

Decorated Furniture

ALONG with the "Moderne" in art and music comes a strikingly beautiful and entirely new note in furniture. No period has been slavishly followed—no color scheme—no fixed and set idea. The whole aim and end of the movement is beauty—utilitarian beauty.

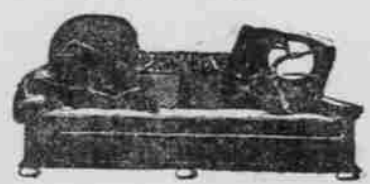

A number of manufacturers have been scattering so-called decorated furniture over the country—furniture decorated in various Oriental designs. But it remained for a certain manufacturer, famous for his truly artistic products, to import a number of Japan's best-known artists for the express purpose of designing and decorating the furniture which is now on display in our Furniture Gift Shop.

The wood used in all this furniture is mahogany. For the most part the backgrounds are dark—black or rich deep blue or green, with wonderfully beautiful designs in raised lacquer. These are in the harmonious soft tones, with just a sprinkling of rich, gorgeous color or gold, for which the Japanese are famous.

Some are in jolly Chinese red—sure to give a bright, happy note to any spot in your home which you decorate with these artistic pieces.

Tip tables with lovely designs—quite like an old Japanese print, mellow in tone—to beautify any wall. Desks, chairs, tables, clocks—in endless variety of color, design, size and price.

Candlesticks as low as \$1.50. Small Tables, \$12.25. Tip Tables up to \$101. Desks up to \$93. Nest of Tables, \$29.50 upward. Ferneré, \$27.45 upward. Aquarium, \$48. Lamps, \$5.35 to \$150.

Spinet Desks

—of handsome, rich mahogany, in simple Colonial design, are here in widest array. Some are small and severely plain. Others are large, with touches of beading and many have secret drawers for your treasures. These range in price from \$21.50 to \$175.

Lamps and Shades

—are here in such abundance for your choosing it is impossible to describe them. Beautiful Italian Polychrome Lamps of all sizes. Mahogany Lamps—some as low as \$2.50. Lamp Shades from \$1 to \$40.

Lovely Trays

First the Chinese peeled Trays—generous in size and durable—painted in the most fascinating "Yogue" designs. Bright yellow birds on black grounds, pale mauve flowers on creamy white or gorgeous peacocks on softly tinted grounds. Priced at \$1.50.

Besides these are MAHOGANY TRAYS in so many shapes and sizes and styles, you will have to see them to appreciate what a splendid assortment is here.
