

# MR. AVERAGE VOTER TELLS WHY HE IS SUPPORTING HUGHES

## Men and Women in Many Walks of Life Give Reasons Why They Will Cast Ballot for Republican Nominee.

**"WHY** are you going to vote for Hughes for President? A reporter going here and there about town, dropping into stores, offices, shops and factories, asked this question several dozen times the past week.

Herewith are printed the answers received, with the names of persons he interviewed. There was no effort to select in advance a list of those to see; purpose was to talk with the average voter and find out the elements in Mr. Hughes' candidacy that appeal to him. Here are the interviews:

**A Railroad Man.**  
E. C. Robbins, passenger department, Northern Pacific—It seems to find many big reasons why I am going to vote for Hughes for President. One of those reasons is that the Democrats have removed the tariff on shingles and other lumber materials. We cannot hope to compete on a free trade basis with other countries that hire cheap labor. The tariff on shingles and other lumber materials is one of the reasons for our foodstuffs, etc. But we cannot protect our industries because we are supporting through free trade. Another reason for my support of Hughes is found in the fact I heartily dislike the foreign policy of the present administration.

**A Street Car Conductor.**  
J. M. Berry, 450 North Twenty-fifth street—I am going to vote for Hughes because I think he will protect the lives and interests of American citizens better than any other man I know of. Then I believe Republican principles make for better business.

**A Clerk in a Business House.**  
Chester V. Vosper, 1284 Rodney avenue—I believe this country will thrive better under the operation of Republican principles than under any other. Why I shall vote for Hughes. Then as a man I prefer Hughes to Wilson.

**A Business Woman.**  
Miss Jessie C. Hines, Hotel Benson—I shall support Mr. Hughes because I think he is a statesman superior to Mr. Wilson. I also believe that the country would be better off under a Republican administration.

**A Secretary.**  
Harvey L. Moreland, 554 East Salmon street—I shall vote for Hughes because I believe in the principles of the Republican party. I believe in a protective tariff. Under the free trade program the Democrats have ruined temporarily the industries of the Northwest.

**A Public Official.**  
F. M. Brown, May American—I am going to support Hughes because the principles he has championed are the soundest for the American people. Also, I believe Hughes is the highest caliber of statesman, whose executive ability is unquestioned. I think a nation should protect its citizens abroad as well as at home. During Wilson's administration we have had little protection outside the United States.

**A Soldier.**  
E. E. Lewis, the armory—Why am I going to vote for Hughes? Because I believe he will uphold the honor of the American flag which the Democratic administration has not done. That should be reason enough for any man.

**Ex-Government Employee.**  
J. C. Luckey, 560 Elm street—We have had too much Wilson. Hughes is the better man. We have always had better business conditions under Republican administrations. Hughes is a man of courage.

**Social Worker.**  
Miss Mae Norton, Court House—Wilson has been a disaster to the people. Procrastination and vacillation are two of his characteristics. There are many things in his administration that are just what I am a Republican, and I believe the country always thrives better when Republican principles prevail.

**A Chimney Sweep.**  
G. B. Monroe, 237 1/2 Washington street—I don't like the so-called eight-hour law. Legislation that benefits but a few. The Democrats never did a damn thing for the American people. Free trade is not what the American people want. They want and need protection.

**A Detective.**  
Robert Craddock, Police Headquarters—I am going to vote for Hughes because he embodies all the principles of the Republican party. I am willing to see him elected because of his record while governor of New York. The country has prospered under Republican policies and I believe that there is in the United States today is but temporary because of the immense amount of money invested in the manufacture of war munitions. Then I hate to see the affairs of this country so mismanaged that the greatest amount of money that comes to the entire American people.

**A Salesman.**  
A. MacKenzie, 27 North Third street—I am going to vote for Hughes because I believe in putting the affairs of a big, honest nation in strong hands, thoroughly believe in Hughes as a man and in his principles, and as thoroughly detest a broad line that Democrats and Democrats only create.

**A Lumberman.**  
Samuel Connel, Fifth and Flanders streets—One cogent reason why I should vote for Hughes is because I honestly believe that the prosperity of Oregon depends upon the lumber industry, and that business cannot thrive under a Democratic policy of no tariff. I also regard Mr. Hughes as an able man with fixed opinions, in striking contrast to the incumbent.

**A Police Lieutenant and Spanish War Veteran.**  
L. A. Harms, 245 Vincent avenue—I am going to vote for Hughes because he stands for real, red-blooded Americanism. He is a true American from head to toe and I believe that he is entitled to the support of all true Americans.

**Clerk of Municipal Court.**  
Neal R. Crouse, 673 Johnson street—I am supporting Hughes because I think his election will sound the knell of the trouble in Mexico. With Hughes in the President's chair and a strong Republican policy put into effect I am of the opinion that the shipment of arms into Mexico will be no longer permitted, with the result that the fighting will end because of a lack of munitions with which to carry it on.

