

DRY OF COUNTRY POINT TO OREGON

Statistics Showing Improvement Here Used in Other State Campaigns.

PAPERS GIVE PUBLICITY

Numerous Officials and Business Men Quoted, All Declaring Conditions Are Better and Giving Proof of Assertions.

Oregon's experience under 10 months of prohibition has been extensively advertised through this campaign in those states in which prohibition will be an issue at Tuesday's election.

The "dry" forces have drawn extensively on Oregon statistics, showing the improvement in commercial, financial, social and moral conditions in the state since prohibition went into effect.

Within the last few weeks the Kansas City Star and Kansas City Times, in their fight to make Missouri "dry," have given much prominence to the situation in Oregon.

The campaign in Maryland also has given Oregon much beneficial advertising. The Baltimore Sun yesterday presented a full page of interviews with public officials in Oregon testifying to their experiences with prohibition. Following are some of them:

J. V. Burns, Sheriff of Clatsop County: "I did not vote for prohibition in 1914, as I was afraid it would hurt the state. But, during the six months ended June 30, we had less than half the number of people in the County Jail than in the same period of 1915. We also had 60 per cent fewer insane commitments."

Children Have Clothing.

"Before Oregon went dry I frequently had to buy clothes for children to attend school. Now the children all have clothing, but their parents also are better dressed. I have not attached a store in Astoria this year, evidencing that merchants are paying their bills." Leonard Cole, Mayor of Vale: "I have noticed that the children of Oregon have put shoes on lots of little children, save their school books, and they look to be better fed. They have lost that hungry look, and they keep on going home from their work. Likewise, we have to pay only one Marshall instead of three, and the City Jail is unoccupied. We occasionally catch a bootlegger, but they are getting about scared out. People can pay house rent now, who were never known to pay rent before, and you see less grief in general."

Lumber Workers Better Off.

Frank Gardiner, general manager Baker White Pine Lumber Company, Baker, Or.: "Lumbermen are better off for the prohibition law. I do not know of a single lumber manufacturer who would vote for a return of the booze. Most of them want a perfectly dry state."

"A great many of our men have money and are better off than they did not have but one suit before (and I can give you their names if necessary), and those same men, who were heavy drinkers before, are not drinking now at all. They feel better, and state they will vote for state-wide prohibition."

J. A. Best, Mayor of Pendleton.

"Pendleton and Umatilla County were never in a better financial and moral condition than at the present time. The poor people are able to pay their grocery bills and clothe their children. Vice in any form is not one-fourth what it was two years ago."

J. C. McKean, Sheriff of Morrow County: "From January 1, 1916, to October 1, 1916, I have had just one man in jail. So far my criminal expense has been reduced at least 70 per cent."

E. E. Johnson, Mayor of Coquille: "Oregon dry has done a great deal of emptying of the County Jail of Coos County."

WHISKY IN RAID RETURNED

But Share Owned by Convicted Bootlegger Is Destroyed Publicly.

One barrel, containing 73 quarts of Phebblerd whisky, was ordered released and returned to the man who had owned it prior to a raid by Sheriff's office, and a similar barrel,

containing a like amount of liquor, was ordered publicly destroyed by Circuit Judge Davis yesterday.

The "boozie" thus disposed of was that held in the County Jail in the cases of W. G. Manning and Robert Ostfield, who were charged with running a blind pig from the Manning warehouse at Ninth and Hoyt streets. Both admitted having equal shares in the whiskey, which was in barrels labeled "sauerkraut." Mr. Manning was acquitted by a jury in the District Court, Mr. Ostfield was convicted, and it was his liquor that was destroyed yesterday.

MRS. FLAVEL GETS DIVORCE

Property Rights Settled Out of Court by Prominent Astorian.

Elizabeth A. Flavel was granted a divorce yesterday from H. M. Flavel, member of a prominent Astoria family for whom the port of Flavel was named. Mrs. Flavel will have sole custody of the youngest child and the parents will have joint custody of the other two children, was the decree of Circuit Judge Davis.

Cruel treatment was the grounds for the action. Property rights were settled outside of court. Deserition was the grounds given for three divorces prayed for in actions filed in the Circuit Court yesterday. Laura Thomas desired to be freed from Henry Thomas, Kitty Mosman from Earl Mosman and Harry L. Mielke from Anita Mielke.

Save \$175 Now On the World-Record-Breaking HUDSON SUPER-SIX

You can save \$175 on such a car as has won all worth-while records if you buy before December 1st. On that date the factory begins manufacture of cars made from materials that have advanced enormously in cost. There is to be no change in models. We have still a few cars due us of the present production. We can take care of car buyers up to our allotment at the present prices. But you must act quickly if you wish to obtain the saving.

This season's output of Hudson Super-Sixes is built of materials contracted a year ago. Our present prices are based on their cost.

Our next production, starting December 1, will be built of materials contracted lately. The costs have enormously advanced. And, to cover that added cost, our price on the Hudson must advance \$175.

So cars of our present output, which dealers have still unsold, are the last Hudson Super-Sixes to be sold at present prices. We urge you to get one if you can.

There will be no change in motor, chassis or body. You get the same exclusively Hudson Super-Six motor. You get the same chassis, which in every worth-while test has shown endurance beyond what any other car has proved, and you get the same beauty and luxurious body with all its excellencies of detail. Changes, if any, will be slight.

It Can't Be Helped

We dislike these price advances fully as much as you do. They limit the number who can buy Hudsons.

But the Super-Six motor makes the Hudson supreme in performance and endurance. And we must continue to match that supremacy in quality and luxury.

We cannot skimp on this car if we wish to keep our pinnacle place. Nor shall we add an extra price for prestige. We add only our added costs. The new Hudson prices will be nowhere near as high as numerous other fine cars.

But that is a later question. Today you can save that \$175 if your dealer has any cars left.

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. His efforts to banish it brought out these little olive-colored tablets. These pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel, but to let Dr. Edwards' Olive Tablets take its place.

Most headaches, "dullness" and that lary feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "loggy" and "heavy." Note how they "clear" clouded brain and how they "perk up" the spirits. 10c and 25c a box. All druggists.
