## MORE SCHOOLROOM NEEDED Albany Decides to Rebuild One of

Present Buildings.

ALBANY, Or., Nov. 25,—(Special.)— The Madison public school in this city will be rebuilt during the coming year so that a junior high school department may be established there. This was decided upon at the annual meeting of the taxpayers of the district this week and an appropriation of \$14,000 was

voted for the purpose.

Because of the number of students, it has been found necessary to have junior high school grades in the Madi-son School in the eastern part of Albany. Accordingly an addition will be built to the Madison School and

the building rearranged so that these departments may be installed.