**An Attorney.**  
James W. Crawford, Northwestern National Bank building—I am supporting Hughes because I want to see general prosperity restored to this section. If Wilson is elected I am convinced that the business men of hard times. I am of the opinion that big business men are waiting for a change in Administration before they are willing to invest their money.

**Chairman of Public Safety Commission.**  
Harry P. Coffin, 468 East Broadway—I intend to support Hughes at the polls Tuesday because he is a safe man and I am a firm believer in "safety

**WOMAN LECTURER, AUTHOR AND DEMOCRAT, WHO CAMPAIGNED FOR WILSON IN 1912, TO DELIVER HUGHES ADDRESS IN PORTLAND MONDAY NIGHT.**

Miss Hester E. Hosford

Miss Hester E. Hosford, of Cleveland, O., who will make the concluding Hughes address of the campaign in Portland, Monday night, is a lecturer, author and social worker of note. She is just completing a speaking campaign tour through the Middle Western and Pacific Coast states, under the auspices of the Republican National Committee.

Miss Hosford will speak at a Hughes rally Monday night in the Elliot School, Rodney avenue and Knott street. There will also be a musical program.

In 1912 Miss Hosford was an effective and enthusiastic campaigner for Wilson, but like many who were for Wilson in that year she is now an ardent Hughes supporter. She campaigned for Wilson in California under the auspices of the Democratic State Central Committee.

A speaker of brilliancy and much vigor, Miss Hosford is also an able campaigner. She is author of "Woodrow Wilson, His Career, His Statesmanship and His Public Policies," published in 1912.

In 1915 Miss Hosford was first assistant organizer of the International Panama-Pacific Exposition Peace Conference. She is a daughter of the American Revolution and a charter member of the Woman's National Democratic League. She is one of many Democrats in politics who are working actively for Charles Evans Hughes.

first. "Countless men and women are today praying for peace, quiet, order. But the realities of the modern world are ever before them. We are living in a maddened sphere with the roar of cannon and the clank of small arms all around us. New problems are to be faced, new decisions are to be made. Justice Hughes has always met trying conditions unflinchingly, producing a record entitling him to rank as a thorough statesman.

of the highest American ideals. I believe in the protection of the American workingman as well as the large interests, the same standard of sincerity and integrity in the administration of National, as well as individual affairs, and a Government that will defend its citizens and its flag wherever they may be.

**A Timberman.**  
C. E. Byron, Imperial Hotel—I always have lost money under Democratic administrations, and always made money under Republican administrations. That is enough of a reason why I should support Hughes for President.

**A Banker.**  
Harvey Wells, Salem—I am going to vote for Hughes because he represents the progressive and conservative ideas of the Republican party. He is a man who will stand for the new Americanism.

**A Law Student.**  
John L. Bishop, Hammerley Court—I disapprove of Wilson's foreign policy. That is the main reason why I am going to vote for Hughes. Foreign countries should not be able to tell this Nation what course to pursue when she should be taking the lead of all nations.

**An Advertising Man.**  
R. E. Tallmadge, 341 Montgomery—I shall vote for Hughes because he stands for the best type of Americanism. He scores vacation and a policy of "wait and see" waiting, which that business conditions, especially in the Northwest, will be benefited greatly by a Republican Administration.

**An Expressman.**  
C. Petters, 391 East Thirty-first street—I am going to vote for Hughes because I am a Republican. The Democrats never did anything for this country except to throw honest workmen out of employment. Then, I don't believe in class legislation. That's what the Adamson bill appears to be.

**A Livestock Dealer.**  
Ben F. Hunt, 70 School street—I believe in the protection of American industries. That is one of the reasons why I am going to vote for Charles Evans Hughes for President.

**A Retired Business Man.**  
E. A. Fearing, 22 East Fifty-third street North—It is rather difficult to tell in a few words why I shall vote for Hughes. There are so many reasons they cannot be crowded into a small space. One big reason, however, is that there never was a time in the history of the United States when we needed a man at the head of this Government like we need Charles Evans Hughes.

**A Jeweler.**  
J. P. Jaeger, 131 Sixth Street—I shall vote for Hughes not only because of his own record, but also because of the record of the party which he represents. The Republican party has done the big things for this country. The Democratic party, on the other hand, has never been representative of the big men of the United States.

**Attorney and Musician.**  
R. Burns Powell, 1524 Yeon Building—I feel that Wilson is imbued with the spirit of humanity and that he has an interest in the people. But I am going to vote for Hughes because I must have more in my pockets than sentiment. You can't live on sentiment.

