

WAR IS DECLARED

Greek Rebels to Go Against Germany and Bulgaria.

GOVERNMENT MAY DISARM

One Report Says Resistance Will Not Be Made Against Entente, While Another Says That Allies Will Meet Opposition.

ATHENS, Nov. 25.—The Greek provisional government, composed of followers of ex-Premier Venizelos, has formally declared war on Germany and Bulgaria.

LONDON, Nov. 25.—Reuter's Athens correspondent says it is stated in circles close to the Greek court that any attempt of the entente allies to obtain possession of Greek arms and ammunition as demanded by Vice-Admiral du Fournet, commander of the allied squadron, will meet with resistance.

The dispatch says the military party has taken a decided attitude and that any attempt to take the arms demanded by Admiral du Fournet will meet with resistance even if King Constantine orders their surrender.

In the event of resistance it is expected the allies will arrest the leaders of the movement and occupy the customs houses.

"The situation is most grave," the correspondent continues. "The only apparent solution is Greece's ultimatum to Bulgaria."

The Greek Ministry, examining anew into the entente demand for Greek arms and ammunition, has decided not to insist on resistance to the demand, according to reports from Athens received in a wireless dispatch from Rome today.

ULTIMATUM IS GIVEN ATHENS

Only Short Time Given by Allies for Delivery of Arms.

ATHENS, Friday, Nov. 24, via London, Nov. 25.—The entente allies have delivered an ultimatum to Greece requiring delivery of Greek arms and guns which was demanded recently.

The ultimatum, which comes from Vice-Admiral Du Fournet, commander of the allied squadron, while allowing only a short period in which the arms now in Athens are to be surrendered, declares willingness to grant a longer time for delivery of war materials in Thessaly and Macedonia.

The resignation of the Cabinet is considered imminent. This afternoon King Constantine called Christakis Stographos, ex-General Minister, to the palace.

'STOP THE WAR' MOVE ON

IDEA IS TO ENLIST NATION BEHIND PRESIDENT WILSON.

American Conference Committee Is to Organize Branches in All Parts of Country.

NEW YORK, Nov. 25.—Further steps in a National "stop-the-war" campaign, designed to crystallize sentiment so that any peace move which may be made by President Wilson will receive the support of the Nation, were taken here today by the organization of the New York branch of the American National Conference Committee.

At the beginning of the war a distinguished publicist in London declared that the President of the United States had before him the greatest opportunity for good in his history.

"Wise men in all countries look to our Nation as offering their only hope for a worthy end of the war."

The committee, composed of 100 prominent men and women, will be assisted by an "advisory" and finance committee.

The campaign to be conducted will include mass meetings throughout the country as the dissemination of accurate information on the growth of peace sentiment in the belligerent countries.

STEAMER CATCHES FIRE

POWHATN IS FORCED TO MAKE PORT TO FIGHT BLAZE.

Passenger and Freight Liner Carrying About 40 Persons When Danger Is Discovered.

BOSTON, Nov. 25.—The Merchants and Miners Line passenger and freight steamer Powhatan caught fire off Block Island early today.

Captain Chase reported the fire, which was in the forward hold, was under control and that the vessel had anchored in Block Island harbor and would continue her voyage later.

The steamer left Boston yesterday for Baltimore by way of Newport News and Norfolk.

The Auchsnet was at Woods Hole when she picked up the call for help. The Powhatan is a vessel of 2126 tons net, plying regularly between Boston and Baltimore, with passengers and freight.

There were 16 passengers on board the steamer. Her crew numbered about 40.

NEW PREMIER IS IN

M. Trepoff Appointed by Russian Government.

Change Is Duma Victory

London Regards Shakeup as Disapproval of Alleged Attempt of Previous Minister to Negotiate Patched-Up Peace.

PETROGRAD, via London, Nov. 25.—The resignation of Boris Vladimirovitch Sturmer as Premier and Foreign Minister, which became known today with the announcement of the appointment of M. Trepoff, as Premier, had long been accepted as an inevitable outcome of the struggle between the present Cabinet and the Duma.

It is almost impossible to overestimate not only the political, but the national significance of the Duma victory, since for the first time in history, Russian public opinion is considered to have triumphed over influences which were regarded as antagonistic to good government.

