

SIGNS INDICATE HUGHES WILL WIN

Prevailing Sentiment in 48 States Analyzed.

270 VOTES BELIEVED SURE

Chicago Tribune Obtains Reports of Unprejudiced Political Observer.

STRONG REACTION IS NOTED

Early Democratic Gains Offset by Reaction to Republicans at Close.

SUMMARY OF FORECASTS OF CAMPAIGN MANAGERS.

William R. Wilcox, Republican chairman—Predicts Hughes will have majority of at least 100 in electoral college, and that it may be more. Vance McCormick, Democratic chairman—Estimates that 26 states are surely Democratic, nine more probably Democratic, and three doubtful. He concedes only six states to the Republicans. Alvin T. Hert, Western Republican manager—Predicts Hughes will carry 50 states, insuring majority in Electoral College, with "probability" of carrying Nebraska, and possibility of Colorado, Maryland, Montana, Nevada and Arizona. Senator Walsh, Western Democratic manager—Predicts that 26 will have greatest popular majority ever given a candidate for President. John C. Everman, Republican Congressional Campaign secretary—Believes Republicans will control next House by majority of 45.

BY ARTHUR SEARS HENNING. (Published by Arrangement with the Chicago Tribune.)

CHICAGO, Nov. 4.—(Special.)—Hughes and Fairbanks will be elected next Tuesday, according to the surface indications of the prevailing political sentiment in the 48 states. If Wilson and Marshall should win it will be because of a much greater shifting of Republican voters to Democratic ranks in the closely contested states than has been detected by painstaking investigation. These Democratic gains have been reduced materially in the last fortnight by a reaction in favor of Hughes and have been offset to some extent from the start by the swing of Democratic votes to the Republican National ticket.

Unprejudiced Reports Obtained. The Chicago Tribune has obtained detailed reports on the conditions in every state on the eve of the election. These reports were prepared by unprejudiced political experts whose

DOLLAR LOSES 31 CENTS IN VALUE

CHARITIES FIND PURCHASING POWER MUCH REDUCED.

Staple Foods Listed on Basis of Nutritive Value Show Large Increase in Price in Year.

CHICAGO, Nov. 4.—(Special.)—The American dollar has lost 31 cents in purchasing power in the last year. One dollar goes no further than 69 cents went a year ago when used in buying of food, according to an investigation which has been made by district secretaries of the United Charities. The investigation began with the comparison of the government table of food values in calories, a table prepared by scientists of the University of Chicago, and another table worked out by the United Charities.

From these tables the district secretaries listed all staple foods upon their proper nutritive basis. The same officials are now considering the relative costs of clothing and household furnishings.

Five cents apiece for eggs and 50 cents a pound for butter next month is said to be the prediction of James E. Wertz, a Chicago produce dealer, who is reputed to be the largest owner of eggs in the world. Wertz also declared that there is no corner in eggs and that the present and expected high prices depend entirely upon the relation of the supply to the demand.

RECORD PAYMENTS MADE

Garfield County Mortgages Satisfied in Two Months \$209,000.

POMEROY, Wash., Nov. 4.—(Special.)—The cash payment on mortgages in Garfield County during September and October aggregated \$209,422.43, according to the records in the County Auditor's office. Of this amount \$111,749.50 went to satisfy mortgages on real estate, and the remaining \$97,672.93 to release incumbrances on personal property.

This is a record of debt-paying probably never before equaled during an entire year.

GRAPE CROP CUT SHORT

Loss to Raisin Industry Estimated at More Than \$2,000,000.

FRESNO, Cal., Nov. 4.—That between 25 and 30 per cent of the 1916 muscat grape crop, valued between two and two and a half million dollars, is a total loss to the raisin industry as the result of the early rains, was announced here tonight by Wylie M. Giffen, president of the California Associated Raisin Company. Wineries have bought some of the damaged grapes to the extent of \$1,000,000.

BALLOT BOXES GO BY MAIL

Parcel Post With Insurance Feature Used in Linn County.

ALBANY, Or., Nov. 4.—(Special.)—The parcel post has been utilized in Linn County in sending out ballot boxes and election supplies for the election next Tuesday. In this manner Sheriff Bodine sent out the election supplies for 13 precincts yesterday. The boxes were sent insured so that the Sheriff will have a check before election day that all of the boxes have reached their proper destination.

STUDENTS TO AID ALLIES

Hundred Stanford Men Volunteer for Ambulance Service.

STANFORD UNIVERSITY, Cal., Nov. 4.—One hundred Stanford men, undergraduates for the greater part, volunteered today for service in France with the American ambulance corps. Forty-eight signed up definitely for service; the other 52 have yet to obtain the consent of parents.

Expenses are to be paid by a group of wealthy San Franciscans. The terms of service will be six months or more.

LAST HUGHES RALLY IS REIGN OF GLORY

Theater Rings With Republican Cheers.