**A Cashier of a Moving-Picture House.**  
Miss A. C. Lewis, 215 Broadway Street—I shall vote for Hughes first because he is a Republican and so am I. Then Hughes will insure better times, because he represents the policies under which the American people are most prosperous.

**An Attorney.**  
Robert F. Maguire, 520 Corbett Building—As a Progressive Republican I believe in the protection of American rights who will unhesitatingly and unswervingly protect American lives and American rights wherever threatened

never can tell what to buy nor at what price, for the markets are so unsteady. It seems to me that the only solution I believe under a Republican Administration things would have more stability.

**A Telephone Operator.**  
Ann Coleman, 202 West Park Street—I am going to vote for Hughes because I am a Republican and I believe he represents the best Republican principles. I shall vote for him because I believe in the protection of the wages increase instead of the cost of living, I desire continuous employment at good wages. I love my country and my flag and I wish to see that flag the absolute guarantee of the freedom and protection of the lives and property of American citizens in every country and on every sea. I am a woman who wishes to see women have an equal chance with men in the Government.

**A Manufacturer.**  
Dennis C. Pillsbury, Secretary of the Columbia Trust Co., New York—I shall vote for Hughes because I believe he will, if elected, rise above political expediency and select as his advisers capable men of the Nation that have executive responsibility; because I believe he will discard personal prejudices in shaping the Nation's policies and insist upon full recognition of American rights at whatever cost; and lastly, because I believe his leadership will restore to the American people something of those sturdy ideals for which their fathers fought and bled and died, and thus regenerate the Nation self-respect which the last four years have all but destroyed.

**Prominent Suffragist and Clubwoman.**  
Mrs. Alva Lee Stephens, 632 Wasco Street—Among the reasons why I shall vote for Mr. Hughes are: I am strongly in favor of National woman suffrage, of a protective tariff that only the Republican administration affords, and because Mr. Hughes can be depended on to carry out what promises he makes to the American people. He seems to be a man of strong moral courage, a quality much to be desired in a President. If elected, Mr. Hughes will restore public confidence.

**A Hotel Bellman.**  
Billie Gibson, Head Bellman at the Imperial Hotel—I believe that under the Republican form of government there are more factories in operation, more factories mean more wholesale houses. More wholesale houses mean more traveling men. More traveling men give better business to the hotel and to the public at large. That is why I favor Mr. Hughes.

**A Taxi Service Operator.**  
R. C. Long, East 3245—There seems to be greater confidence in Republican principles and there results greater prosperity. Greater prosperity brings tourists. I shall vote for Hughes.

**An Insurance Man.**  
H. E. James, 38 Tenth Street—We have had enough of the Democratic party. We wish to have business confidence restored in this country. If we are to have good times that are permanent and not war induced, we should give the Republican party the highest support. "Peace" and "prosperity" are the same confidence in Democratic principles as they have in those of the Republican party.

**A Club Woman and Suffragist.**  
Mrs. Lee Davenport, 88 East Nineteenth Street—I have three good reasons for supporting Mr. Hughes. First, I believe he is big enough for the job. I was a resident of New York when Mr. Hughes was Governor and I had an opportunity to go through with measures that he thought to be right in the face of the greatest opposition from all sides. Then, I believe in the National woman suffrage under a Republican administration. Then with National suffrage assured, we will have a better government. I believe through the awakening of the American women.

**Insurance Commissioner.**  
Harvey Wells, Salem—I am going to vote for Hughes because he represents the progressive and conservative ideas of the Republican party. He is a man who will stand for the new Americanism.

**A Law Student.**  
John L. Bishop, Hammerley Court—I disapprove of Wilson's foreign policy. That is the main reason why I am going to vote for Hughes. Foreign countries should not be able to tell this Nation what course to pursue when she should be taking the lead of all nations.

Voters do not cast their ballots directly for the candidates for President at a Presidential election. As provided by the Constitution of the United States, they vote for Presidential electors, who in turn cast the vote of the state for President.

Each political party on the ballot has a ticket of Presidential electors. In Oregon, each political party has five candidates for Presidential elector—as many as the state has Senators and Representatives in Congress. To vote for the candidate of his party, the voter should put the mark "X" opposite the names of each of the five electors of that party and candidate.

For example, to vote for Charles Evans Hughes for President, the voter should vote for the five Republican Presidential electors. Opposite the names of these five electors are the words on the ballot: "For President, Charles Evans Hughes." For Vice-President, Charles Warren Fairbanks, so that it is easy to find the five electors for whom to vote.

The five Republican electors are R. R. Butler, of Wasco County; Willis E. Cattel, of Multnomah County; W. P. Keady, of Multnomah County; W. C. North, of Multnomah County, and J. F. Wilson, of Multnomah County.

The voter should put the mark "X" in indelible pencil opposite the names of not only one or two of the electors, but every one of them, if he is voting for Charles Evans Hughes.

or endangered, and who cannot be coerced by any faction into a betrayal of his trust, I am for Charles Evans Hughes.

