

TAX LIMITATION TO HIT THREE BUDGETS

County, State and Port of Portland Must Cut Down About \$91,000.

OTHERS ARE WITHIN LAW

Exceptionally Low Levy Made by State Because of \$500,000, Which Now Proves to Be Financial Handicap.

The county, the state and the Port of Portland are the only local branches of government that have any worries as a result of the adoption by the voters of the 4 per cent tax limitation law at Tuesday's election.

The county faces the necessity of trimming \$24,000 out of its road budget for next year, the county general budget must be trimmed \$49,000 and the Port of Portland must get rid of something like \$18,000.

The state, according to State Treasurer Kay, made its tax levy exceptionally low for the present year because a surplus of \$500,000 in funds was carried over from last year and therefore the amount did not have to be raised by taxation.

The county road budget, as submitted, totaled \$693,000 for 1917, as compared with \$621,000 raised for the present year. Under the tax limitation law this would allow the road fund to be increased \$35,000 next year.

The amount available for county general purposes is somewhere near \$340,000 for 1917, as compared with \$346,000 for 1916, a proposed increase of about \$9,000.

There is a question as to whether the county budget's including the road budget and the county general budget cannot be considered as one.

The city of Portland budget, as adopted, is about \$4000 under the legal amount that could be increased over the present year.

Harassed Newspaperman Writes Election Jingle.

Incessant Call of Telephone Bells for Returns in Presidential Contest Annoys Nov.

ALBANY, Or., Nov. 11.—(Special).—Having answered telephone calls by the hundreds the past few days to give out election information David G. Hallie of the Albany Evening Herald, was inspired yesterday to write a rhyme which doubtless expresses the feelings of scores of Oregon newspapermen during the busy week of election returns.

"Hear the jingle of the bells, 'phony' bells. How they jingle, jingle, jingle, through the dreary hours of night till we yell out in fright. But the bells, bells, bells, bells, bells, keep on ringing, keep on ringing in despite. And many kinds of voices, not a one of which is of the 'phony' variety, are heard, 'is it true that he's excited?' It's over, but the shouting, so what's the use of shouting, and kindly, if you love us, please, no longer thus confound us or you'll surely 'underground' us. Ring off, bells, bells, bells, bells, bells."

EARLY SETTLER IS BURIED

Funeral of Mrs. Nancy Miller, 85, Is Held at Hood River.

HOOD RIVER, Or., Nov. 11.—(Special).—The funeral services for Mrs. Nancy Miller, who died in Portland last Wednesday at the age of 85 years, were conducted yesterday by Rev. W. B. Young, pastor of the Asbury Methodist church.

Mrs. Miller crossed the plains to the Dalles in 1864. The next year with her husband she went to a plot near Mosier to take up life on a homestead claim. Mrs. Miller's husband died seven years ago, almost to a day, before his wife.

Mrs. Miller is survived by a son, John Miller, of Linn County.

GOLD GONE! HEAD AND NOSE CLEAR

First Dose of "Pape's Cold Compound" Relieves All Grippe Misery.

Don't stay stuffed-up! Quit blowing and snuffling! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken will end your misery and break up a severe cold either in the head, chest, body or limbs.

27 MILLS ESTIMATE

Only Three of Nine Levies in District Are Decided.

INCREASE ONLY 1.6 MILLS

No Branch of Government Shows Decrease and General Advance Is Assigned to Lower Valuation, With Supplies More Costly.

County Must Make Cut.

The amount available for county general purposes is somewhere near \$340,000 for 1917, as compared with \$346,000 for 1916, a proposed increase of about \$9,000.

Table with 3 columns: Item, 1917, 1916. Rows include State, County school, County general, County road, Library, Port of Portland, School district, Dock Commission, City of Portland, and Totals.

Prospects are that taxpayers in Portland will get through next year with an increase of only \$1.60 on each \$1000 of their assessed valuation.

The total levy based on estimates from all the branches of government not yet certain as to their levy will be 27 mills for next year, as compared with 25.40 mills for the present year, a prospective increase of 1.6 mills.

