Secretary Baker's Policy May Be Changed Only by Lack of Funds to Meet Ever-Growing Expense of Transportation.

WASHINGTON, Sept. 16 .- All National Guard organizations which have been held at state mobilization points since they were mustered into the Federal service are scheduled to start for the Mexican border soon. Officials indi-cated today that they probably would go within two weeks. Secretary Baker is personally supervising all Guard movements. He is determined that every Guard unit undergo border service and training before it is discharged, and intends to use the troops in state camps to relieve those on the border, so that the latter may return home and be mustered out of the Federal

One thing may alter this policy, though officials now think it will not. That is the lack of funds available for transportation. Although no account of the expenditures incident to the border situation has been made public, reports indicate that the department practically has exhausted its funds and will for three bottles of beer. face a heavy deficit before another

der campaign.

If the guard movements continue, it will be necessary to have an urgent deficiency appropriation bill put through as soon as Congress.

Exclusive of the North Carolina organizations ordered to the border to-day, there are 18,000 guardsmen who have been held in their state camps. These are scattered throughout Alabama, Colorado, Mississippi, Florida, Georgia, Virginia, West Virginia, Wy-oming, Minnesota, Michigan, District of Columbia, California and Maryland, with several small units in other states.

SALEM, Or., Sept. 16 .- (Special)-Willis C. Hawley, Representative in Portland Municipal Grappler Assists in ASTORIA, Or., Sept. 16.—(Special.)—
According to reports brought by shipping men arriving this evening, a thriving traffic in liquor has been carried on just outside the Columbia river during the past three days.
On Thursday a small vessel said to be the gasoline launch Tramp, commanded by Captain Bob Jones, dropped anchor about four miles outside, and since that time has soid considerable quantities of whisky and beer to trollers and gill netters from the Columbia River, and Willapa Harbor. Business has been so good that fishermen landing at Hammond late this afternoon, say the craft had disposed of practically all her cargo.

The prices at which the wet goods were soid are said to be \$1 a quart for "squirrel" whisky, and \$2 a quart for bottled goods, while \$1 is charged for three bottles of beer.

A further strong card is the possibility of the election of Mr. Hughes. Common sense is teaching the Mexican agents that it is desirable to sign the agreement before the Presidential election. Prolongation of the negotiations undoubtedly would irritate Mr. Wilson and cause him to instruct his representatives to present an ultimatum The Mexicans know that it is the desire of the President to have an agree ment, certainly by the middle of Octoment, certainly by the middle of October, that he may point to it as the

LELAND HENDRICKS, OF SALEM, .S DROWNED 20 FEET OFFSHORE.

Recovery of Body-Funeral Will Be Held Tomorrow.

SALEM, Or., Sept. 16 .- (Special.)-The body of Leland Hendricks, editor of the Oregon Daily Statesman, was found in the Williamette River here today by John Carson, of this city. The body was in water about 20 feet from the shore off Mintos Island. Apparently Mr. Hendricks had attempted to swim from the boathouse to the island, a distance of 100 yards, and becoming

exhausted, sank.

Hugh Brady, of the Pottland harbor police arrived in Salem early today and assisted in searching for the body. Upon its discovery, he recovered the body from the water. The funeral will be held here Monafternoon with burial in a local