**A Candy Maker.**  
J. Merrithew, Lents, Or.—I am going to vote for Hughes because when he says he will do a thing he does it. He doesn't "wait and see." I think he would make a very strong-minded and capable executive.

**A Woman Prominent in Women's Clubs and Church Circles.**  
Mrs. F. Eggert, 265 Fourteenth Street—Why am I going to vote for Hughes? I really cannot think of any reason why I should not vote for him. We want to return to the principles of the Republican party. Hughes stands for those principles. He is a man who will stand for the new Americanism.

**A Civil Engineer.**  
C. E. Carter, 422 Spaulding Building—I shall vote for Hughes because I believe in the principles of the Republican party and because I think we need firmness and sound business methods, and less theory and indecision at the head of our Government.

**A Hotel Proprietor.**  
Phil Metcalf, Jr., Imperial Hotel—Hughes stands for protection of American rights under any and all circumstances. Under the Republican party the infant industries will prosper. Hughes is a man of decision and character and one in whose promises the people of this country can honestly believe. For that threefold reason and many others will I vote for Charles Evans Hughes for President of the United States.

**A Confectioner.**  
W. K. Ray, 323 Washington Street—I am going to cast my vote for Hughes because he represents the principles of the Republican party. And I consider those principles to be the proper ones for American people.

at the head of the nation's affairs is absolutely necessary. Hughes is that man. Oregonians particularly should give their support to Hughes.

**A Farmer.**  
A. R. Duce, Clatsop Co.—I am going to vote for Hughes because he is, in my judgment, the best man to put into that office for the next four years. As soon as we have Europe in over the American markets will be crowded with European products unless there is a decided change in the tariff policy. The American manufacturer is given protection.

**A Timber Dealer.**  
C. S. Lowe, Imperial Hotel—My support shall go to Hughes because I believe he will best serve the interests of the entire United States, as well as my own.

**Fraternity Society Organizer.**  
William S. Mowry, Redman organizer, 237 Killingsworth avenue—I am going to vote for Hughes because I think times will be better if we have a Republican President. I don't believe, either, there is as great a possibility of our being drawn into war under Hughes as there is under Wilson. Also, Hughes understands, I believe, judicial procedure better than does Wilson, and would, therefore, be better able to deal with the mass of legislation.

**A Barber.**  
Will Davis, 1509 Marine street—I do not like the weak foreign policy of the present administration. I believe that the American flag should stand for absolute protection of American rights and property in every land or on any sea.

**A Cattleman.**  
R. P. McClelland, Philomath, Or.—I am going to vote for Hughes because I think any man who has his best interests at heart should have a Republican not vote for anyone else. I have seen the livestock business, under a Democratic administration, in a condition that money could not be borrowed on livestock, nor livestock be sold. Seldom have I encountered any such condition with a Republican at the helm of the Nation's affairs.

**A Tailor.**  
Henry Chambers, 171 West Park street—I believe in protecting American lives and property in all parts of the world. I believe in never letting the American flag trail in the dust. The present Administration offers little protection to the American citizen outside of the United States. I believe in protection to the American manufacturer within the United States.

**A Telegrapher.**  
E. J. Carlson, Western Union operator—The election of Charles Evans Hughes will inspire business progress and give employment to our men now being opposed by Oriental competition.

## CANADIAN TOURS DRIVE COLUMBIA HIGHWAY IMPRESSES TOURIST ASSOCIATION MAN.

H. C. Cuthbert, Acting Secretary, Tells of Coast Plans to Have Easterners Visit Northwest.

Herbert Cuthbert, acting secretary of the North Pacific Coast Tourist Association, was in Portland yesterday, and, in company with C. C. Overmyer, president of the Portland Automobile Club, made a trip over the Columbia River Highway. It would be unnecessary to say that he enjoyed it. Mr. Cuthbert lives at Victoria, B. C., and declares that not over the famous Mishahat drive out of that city can compare with the highway that is Portland's.

"We propose," said Mr. Cuthbert in discussing the plans of the tourist association, "to put on an organized campaign for selling the scenery of the Northwest as one tour. It is nonsensical for each county to attempt a campaign for selling its individual attractions.

"We will send representatives to the East and shall probably open headquarters at Chicago as the most central point. From there our agents will be sent out to intercept all persons who travel in spending their vacation in the Northwest.

"It will bring tourists by the thousands, and that means at least a month, instead of one day or a part of a day, or part of a week.

"It will bring millions of dollars of new money into the Northwest. Mr. Cuthbert will ask that all commercial organizations and schools of the state get behind him to make a campaign for "Post Card Writing Day." He suggests that every resident of the Northwest send from one to 20 scenic post cards to Eastern men and women.
