The names of the Portland general committee have been announced by the publicity and conventions bureau of the Chamber, and the list is not altogether confined to Portland. Effert was made to include prominent educators of Washington and Idaho, all of whom, together with the commercial organizations of those states, materially aided in securing the convention for Portland. It is expected that they will exhibit the utmost activity in bringing the teachers of the Northwest to the convention.

The work of housing the convention itself will be no small task. It will require the use of all the la .e halls

and churches and school auditoriums in the downtown sections of the city. The hotels and rooming-houses and restaurants will be asked to maintain their regular rates during the conven-tion, and it is believed that they will cheerfully comply. They will have business enough to care for at com-mon prices. Great stress has been laid on the high character of Portland's hotel and restaurant men in communicat-ing with the official board of the Na-tional Education Association, and as-surances have been given that they are alive to the possibility of making Port-land a great convention city. Its location in the heart of the scenic Northvest assures that it will become such convention city if the reputation of

NO STOMACH PAIN, GAS, INDIGESTION IN FIVE MINUTES

"Pape's Diapepsin" Is the Only Real Stomach Regulator Known.

"Really does" put bad stomachs in order—"really does" overcome indigestion, dyspepsia, gas, heartburn and sourness in five minutes—that—just that—makes Pape's Diapepsin the largest selling stomach regulator in the world. If what you eat ferments into stubborn lumps, you belch gas and eructate sour, undigested food and acid; head is dizzy and aches, breath foul; tongue coated; your insides filled with bile and indigestible waste, remember the moment "Pape's Diapepsin" comes in contact with the stomach all comes in contact with the stomach all such distress vanishes. It's truly astonishing-almost marvelous, and the joy

is its harmiessness.

A large fifty-cent case of Pape's Diapepsin will give you a hundred dollars' worth of satisfaction or your druggist

hands you your money back.

It's worth its weight in gold to men and women who can't get their stomachs regulated. It belongs in your home—should always be kept handy in case of a sick, sour, upset stomach during the day or at night. It's the quickregulator in the world .- Adv.

The committee numbers 617 members, and notices of the meeting tomorrow night are now in the mails. Yestercause of the extra fare which was charged for going to the meetings or returning therefrom by way of Portland, the delegates have largely refrained from traveling this route.

No information is yet available as to the railroad rate that will prevail from Eastern common points for the 1917 convention at Portland, but with the differential between San Francisco and Portland removed, as it has been, it is promised that the railroads will give a fair rate. Number Will Be Record.

Among the business interests and in educational circles the National Education Convention is given the foremost recognition. It will be the largest convention in numbers that ever came to Portland or the Northwest, with the possible exception of the imperial council of the Mystic Shrine, which met at Seattle in 1915.

No fear is expressed as to the ability of Portland to handle the immense attendance, and the effort will be made to encourage every teacher in America not to only come to the convention, but to spend his or her vacation in the Northwest. Climate, scenic attractions of the greatest merit and the large humber of Summer schools that will operate during the season within 160 miles of Portland are to be urged as reasons for such a programme.

Six normal school courses will be heard at the Helilig Theater, January 25, 25 and 27, enjoys an unusual record of success in his various undertakings. The quality of Goodyear Tires, the value they represent, the service you can depend on them to give, hark back directly to these two essentials-to Goodyear purpose, and to Goodyear ability.

Quality-value-service-aren't these the sum of your desire in a motor car tire?

You will find them, in profitable and satisfying measure, in every Goodyear Tire. Whether you measure tire virtue in miles, months, or money.

Whether you buy Goodyear Fabric Tires, or Goodyear Cords.

Each represents the highest accomplishment in its class. Each leads in its field. The difference in price is due entirely to a difference in building cost. The Cords cost more to build, and they wear longer. In either case, the money you spend buys 100 per cent value.

Every Goodyear product is built and marketed on that basis.
