

CIRCUS IS DUE SOON

Barnum & Bailey Tents to Be Spread Here Friday.

STREET PARADE TO BE HELD

Animal Acts Are Big Attraction of Great Show—Three Rings and Five Stages Will Be Used.

Those to whom the odor of tanbark and sawdust is as incense, come into their own again when the Barnum & Bailey greatest show on such a plain camp in Portland, Friday, September 8, giving a street parade in the morning, and afternoon and night performances upon that day.

Of course the circus will be bigger and better than anything of like nature heretofore presented. It is a regular habit with all circuses, but the Barnum & Bailey folk aver that it is but simple truth in relation to the programme they intend presenting here, which combines about all the popular elements and forms of amusement except penny-ante and Shakespeare, with many new and unusual features, including a new and colorful pageant descriptive of the Persian stories of the "Thousand and One Nights."

Animal Acts Numerous. If a cross-eyed man finds himself in reasonable difficulties when confronted with the ordinary circus, he will certainly be harassed at this circus, under the Barnum & Bailey banner, with its three rings, five stages, and the quarter-mile oval. More than ever before, the Barnum show this season has taken to trained animal numbers, and they range from wise old elephants and college-bred bruisers to educated rats, cats and pigeons.

No one has ever yet discovered why it is that several tons of elephant is willing to come forward and obediently flap itself for the amusement of a gaping crowd, yet with whimsical tolerance, the elephants this year are scheduled to form themselves into a brass band, dance the tango, enact a mimic battle, and one even goes so far as to make a speech upon prepared notes in such stentorian tones that even a Western Congressman might hear.

Chinese Circus Given. Among the new acts will be a Chinese circus given by three troupes from the Imperial circus at Peking; the horse ballerina, Teddy, the world's champion jumper, who will perform upon a high fence; the Hansford family of English riders; Madame Bradna's trained horses and Russian wolf hounds; Signor Bagonghi, Italy's comic midwife; and the Belgian DeKoe troupe, introducing Eugene DeKoe, champion pug acrobat of the world, along with a host of other acts to be seen in Portland for the first time.

Reminding one of a peace dove peering in the mouth of a 40-caliber rifle, one display will show perfectly neutral cats nosing harmlessly around with fat, tinned rats and pigeons, and never grabbing a bite.

Then there will be parrots and cockatoos that ride bicycles and turn somersaults, ravens that leap through rings of fire, bears that ride on bicycles and roller-skates just as cheerfully as if they were getting the money for it themselves, and, of course, the redoubtable riding stunts of their human colleagues, while riding swiftly running ponies.

The Artist Model horses, ponies and dogs pose with beautiful female models upon revolving pedestals placed the entire length of the tent. The silhouettes are clever in an aerial act, and are said to be so pretty that there won't be a man in the tent who wouldn't risk breaking a button to render first aid should either fall. Only they don't. Everything will be upon a big scale.

GLOBE THEATER TO REOPEN

Management Promises to Confine Showing to Highest Grade.

The Globe Theater, Eleventh and Washington streets, which has been closed for redecorating and renovating, is to reopen September 15, according to announcement made by the management yesterday. It was announced that the showhouse will be conducted under a new policy, that of handling only the highest-class films.

The service to be handled by the theater has not yet been definitely decided upon, as every effort is being made to get something new which will appeal to the Portland movie fans. The redecorating work, now practically finished, will make the house attractive to theater patrons and with the new policy of the management the place is expected to become one of the most popular motion-picture houses in the city.

NEW ZEALANDER VISITS

J. W. WOOD SAYS BRITAIN HAS SEIZED ALL FROZEN MUTTON.

Wool Prices Have Risen 80 Per Cent, He Reports—Trade Opportunity in Sheep Is Pointed Out.

One of the war measures taken by Great Britain has been the commandeering of all the frozen mutton in New Zealand, according to J. W. Wood, business man of Christchurch, New Zealand, who is visiting in Port-

land while on a tour of the western part of the United States.

Mr. Wood, who is traveling with his wife, daughter and young son, is visiting here with his cousin, Elwood H. Gallen. The two met for the first time when Mr. Wood arrived in Portland from Vancouver, B. C.

As a result of the war, Mr. Wood says that wool and mutton prices have gone up 80 per cent. The small farmers, he says, are getting rich. Mr. Wood said that the steamer Niagara, on which he went to Vancouver, B. C., from New Zealand, traveled with lights out and portholes blocked, apparently guarding against any commerce raider.

