

\$50,000 WANTED TO ADVERTISE OREGON

Legislature Is Asked to Approve Bill Providing for Appropriation.

NEED IS DECLARED GREAT

Oregon Assembly Implored to Approprate \$25,000 a Year for Two Years, So That Campaign Can Be Conducted.

From all sections of Oregon a demand has gone up to the State Legislature for the passage of House Bill 22, the measure which will put life and being in the plans of the Northwest Tourist Association. The bill provides \$25,000 a year for two years, and that the money shall be used for the advertising of the scenic and industrial resources of the state.

It is an effort to obtain for Oregon and the Northwest a substantial portion of the \$700,000,000 that Americans spend every summer for their vacations.

The movement is timed to begin with the removal of the \$17.50 differential railroad fare between California points and the Northwest, and is assured of the co-operation of every division of the railroad organizations.

Committee Declared Favorable. It is reported from the state capitol that the ways and means committee of the House of Representatives and a large majority of the members of that branch stand ready to put the appropriation bill through at any time.

The same sources of information state a large majority of the members of the Senate are ready to pass the bill whenever it comes from the hands of the ways and means committee of that body. They recognize that the appropriation will mean a large and profitable new industry for the State of Oregon, and that its importance is equal to that of those state institutions which have done so much for the development of the state.

In discussing the question with representatives from all sections of the state, the Portland committee which has had much to do with preparing the plans of the Northwest Tourist Association, declared its belief that the feeling of a large majority of the farmers of the state is in favor of the bill.

R. E. Scott reported from Hood River that a careful canvass of all the farmers who could be reached in that section of the state showed a unanimous support for the bill. A strong endorsement came from J. H. Koke, representing the tourist association at Eugene.

George Selbird, editor of the Republican at Union, confirms the others who were communicated with, and says that his section of the state will not be pleased if the appropriation is denied.

A majority of the members of the Commercial Club at Klamath Falls are farmers, and the club unanimously endorsed the bill at a special meeting.

Grants Pass Club for Bill. The Grants Pass Commercial Club, at the home of Dr. J. C. Smith, another member of the Senate ways and means committee, has advised their Senator that they endorse the measure.

Commercial clubs and chambers of commerce at Marshfield, North Bend, Astoria, The Dalles, Forest Grove, Dallas, Salem, Eugene, Albany, Oregon City, Silverton, Pendleton, La Grande and Baker, have expressed the desire to have the bill made a law.

Last night the members of the board of directors for the Oregon division of the Northwest Tourist Association issued a statement concerning what the association will not do and what it will try to do.

"The appropriation asked of the Legislature is intended to be used entirely for advertising purposes," reads the statement.

"The money will be pooled with a similar sum from the State of Washington and a sum of \$12,500 a year from British Columbia.

"It is then planned to combine the big scenic attractions of the Northwest and advertise them as one tour.

"The advertising campaign will be national in character, use being made of the magazines, periodicals and newspapers of national circulation, to present the announcements to the public.

"The advertisements will direct inquiries to a Chicago office for the association, where a man will be stationed.

Second Man Needed.

"Then there will have to be a Northwest office in charge of a man who can get out advertising matter and plan the general movement. He will have to have a salary and some assistants.

"But such salaries as are paid will not come out of the funds appropriated by the Legislature. Those expenses are expected to be made up from other sources.

"Oregon's interest in the expenditure of the appropriation is to be looked after by two members of a finance committee who will be appointed by the Governor, and who serve without salary.

"Our investigations convince that the tourist business can be made to bring millions of dollars to the people of this state. We have given our time and spent our own money getting the men of the Northwest to unite on this plan, and to work out its details.

"We now offer it to the people of Oregon to do with as they will.

