Any woman can remove unsightly hair without discomfort or injury to the most delicate skin by simply applying to the affected part a paste made by adding a little water to Demosant, a perfumed powder. Upon its removal in two or three minutes the skin will be found smooth and hairless. A single application usually suffices for the most obstinate growths. Demosant is perfumed and will not irritate or distingure. Does not stimulate the growth of new hair. Fully guaranteed. When Margett was discharged from the police department, he went to work for the Billingsleys and was affiliated with them for several weeks. According to Logan Billingsley, he later decided to branch out for himself, and went to San Francisco, where he formed an alliance with the Jesse Moore-Hunt Company, through E. D. Baker, the same combination with whom the Billingsleys had transacted business, and entered into competition. Certain shipments designed for the Billingsleys were intercepted frequently about October 1, and the brothers concluded that Margett had brought this about through his friendship for certain police officers.

BAD TAKE SALTS

Says Backache Is Sign You Have Been Eating Too Much

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority. Meat forms urie acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and loggy. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels; removing all the body's urinous waste, else you have backache, sick headache, dizzy spells; your stomach soure, tongue is coated, your stomach sours, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scalds, and you are obliged to seek relief two or three times during

sope, water scales, and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four cunces of Jad Saits; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous saits is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakhess.

Jad Saits is a life-saver for regular meat eaters. It is inexpensive, cannot injure and makes a delightful, effer-vescont lithia-water drink.—Adv.