Mr. Wood said that there are great possibilities for developing trade between the United States and New

Zealand, particularly after the war is brought to a close.

"One item in particular which gives opportunity for export from this country," he said, "is shoes."

"Good ladies' shoes cost as high as \$5, while the same kind can be bought here for \$3 to \$7. Shoes imported from England also do not have the finish of shoes made here."

Mr. Wood's elder son, Lynton Wood, is a Lieutenant in the Royal Flying Corps.

\$338.25 and the expenditures \$218. This record surpasses July for net receipts by \$25. July was the biggest month the market had up to that time.

YACHT VOYAGE DANGEROUS

Ortona, of Seattle, Goes to New Owner at Los Angeles.

SEATTLE, Wash., Sept. 2.—(Special)

The well-known yacht Ortona, John Graham, of Seattle, owner, was sold yesterday to D.H. Laubersheimer, a Los Angeles attorney, through Leo & Brinton, local naval architects and vessel brokers. The purchase price was not announced.

The vessel will leave for Los Angeles tomorrow night unconvoyed and under her own power of sails and engine. Captain John Puer will be in command and George Wayland, J. B. Brown and "Jake" Ferrell will go as her crew. The Ortona is only 45 feet over all, beam 12 feet, giving the ocean

voyage a percentage of danger. After delivery of the Ortona is made at Los Angeles the four mariners will return by steamer. The Ortona, built here in 1912, is yawl-rigged and has 12 horsepower engine auxiliary.

Art Museum Will Be Open.

The Art Museum will be open Labor day, from 2 o'clock until 5 with free admission. This will be the last opportunity to see the Fantin-Latour lithographs. These lithographs cover a number of his music subjects, portraits and figures out-of-doors. The exhibition to follow is to be of the work of the Summer class at Neah-Kah-Nie Mountain. The regular hours of the museum are: Week days, 9 to 5 o'clock; Sunday, 2 to 6 o'clock; free the afternoons of Tuesday, Thursday, Friday, Saturday and Sunday.

Motorcycle production in the United States in 1914 amounted to 62,708, valued at \$12,205,447, against 18,628 in 1900, valued at \$5,500,000. This is an increase of 241 per cent in number and 508 per cent in value.

Special Suggestions for The Care of the Skin

If Your Face or Hands Are Roughed or Chapped or Have a Tendency to Eczema, Try These Suggestions.

BENETOL is the most powerful, harmless germicide known in all the medical world. Not only is Benetol a marvelous preparation because of its germicidal powers but it deserves equal fame as a healing agent. Because of these two properties, Benetol is sold in various convenient forms. Among these is to be particularly recommended Benetol Ointment and Benetol Powder.

Both of these preparations are, of course, intended for skin troubles and to preserve the hands, face and body in the most perfect possible condition of skin health.

With women, this question of skin health is one of the most important of toilette problems. So many cold creams and lotions are found irritating to sensitive skins, that Benetol Ointment is proving a most welcome substitute. In fact, Benetol Ointment, because of its peculiar instant healing properties is being used by a small army of women in preference to cold creams.

As a curative agent for pimples, eczema, roughness, chaps, sunburn and other skin troubles, Benetol Ointment is so far ahead of any other cream or ointment that there is really no comparison to be made.

And Benetol Powder is in fact the only healing, curative, antiseptic powder that is offered (so far as we know).

Both the Ointment and the powder contain the active principles of BENETOL. This is the secret of their wonderful properties and explains why they are not to be compared with any other ointments or powders on the market—because none other contains BENETOL.

If you have any skin troubles try these preparations and if after one week you have not found them many times better than anything else you ever used, take the remaining part of the packages back to your druggist and get your money back in full.

Benetol products are sold by all druggists. If you experience any difficulty in procuring your Benetol wants, simply enclose the price and write direct to

The Benetol Company Benetol Bldg. Minneapolis, Minn.

This is a plea for you to try Benetol preparations at our expense and you assume no risk whatever.

If you are a man and shave yourself, use Benetol Ointment and Benetol Powder after shaving. Try them for only one morning and you will never be without them again. If a barber shaves you, take him a package of each and ask him to use them on your face. Then you will be positively insured against barber's itch or any contagious skin trouble.

Benetol Preparations Sold by All Druggists as Follows:

- BENETOL
1-ounce bottles in red cartons... 25c
2-ounce bottles in red cartons... 50c
4-ounce bottles in red cartons... \$1.00
