# **GROCERS TO MEET** HERE THIS MONTH

Eleventh Annual Session of Oregon Retail Association Will Convene.

MEETING TO LAST 3 DAYS

Six Hundred Visiting Merchants Expected to Be Here, Many Coming From Washington and Idaho. All Lines Represented.

The 11th annual convention of the Oregon Retail Grocers' Association will be held in this city February 19-21. Elaborate plans for the entertainment of visitors are being made by a joint committee from the association and the manufacturers and jobbers of the Estimates based on the number at-

tending the convention two years ago indicate that there will be approxiindicate that there will be approximately 600 visiting merchants in Portland during the few days the railroads
offer special one and one-third rates.
They will come from all parts of
Washington and Idaho, as well as Oregon, for President Barlow has issued
the invitation to retailers that will
penetrate the remotest corners.
The list of subjects to be considered
during the three days session comprehends a general recognition of
every phase of merchandising. A particular feature of the convention, especially at this time, is the address to
be delivered by Mrs. George McMath.
president of the Oregon Congress of
Mothers, on "The Relation of the Consumer to the Retailer." The mail order problem, retail credits and collections, community development, the
retailer are also on the tapis.

retailer are also on the tapis. All Lines to Be Represented.

The meeting will be attended by dealers in every conceivable line of retail merchandising. Aside from dry goods dealers, grocers, hardware men, druggists and garage dealers, there is expected to be a scattering of profes-sional men, sawmill men and even bronco-busters and blacksmiths. Nathan Strauss, of Fleischner, Mayer & Co., heads the general committee of jobbers and manufacturers who are co-operating with the merchants in the entertainment and reception of

### HOME DEFENSE IS PLEA

KLAMATH MURDER JURORS ARE CLOSELY EXAMINED.

Mr. and Mrs. Henry Hobbs Now or Trial for Alleged Slaying of E. C. Way Last November.

KLAMATH FALLS, Or., Feb. 3 .- (Spe cial.)—The right of a man to defend the other states for which allotments his home is expected to be the defense also have been made. There is now Henry Hobbs will offer to the jury in

The Oregon Camera Club, one of the oldest organizations of its kind in the United States, has just moved to the top floor of the Elks building, Broadway and Stark street. It has signed a three-year lease on the floor, which is being remodeled.

Entrance is gained through a neatly furnished recention-room. There is a

furnished reception-room. There is a directors' room, library, dressing-room, plate-loading room and a 21 by 40-foot studio. These five departments com-prise the north section of the floor. This section of the club will also be used for entertainments.

ased for entertainments.

A large studio camera will be a part of the equipment, so that the amateur will have an opportunity to do some portrait work. The south part of the floor will be occupied by a large locker room, a large developing room, four printing rooms, which can also be used for developing color plates and a spacious enlarging room.

Big cement-lined sinks for washing plates, films or prints are already part

plates, films or prints are already part of the equipment. In the center of the floor is a large room which will be a smoking and card den.

A committee of instruction will assist all beginners in photograph work.

DELEGATES TO GO EAST

Two University Y. M. C. A. Representatives Will Start Saturday.

UNIVERSITY OF OREGON, Eugene, Feb. 3.—(Special.)—Ray Hausier, '18, member of the campus Y. M. C. A. cabinet, will leave February 10 for Chicago as one of the two Northwestern delegates to the National Intersectional University Y. M. C. A. Conference to be held there February 16 and 17.

The other Northwestern delegate is Lawrence J. Williams, secretary of the University of Washington Association. Mr. Hausier and Mr. Williams were chosen last Summer at the conference held at Seabeck, Wash., to represent the Northwest. UNIVERSITY OF OREGON, Eugene,

# FOR OREGON ROADS

Amount to Be Provided by Federal Government if State Will Put Up Same.

NEGOTIATIONS UNDER WAY

Secretary of Agriculture in Corre spondence With Salem Regarding Routes to Be Improved. Other States Aided, Too.

