**2400 Women's and Misses' New Winter Coats**

In a Grand Showing Tomorrow--Second Floor

**762 Women's Coats Bought Special**

Our sales of Coats during the month of October were the largest we have ever experienced. This fact prompted our buyer of Women's Apparel, now in the market, to send us two great shipments of Coats, one of which she describes in her letter as follows: "I found a lot of 762 Coats in one of our best houses which were withheld from shipment to a big Southern house, and after much dickering I succeeded in getting them at a price which means a great loss to the manufacturer, but he was anxious to turn the coats into cash. Mark them low, according to the price which I paid. By so doing you will greatly increase our November sales, and at the same time give our customers the most remarkable Coat values ever offered in Portland. Make an extensive showing in windows."

—IN THIS IMMENSE LOT OF COATS THERE ARE beautiful models for evening wear, dressy street coats, smart coats for motoring and coats for utility wear in this season's very latest styles. Belted effects, loose, full styles and novelty cuts with large collars, deep cuffs, etc. Many are trimmed with fur. Unquestionably the greatest showing of high-class coats ever announced in this city. Materials include zibelines, tweeds, plush, Kuritec cloth, brocaded velvet, wool velours and various other weaves. All the wanted plain colors, also great assortment of plaids, checks and stripes. Owing to the vast range of styles no woman need look further to satisfy her fancy.
