Christie Home Committee at Daily Lunches Plans Ways to Gain Funds.

\$15,000 OBTAINED IN WEEK

Efficiency of Institution Apparently Recognized by Public and All Sects Are Lending Hand in Carrying on Campaign.

Another leap toward the goal of success in the \$100,000 fund-raising campaign for the Christie Home for Orphan Girls was taken last Thursday, when the committee in charge of the large subscriptions met at the Portland Hotel for the first of the daily lunches which will be served there for this committee until the close of the initial companies. initial campaign.

These lunches were deemed necessary in order to afford the men an opportunity of coming in closer contact with each other, and by so doing keep in touch with what is being done and avoid duplication in their collecting. During the first week of solicitation the committee has obtained in cash and pledges more than \$15,000.

Cordial Reception Reported. All the men state that they have met with cordial receptions and warmhearted generosity from the people whom they have solicited. The citizens of Portland seem to realize what an efficient institution Christie Home is, and that the movement now under way is contemplated to help the many orphan girls of the state by giving them a comfortable home and a Christian education.

White says, "In working for so noble and far-reaching an institution as an orphanage, religious divisions should play no part. From the time of its foundation Christie Home has been open to all classes and all religious and your that the call for religions, and now that the call for aid has been sent out, all classes and all religions should consider it a privilege and an obligation to unite and work for the benefit of the orphans."

Supreme Effort Is Urged. With just seven business days before the launching of this big money-rais-ing movement, General Chairman Dr. Andrew C. Smith has issued an admonition to all team captains to make a supreme effort to have their ranks filled before noon of Wednesday, No-

The women team captains will meet in parlors E and F of the Portland Hotel Tuesday at 3 o'clock. Each captain is requested to bring her team members with her, and if they cannot come, at least bring the list of their remes least bring the list of their names. This is absolutely essential to success of the campaign, as it leaves only three days for headquarters to list the members, send them all their credential cards and announcements before the mass meeting of team captains and members,

Captain Murphy made no announce ment of his prison policy yesterday, preferring to make a thorough study of conditions at Salem before making any changes in the regular prison ad-ministration. He expressed an under-standing that certain problems needed solution, and showed his anxiety to adopt the correct procedure. Any announcement at the present time, he said, might possibly be a handicap after fuller information of conditions had been gathered. The best working out of prison problems, in his opinion, is to be procured by slow and careful action, with all fact wall in head.