Press Is Satisfied.

M. Trepoff's appointment to the post of Prime Minister is greeted with satisfaction by the newspapers, which, however, express the opinion that this is only the first step toward carrying out the programme which is dictated by present political necessities.

LONDON, Nov. 25.—The appointment of M. Trepoff, assistant Russian Minister for Foreign Affairs, as Foreign Minister, is reported by Reuter's Petrograd correspondent, M. Nersisoff, to replace Boris Sturmer, who held the foreign portfolio as well as the Premier-ship.

London Interest Keen.

The change in the Russian Premier-ship has been received here with the keenest interest. The significance of the change is indicated by the comment in today's editorials. The Daily News says:

"The most important fact is that the pro-German agitation which has lately been going on in Russia has now been finally crushed. A somewhat similar position is taken by the Chronicle, which says:

"The fall of Premier Sturmer was due to criticism on two grounds: 'First, the disorganization of the Russian food supply; second, the alleged attempt to promote a patched-up peace.'"

BERLIN, Nov. 25.—(By wireless to the Associated Press, via Sayville, N. Y.)—Dispatches from Stockholm report that the Russian government is preparing to bring proceedings against Professor Paul N. Milukoff, leader of the constitutional demands. For his speech at the opening of the Duma in which he touched upon delicate points in Anglo-Russian relations, and particularly upon the retirement of M. Sazonov as Foreign Minister, which, according to early reports, was strongly criticized by the British Ambassador as an act of perfidy toward the entente allies.

S. T. Waroun-Heret, vice-president of the Duma, who was in the chair when Professor Milukoff spoke, is reported to have tendered his resignation for failing to prevent the incident.

RAIN HALTS FIGHTING

SHELLS FAIL TO EXPLODE WHEN BURIED IN MOIST SOIL.

Berlin Says Anglo-French Forces on Somme Use Colonialia Instead of Home Forces in Front Lines.

BERLIN, Nov. 25.—(By wireless to Sayville, N. Y.)—Extremely bad weather brought the great Somme battle to a halt, says an Overseas News Agency review today.

A large number of shells failed to explode, burying themselves in the moist soil, according to the report from the fighting front, while the troops suffered from the wet and cold.

Attacks have been fruitless, declares the semi-official summary, which charges the British with employing contingents of colonial troops, notably Australians, instead of their home forces, in the first line during what it alludes to as a battle for "practico," although the Australians had been engaged for six weeks in the hotly disputed Fozzeres sector. It declares the Australians and New Zealanders lost in round numbers 40,000 men in the Somme fighting, three of their divisions having been completely wiped out. The Canadians, too, it is asserted, after suffering heavy losses in the Ypres fighting in June, were thrown into the Somme battle in September and have been in the first line in all of the great attacks since September 9.

BERLIN, via London, Nov. 25.—The fortified town of Ramsgate, on the English Coast, was bombarded by German naval vessels on Thursday night and Friday morning, says an official announcement issued today. The German craft sank the only hostile vessel, a British patrol ship, which was encountered, the Germans returning safely to their base.

The statement reads: "Portions of our naval forces on Thursday night and Friday morning advanced against the mouth of the Thames and northern outlet of the Downs. With the exception of an out-post vessel which was sunk by gunfire, no enemy forces were encountered. The fortified place of Ramsgate was subjected to artillery fire.

"Nothing of the British fleet was visible and our forces therefore withdrew, returning safely to their home base."

LONDON, Nov. 25.—A raid by six German torpedo-boat destroyers on the English Coast, which took place on Thursday night, was announced in an official statement today. The raid was ineffective, according to the statement, which declares that the six German destroyers participating in it steamed away quickly after firing a dozen rounds, one shell striking a small vessel, but causing little damage and no injury to the crew.

The official announcement reads: "Six German destroyers during the night of Thursday attempted to approach the north end of the Downs, but were seen by a patrol vessel. The enemy fired about 12 rounds and quickly steamed off at once. One shell hit a drifter without injuring any of the crew and only damaging her upper works. No shell fell anywhere near the open town of Ramsgate."