PARTY YELL AND SONG MINGLE

Governor and Representative McArthur Speak.

MULTORPORS TURN OUT

General Beebe Leads Uniformed Marchers in Battle Cry—Chairman Selling Cites Distress Due to Democratic Party.

Enthusiasm marked the formal close of the Hughes campaign in this county last night, when a crowd filled the Eleventh-Street Theater and, with cheers and applause, encouraged the speakers and pledged their support to the Republican standard-bearer. Few meetings of the year have been more notable for the spirit manifested than that of last night.

Governor Withcombe and Representative McArthur were the chief speakers. They made strong arguments why Charles Evans Hughes should be elected next Tuesday and the Hughes sentiments they expressed were approved in unmistakable fashion by the big crowd present.

Speakers gave particular reference to the tariff issue and made repeated reference to various concrete cases wherein the Northwest has suffered through the operation of the present Democratic tariff. Lumber, shingles, livestock, wool, dairying and other industries peculiar to Oregon have been seriously damaged, they declared.

The meeting was well attended and the crowd was enthusiastic. The names of Hughes and Roosevelt were cheered to the echo whenever they were mentioned.

The speakers were escorted to the building by the white-uniformed Multorpor Club, commanded by General Charles F. Beebe and led by a brass band. On arriving there the band played patriotic airs. The Ad Club quartet with original campaign songs and Mrs. Robinson, with her timely recitations provided some excellent entertainment.

Ben Selling Presides. Prominent Republicans, including Ralph E. Williams, Thomas B. Neuhausen, Charles B. Morris, David M. Dunne, Captain W. H. Hardy, Judge E. V. Littlefield and others occupied seats on the stage.

Ben Selling presided and was given a splendid ovation when he made his appearance. He departed briefly from his introductory speech to offer a little campaign argument of his own. "Just four years ago tonight," he said, "this city was prosperous. Labor was employed, business was good, real estate had a value. We had more prosperity in the last four years of Republican rule in this country than we had in any previous 10 years in its history. "But soon after the inauguration of President Wilson business became depressed, factories were closed and times were bad. Many men, and good men, too, were walking these streets with no food and no place to lay their heads. In a few short months we served more than 400,000 meals to jobless men at the Workingmen's Club. Were it not for the European war these men would be with us yet. Now they are employed, but it is because of the war."

Mr. Selling told of a recent trip to Europe, where he saw men—and even women—working for 20, for 20 and for

LONGSHOREMEN TO RETURN TO WORK

Strike Is Called Off and Scale Adopted.

PARITY WITH SOUND ASSURED

Unions Decide to Make Order Effective Tomorrow.

MEDIATORS TO GO HOME

Coaling Problem Is Believed to Be Easy of Settlement, as Port and Men Are Now Nearly of Same Mind on Issue.

Portland is placed on a parity with Puget Sound in the matter of charges for handling cargo of all vessels through the action of Longshoremen's Union No. 6 last night in voting to end the strike and report for work tomorrow morning. The scale to be 50 cents an hour straight time and 75 cents an hour overtime.

The move accomplishes in the main what commercial interests have striven for and have been unable to bring about. Much credit for the amicable adjustment of the situation is given T. V. O'Connor, president of the International Longshoremen's Association, and officers of the union, who have labored diligently during the past week to bring employers and employees together, and a special meeting of more than 225 members of Local No. 6 ended last night with a vote to start anew.

Other Unions Join Effort. The determination to join their share toward ridding the port of the differential complained of is not confined to the Columbia, Astoria and Rainier unions occurring in the declaration. "The understanding was arrived at when the men learned of logical arguments offered by the employers, that the entire river district be placed on an equality with their northern counterparts. Puget Sound," said Mr. O'Connor last night. "Now it is a matter for the commercial interests of the territory, and all vitally concerned in directing the trade, to undertake the elimination of whatever other features remain that are alleged to drive business from here."

Coaling Problem Is Next. "One of those, as I understand it, is the matter of coaling vessels on the same basis as on Puget Sound. It seems to me that can be taken care of by methods already under consideration by the port authorities.

"I feel that the men have exhibited the proper spirit in agreeing to put Portland on the map once more, and if both sides will forget the past, I feel confident it will be easy sailing."

All details of the settlement were not made public last night, but in the longshoremen going on record as agreeable to resuming work on the scale that is identical with Puget Sound, it is felt that the termination of the labor difficulty paves the way for concerted action in bringing about benefits that will return to Portland her former trade in deepwater zones once normal conditions are restored abroad.

Obstacles Believed Removed. The Port of Portland Commission is understood to be prepared to undertake the coaling of vessels on the same rates as in the north, and that is viewed now as the last obstacle.

The longshore strike was called June 1, and while the men returned to work on a compromise for a short time the second walkout took place about June 22. The original demands were for 55 cents an hour straight time and \$1 an

TRAIN HITS AUTO; FOUR WOMEN HURT

MOUNT SCOTT CARS WRECK MACHINE IN LENTS CRASH.