OREGONIAN NEWS BUREAU, Washington, Feb. 3. — Practically \$1,000,000 will be spent during the coming season will be spent during the coming season in building roads in Oregon, under the terms of the Federal good roads law, if the State Legislature will put up dollar for dollar to match the allotments that have been made from the Federal appropriation. Four distinct allotments have been made for road building in Oregon, the total amount allotted being \$491,966. Before this Federal money becomes available the state must enter into a satisfactory agreement with the Secretary of Agriculture, to maintain the roads after culture, to maintain the roads after

they are finished.

The good roads law makes two classes of appropriations, one for general road work and one for roads in forest reserves. The initial allotments were made last Summer, but as the working season was nearly over when the money became available, no effort was made to spend any of the first allotment. The second allotments Chamber of Commerce at night will close the three days' session.

Were recently announced, and give to Oregon, for use this season, \$255,905 for roads in forest reserves, and \$236,061 for roads outside of reserves. Negotiations Under Way.

The Secretary of Agriculture has thorities as to the particular roads to be built under the co-operative plan, but it probably will be several weeks before these negotiations are completed. The Federal allotments to Oregon

aggregating \$491,966, must be dupli-cated by the state. If the state falls to appropriate an amount sufficient to cover all Federal aliotments, then only such allotments as are matched by the state will be available for use this coming season. Negotiations are also under way with

of \$399,335, of which \$183,683 is for roads in forest reserves and \$215,652 for roads elsewhere in the state.

"Anaemia--Lack of Iron--Is Greatest Curse

Says Dr. King, Physician and Author

Have Her Blood Examined for Iron Deficiency.

and now she looks just fine to "There can be no healthy, beautiful, rosy-cheeked women without fron," says Dr. Ferdinand King, a New York physician and author. "In my recent talks to physicians on the grave and a serious consequences of iron deficiency in the blood of American women. I have strongly emphasized the fact that dectors should prescribe more organic fron—nuxated iron—for their nervous, run-down, weak, haggard - looking women patients. Fallor means anaemia. The skin of an anaemic woman is pale, the flesh flabby. The muscles lack tone, the brain fags and the memory fails, and often they become weak, nervous, irritable, despondent and melancholy. When the iron goes from the blood of women, the roses go from their cheeks.

"In the most common foods of America, the starches, sugars, table syrups, candles, polished rice, white bread, soda crackers, biscults, macaroni, spaghetti, tapioca, sago, farina, degerminated cornmeal, no longer is iron to be found. Refining processes have removed the iron of Mother Earth from these impoverlahed foods, and silly methods-of home cookery, by throwing down the waste pipe the water in which our vegetables are cooked, are responsible for another grave iron loss.

"Therefore, if you wish to preserve your youthful vim and vigor to a ripe old

Dr. Ferdinand King, New York physician and author, tells physicians that they should prescribe more organic iron-Nuxated Ironfor their patients-Says anaemia-iron deficiency—is the greatest curse to the health, strength, vitality and beauty of the modern American Woman .- Sounds warning against use of metallic iron which as tor ner turers has

Nature for the red coloring matter in the blood of her children is, alas! not that kind of iron. You must take iron in a form that can be easily absorbed and assimilated to do you any good, otherwise it may prove worse than

otherwise it may prove worse than useless.

"I have used Nuxated Iron widely in my own practice in most severe aggravated conditions with unfailing results. I have induced many other physicians to give it a trial, all of whom have given me most surprising reports in regard to its great power as a health and strength builder.

"Many an athlete and prize fighter has wen the day simply because he knew the secret of great strength and endurance and filled his blood with iron before he went into the affray; while many another has gone down in inglorious defeat simply for the lack of iron."

Dr. Schuyler C. Jacques, Visiting Surgeon of St. Elizabeth's Hospital. New York City, said: "I have never before given out any medical information or advice for publication, as I ordinarily do not believe in it. But so many American women suffer from iron deficiency with its attendant ills—physical weakness, nervous irritability, meinancholy, indigestion, flabby, sagging muscles, etc., etc.—and in consequence of their weakened, run-down condition they are so liable to contract serious and even fatal diseases that I deem it my duty to advise such to take Nuxated Irop. I have taken it myself and given it to my patients vith most surprising and satisfactory eaults. And those who wish quickly to increase their strength, power and endurance will find it a most remarkable and wonderfully effective remedy."
