities. When the war is over the Rogues River country expects to market many of its pears and apples in Europe. The Rogues River pears are not receiving same as present."