Accident Occurs as Party Is Returning From Funeral—Two Victims Seriously Injured.

Four women were injured, two seriously, in a collision between a Mount Scott train and an automobile driven by W. B. Sloan, of Bellrose, Or., at Woodstock avenue and Ninety-second street Southeast, in Lents, at 6:15 o'clock last night.

The injured were: Mrs. L. H. French, of Bellrose, broken collarbone and bruised head; Mrs. A. Fields, of Wilson, Or., wrenched back; Mrs. Anton Ritzinger, of Kendall station, thrown from automobile and bruised, and Mrs. W. B. Sloan, head bruised slightly.

The automobile party were on their way home from a funeral when the accident occurred. The first the auto party saw of the car was when it came around a blind corner on Woodstock avenue. Mr. Sloan tried to cross the track ahead of the car, but it struck his left hind wheel and threw his machine onto the sidewalk, where it skidded up against the Multnomah State Bank.

Patrolman Reid called the Ambulance Service Company and Mrs. French, Mrs. Fields and Mrs. Sloan were taken to the Good Samaritan Hospital. Mrs. French was unconscious from fright and shock. Mrs. Ritzinger was taken home by a friend.

Mrs. French, Mrs. Fields and Mrs. Ritzinger were riding in the rear seat of the machine. Mrs. Sloan was with her husband, who escaped without injury.

Mr. Sloan is an employe of the Pacific Telephone & Telegraph Company. His automobile was badly wrecked.

BETTING FAVORS HUGHES

Odds Ten to Seven in New York, With Unlimited Offerings.

NEW YORK, Nov. 4.—(Special.)—Hughes is believed to be the favorite in the election betting. The prevailing odds at the close of the market today were:

Ten to seven that Hughes will be elected.

Five to three that Hughes will carry New York state.

Three to one that Whitman will be elected Governor.

Ten to nine that Wilson will carry Ohio.

Unlimited sums of Republican money was offered today in brokerage houses on the Broad-street curb market at odds of ten to seven that Hughes will be elected President.

(Concluded on Page 8, Column 2.)

TEAMS BATTLE IN MUD TO 0-0 TIE

Big Coast Classic Is Punting Contest.

EUGENE GRIDIRON QUAGMIRE

Oregon and Washington Elevens Equally Matched.

BEZDEK MEN MISS CHANCE

Slippery Pigskin Lost on Visitors' One-Yard Line—Beckett Figures in Only Long Run.

Fumbles Are Numerous.

BY ROSCOE FAWCETT.

EUGENE, Or., Nov. 4.—(Special.)—Oregon and Washington battled to a 0-0 tie this afternoon in a game that ran the gridiron gamut from mud to mediocrity and back to mud again. Close to 6000 spectators braved the wintry weather to witness the big football game of the Coast and most of them fled away in the muck and rain, colder, quieter and more dampish than when they entered the enclosure, and, on the whole, much disappointed at the exhibition.

Kincaid Field was a quagmire as a result of an all-night sojourn of rain. Although the clouds dried up in the forenoon, the heavens began to leak again about midway in the good battle. As a result, fumbling was frequent on both sides toward the close.

Teams Evenly Matched. The open style of play—forward and double passing—was hardly touched, and on the few occasions the rival strategists attempted something fancy; imagine a flying fish trying to sink a battleship, and you have the picture.

Analytically speaking, there was little to choose between the two elevens. It was a tie game—a game of much punting, and that's all anybody could make out of it. However, it must be said it was a much more evenly contested affair than that other famous 6-0 battle between Washington and the Oregon Aggies a couple of years ago—more even from an Oregon viewpoint.

Fans Receive Scares. Followers of both camps received their scares. Oregon had a splendid opportunity to win in the third quarter when Ching Johnson muffed one of Beckett's punts on his own 30-yard line. An Oregon player recovered, and with the wind blowing quite a breeze toward the Purple goal, to the south only 30 yards distant, the wearers of the chrysanthemums in the grandstands and bleachers set up a terrific hullabaloo.

Parsons tore off five yards around left end; Monteth plowed the right side for one, and "Shy" Huntington ate off three yards on right tackle. With the ball on Washington's 21-yard line, and one yard to go, Gil Dobie's Adam's apple must have experienced a terrible few seconds. "Shy" Huntington threw away the golden opportunity by fumbling on the fourth down, and Washington immediately punted out of danger.

Oregon came within a hen's hind leg of victory once before—late in the second quarter—when Parsons fell on an inside kick on Washington's one-yard line.

Fumble Saves Day for Dobie. Johnny might just as well have tried to catch an eel with boxing gloves. The ball squirted out from beneath him and Hiseley fell on it. Hiseley was not eligible to touch it, however, as he was in front of Beckett when he punted, and the officials rightly ruled