Based on this estimate the taxpayers of Portland next year will pay \$27 on each \$1000 of assessed valuation of their property as compared with \$25.40 paid for the same purposes this year.

The levy for the City of Portland shows a big increase due to a decrease in assessed values and also to the policy of the City Council of wiping out part of a deficiency in funds which has bothered the city for about two years. This has caused an increase in the levy.

No branch of the government shows a decrease in the levy for next year as compared with that for this year. All at present show an increase and undoubtedly will when the levies are finally fixed.

These increases in most instances are due to a decrease in the assessed valuation, which decreases the amount of revenue from each mill of taxation. The increases are further necessitated by increased cost of sup-

We all feel that the ride along the gorge of the Columbia with you was a fitting climax to a most unusual summer. When the time comes, as it must within the next few months, to write my summer adventures for The Saturday Evening Post, I shall certainly have nothing but enthusiasm for the Highway. It has indeed set a new mark not only for America but for the road building of the world.

Doctor Rinehart has asked me, when I write to you, to convey his regards and his gratitude for a delightful trip. We are trying to plan the Oregon trip for next summer. So perhaps this is only au revoir.

Very cordially yours, Mary Roberts Rinehart

MRS. MARY ROBERTS RINEHART ON HIGHWAY AND A SECTION OF THE LETTER.

Mary Roberts Rinehart, novelist, probably will be in Portland this summer as the guest of the Trails Club, of which S. C. Lancaster is president. A letter to Mrs. Rinehart, sent by Mr. Lancaster, inviting her to be the guest of the Trails Club on an outing next summer, passed on route a letter from Mrs. Rinehart to Mr. Lancaster, advising him that she undoubtedly would visit Oregon again in 1917, for the express purpose of gathering additional data on the Columbia Highway, which she will put into story form, within a few months.

The Trails Club at its meeting last week passed a motion to invite Mrs. Rinehart for the outing.

plies and materials under present and prospective market conditions.

LINN ELECTS OLD HANDS

Three New Legislators All Have Previous Service.

ALBANY, Or., Nov. 11.—(Special).—Every member of Linn County's delegation in the next Legislature will be an experienced legislator. There is not a member of the entire delegation who has not been through at least one legislative session. Chairman of the delegation, the two Senators are both hold-overs and served in the last session. The three Representatives elected Tuesday are: Frank H. Porter, of Halsey; W. P. Elmora, of Brownsville, and Charles Childs, of Brownsville. Porter was a member of the House in 1913; Elmora served as one of Linn's representatives in the 1915 session and Childs was a member in both the 1913 and 1915 sessions.

Deputies Watch Vote Canvass.

Official canvass of the Multnomah County vote was begun at the Courthouse yesterday with two deputy United States marshals present. An unusually large number of electors were sworn in at the polls Tuesday, totaling more than 3500. These cases are

FREAK ELECTION BETS BEING PAID OFF AS CAMERA MAN INTERRUPTS.

AT LEFT—TOM WILSON BEING WHEELED. IN FOREGROUND, TIM O'LEARY WHEELED BY CHARLES LAFF

More freak election bets were paid yesterday. The great favorite seemed to be the old wheelbarrow bet, the loser wheeling the winner through the streets. Two Wilson men, at Jones' Cash Store, enjoyed the triumph of riding on the weather decks of wheelbarrows in the noon hour yesterday. Two of their fellow employees, "disenjoyed" the task of wheeling them from the store, at First and Oak streets, up to The Oregonian building, and back again.

CEMENT PLANT AT OSWEGO INSPECTED

Members of Chamber of Commerce and Progressive Business Men in Party.

WHOLE PROCESS DETAILED

First Excursion Took in Shipyards and Furniture Factories, Next Will Go to North Portland Industrial Enterprises.

Approximately 150 members of the Chamber of Commerce and the Progressive Business Men's Club visited the big plant yesterday.

The trip was the second industrial excursion by the Progressive Business Men's Club. The Chamber of Commerce members went along because of a previous invitation from the cement company.

The first club excursion was taken a week earlier to the various manufacturing plants and furniture factories of South Portland.