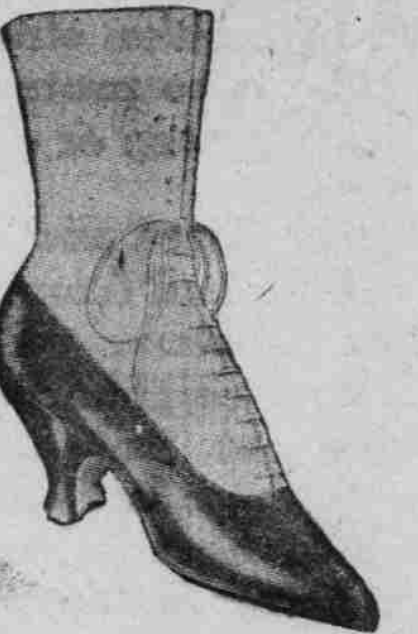

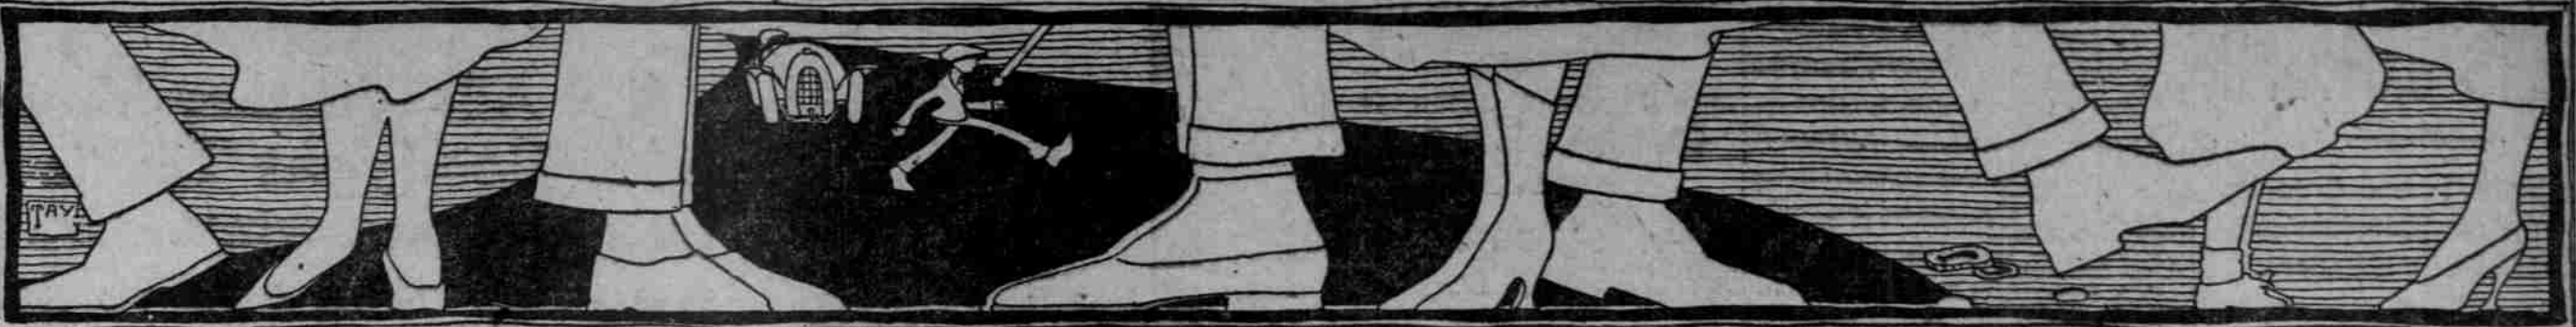

"It will be a pity to see it fall when a strong effort on the part of every citizen would force the matter to the favorable attention of the Legislature."

INSANE MAN ASSAILANT

SAM HESS BEATEN BY NEPHEW,
TOM HESS, AT SHERWOOD.

Victim Passes Night of Terror, Fearing Return—Offender Is Committed to Asylum.

HILLSBORO, Or., Feb. 2.—Sam Hess was beaten into insensibility by his insane nephew, Tom Hess, and locked in his cabin near Sherwood Wednesday night. After a night tortured by fears of the maniac's return, he succeeded in the morning in making his escape, and after being given first aid by men working in a field nearby, went to Sherwood for medical assistance.

The insane man was taken in charge Friday by Sheriff Applegate after Hess has attempted to escape from the rear door of the home of his father, A. J. Hess. He was brought to Hillsboro, and after a hearing before Judge Reasoner was committed to the State Hospital.

The uncle's story of his experience is that Tom Hess appeared at the cabin at 8 o'clock in the evening and struck him from behind with a heavy home-made stool and knocked him into his bunk. The insane man then pelted him with glassware and crockery and after fastening the door left the place.

Tom Hess has been previously investigated on an insanity charge. November 4, 1911, his father swore to a complaint, but at the hearing it was decided that his condition did not warrant confinement. At the present hearing religious mania was given as the probable cause of his condition.

M., arriving at Montavilla depot at 7:52 A. M.; another car leaving Gresham at 3:45 P. M., arriving at Montavilla depot at 4:07 P. M., and an extra car leaving Gresham at 7:05 P. After discussion it was proposed and seconded that a vote of thanks be given the officials of the Portland Railway, Light & Power Company for the extra car service.

H. BROCKMAN DROPS DEAD

Wife, Returning From Church Social, Finds Body.

A few moments after he had been visiting friends good night, Henry Brockman, a carpenter, of 628 East Tenth street, dropped dead in his home, on Friday night. The body was found by his wife when she returned from attending a church social at 10 o'clock. Mrs. Brockman refused to believe that her husband was dead, even when assured by Dr. R. S. Fisher, and insisted on the use of a pulmotor for more than an hour in a futile effort to revive him.

An autopsy determined the cause of death to have been the passage of a blood clot through the heart.
