TITLE TO MONARCH MILL IS RESTORED

Judge Kavanaugh Rules That Proceedings in Forced Sale Were Illegal.

REORGANIZATION IS PLAN

Suit to Quiet Title, Which Has Just Been Dismissed, Comes as Result of Breach of Contract by Lester W. David.

Dismissal of a sult to quiet title to the property of the Monarch lumber mills at Kenton by Circuit Judge Kavanaugh yesterday concludes two years of litigation, partially affects a contract involving the reorganization of the mills under a new corporation of the mills under a new corporation. and may throw the plant into the hands of a receiver. Judge Kavanaugh's ruling stamps as

wold the purported title obtained by E. W. Spencer at a Sheriff's sale in 1914, transferred to John W. Getz, and later assigned to Grayson M. P. Murphy, of the Assets Realization Company, of Chicago, who filed the action to quiet title.

That this affects the deed in escrow which Lester W. David procured from the Assets Realization Company and now has in the safe deposit vaults of a Portland bank, is denied on the ground that this is held under a \$300,000 mortgage, the validity of which was not passed upon by Judge Kavanaugh. Mr. David's rights are injured, how-ever, inasmuch as they included the supposed Spencer-Murphy equity over and above the mortgage.

Estimates Vary Widely. Mr. David's attorney, C. A. Sheppard, holds that the mill property is not now worth the mortgage. It has been variously rated from \$200,000 to \$640,000. The mortgage was not directly in issue in this case, but the defendants attacked it, alleging that it was fraudulent and usurious and given for a sum greatly in excess of the amount owing from the Monarch Lumber Com-pany to the Assets Realization Com-

It is not impossible that the validity of this mortgage is a question which must be determined before further development work involving the plant is

A contract was made last April by Mr. David with W. D. Wheelwright, of the Pacific Expert Lumber Company, for the formation of a new company to take over the Monarch property. In a recent suit filed in the Circuit Court, Mr. David is accused of abrogating this contract in favor of George F. Henry contract in favor of George F. Heusner, John Kiernan and others interested in the recently incorporated Monarch Mills Company.

Old Company Has Title.

Title to the Monarch property, by the decision of Judge Kavanaugh, is now vested in the old Monarch Lumber Company, subject to the \$300,000 mort-gage and judgment liens totalling \$30.

Maurice W. Seitz, attorney for John Bjellk, one of the defendants in the suit to quiet title who holds a \$3000 judgment against the Monarch Lumber Company as the outcome of a personal injury suit, said yesterday that he intended to file a motion shortly to have Mr. and Mrs. A. W. Shaler, of Sp a receiver appointed for the lumber kane, ar registered at the Imperial.

Other defendants in the Mprphy suit which was dismissed yesterday were W. T. Patton, who held a judgment for \$803.95; Brayton & Lawbaugh, to whom was owing \$3,741.23, and A. C. Springer, who held a judgment for

Property Sold by Sheriff.

On March 2, 1914, the property of the Monarch Lumber Company was sold at Sheriff's sale to E. W. Spencer for \$7,633.50, encumbered by a \$300,000 mortgage of the Assets Realization Company. It was sold in satisfaction of a judgment of \$17,251.50 obtained by Mr. Spencer against the Monarch Transportation Company and the Monarch Lumber Company, the latter being included as a debtor of the transportation company, which had been gar nisheed. included as a debtor of the transporta Later Mr. Spencer assigned his title

to John W. Getz, who in turn assigned it to Grayson M. P. Murphy. This action threatened to shut the creditors out and to dispose of their judgment chims. Mr. Murphy brought the ac-

Judge Kavanaugh held that statufory requirements were not observed by Mr. Spencer in acquiring the title through judgment. The Monarch Transportation Company was the defendant but the garnishee was the Monarch Lumber Company, which admitted ow-ing the transportation company \$7250. The Sheriff properly levied upon the property of the defendant, but proceeded at once to levy also on the property of the garnishee.

Proceedings Held Irregular. "It does not appear in the proceed-ings that he demanded payment of the debt from the garnishee or that the garnishee failed to pay the debt upon demand," concluded Judge Kavanaugh.

Attorneys for Depositors of Defunct Bank Win.

SERVICES HIGHLY PRAISED

Judge Kavanaugh Says 12 1-2 Per Cent of Amount Recovered Is Not Enough, in View of the Skill Required and Uncertainty.

For their part in recovering \$26,600 for depositors in the defunct American Bank & Trust Company, Attorneys I. H. Van Winkle and Sidney J. Graham will receive \$6000, decided Circuit Judge Kavanaugh yesterday, ending the litigation over fees and keeping his promise to give the attorneys an equitable sum, considering the magnitude of their labors.

The attorneys asked \$8,856, or \$31-3

their, labors.

The attorneys asked \$8,866, or 33 1-3 per cent of the amount recovered, by virtue of an agreement entered into verbally between Superintendent of Banks Sargent and the lawyers, by which they were to receive one-third the sum recovered, in case of success, and nothing if they falled.

An application was made to Judge Kavanaugh last Summer to approve this contract while the suit was pending, but approval was denied because the suit had not been determined by the Supreme Court. Judge Kavanaugh announced, however, that the attorneys would receive a reasonable compensation. Since, depositors have presented a request to the court that only 12½ per cent be allowed the attorneys, or \$3306. Court Rejects Agreement.

"One-third of the amount recovered was certainly a reasonable compensa-tion to be allowed attorneys in this kind of a suit for the skill and service required, in view of the uncertainty of success," said Judge Kavanaugh in his memorandum yesterday. "The skill and efficiency of the attorneys in this case is apparent to all and I should not hesitate to approve such conpensation if this were an ordinary case."

Other Factors Considered.

The jurist went on to explain that it appeared that the Attorney-General had performed some legal service in the suit, that Mr. Graham was under salary which was paid out of the assets of the bank at the time the suit was instituted, and that Mr. Van Winkle was Assistant Attorney-General while ich of the important part of the litigation was in progress. Yet:
"I think Mr. Van Winkle's most val-

uable service was rendered while he was not connected with the Attorney General's office," was the conclusion of General's office, was the conclusion of Judge Kavanaugh. "It was then that he gave practically his entire attention to these suits. It was then that he prepared his case. The value of his service during this time cannot be measured by the actual appearances in court. Cases are generally wor before court. Cases are generally won before the parties come into court. The same may be said of the service of Mr.

"While I am of the opinion that reasonable reduction should be made from the percentage provided by the contract with the Superintendent of Banks, in view of the service performed while these attorneys were in the amploy of the state. I think the compensation aug-

the state, I think the compensation sug-gested by the counsel for the deposi-tors would not be reasonable compensa-tion under the circumstances."