The entire property of the company embraces 25 acres and cost, in the neighborhood of \$1,500,000, including the plant and the quarries. The daily output is 1100 barrels and between 30 and 40 men are employed.

The Portland business men had their first hints on cement manufacture at the crushers where the two grades of rock are crushed and then conveyed on wide belts and dropped into large rock bins.

Among the auxiliary buildings on the company property are the offices, the carpenter, machine and blacksmith shops and the testing laboratories where the cement is examined as to standard quality.

Plant Is Extensive. In this state it is sent into storage and then into what is known as the finish grind. After it has passed through two mills it is turned out to the yarding area.

Among the auxiliary buildings on the company property are the offices, the carpenter, machine and blacksmith shops and the testing laboratories where the cement is examined as to standard quality.

Among the auxiliary buildings on the company property are the offices, the carpenter, machine and blacksmith shops and the testing laboratories where the cement is examined as to standard quality.

HORSE CALLS FOR HELP

Owner Warned of Oanger to Teammate, Which Is Rescued.

HOOD RIVER, Or., Nov. 11.—(Special).—When Arlo Ingels, a Dee Flat rancher, arose yesterday morning he noticed one of his Percheron horses walking around a new open well shaft and neighing excitedly as it peered downward.

With the assistance of neighbors, an inclined trench was dug into the well, and by means of a block and tackle the 1500-pound horse was dragged from the well with a team. It recovered soon from the fall.

Worshippers 80 Years in Same Place.

Longshoreman Seeks Damages From Astoria for Fall.

ASTORIA, Or., Nov. 11.—(Special).—Ernest Peterson, a local longshoreman, filed a suit in the Circuit Court today against the city of Astoria for \$10,165.50 for personal injuries.

Goodbye Wrinkles! Ban Complexions, you must go!

NOUVELLE BEAUTE POUR TOUTES LES DAMES

Remarkable discovery of skin osmosis to make wrinkled, hollow-checked, aged-looking women astonishingly beautiful, youthful and charming.

FRANCE'S GREAT PRIZE BEAUTY TELLS—How you can almost immediately suppress the appearance of smaller wrinkles and marks of age and make yourself look from 5 to 15 years younger in 30 days' time. How to banish every complexion blemish in three nights in many instances.

A thousand times I have heard rich women say: "Oh! youth is so wonderful and lovely. I would give everything I possess for youth and beauty again!" No woman with the slightest speck of pride or ambition in her wants to be laid on the shelf, aged, careworn, wrinkled and forgotten so that men wish to avoid her at every dance and dinner party, and come to themselves would like someone who looks younger to brighten up the occasion.

Since the remarkable discovery of skin osmosis, almost any woman can obtain most astonishing new beauty and even though she is 40, or 50 or more years of age. The Countess de Chevaline who at 70 years of age possesses a marvellously soft, smooth, youthful complexion without a wrinkle in sight, told the writer personally in Paris that she owed it all to the discovery of skin osmosis. With this marvellous discovery every complexion blemish can be banished in three nights in many instances, and you can awaken the morning with a beautiful, rosy-colored complexion fresh as a daisy.

I have known dozens of hollow-cheeked, wrinkled, aged-looking women, who had given up all hope of ever looking beautiful and youthful again, to "come back" and again become most beautiful, youthful and fascinating in the ground. The plaintiff's time by this wonderful, simple method.

No matter what your age or what you have tried unsuccessfully, skin osmosis will surely bring you new beauty and youth. Nicely wash your face in warm water at night and rub in a teaspoonful of the cream. The re-roseated cream which you can obtain from your druggist. In the morning wash the face with cold water and rub in more cream.

complaint avers that on October 25, 1915, the plaintiff, aged 40, was riding a sidewalk railing on Bond street, between Twelfth and Fourteenth streets, when the railing gave way and he fell precipitately to the ground. The plaintiff, says the complaint, was so badly injured that he was paralyzed from his neck to his feet and is permanently disabled.

He expended \$165.50 for hospital fees and he seeks to recover that sum, as well as \$10,000 damages.
