

THREATS TO THE LIFE OF THE NATION

Mr. Reames Says Natives Are Not Considerate of Feelings of New Citizens.

WORDS NOT OFTEN MEANT

Loyalty of Everyone Is Expected by Government and Chances for Trouble to Be Avoided by Proper Precautions.

"It is not an act of good citizenship to taunt naturalized citizens on the grounds that exist in their native countries or on the conditions that have arisen between their countries and the United States at this time," declared Clarence M. Reames, District Attorney, addressing the Civic League yesterday, on the duties of citizens of the United States in the present diplomatic crisis.

"It is not fair play to egg them on by taunts or discussion and then to hold them to too strict accountability for what they may say under the stress of anger or excitement. Citizens who have behind them many generations on this continent are not to be held responsible for the tragedy that may be in the heart of the naturalized citizen in the face of the diplomatic conditions that may have arisen.

Accused Are Often Goaded. "Usually in the investigation of cases in which treasonable or incendiary utterances were alleged to have been made, in the past a few days, I have found that the persons who made them have been goaded to the point of desperation in argument and I have found that they freely admitted having made the utterances attributed to them, but that they were equally earnest in their assertion that they did not mean seriously what they had said, but that it had been spoken under stress of wrath and grief because of the arguments or taunts of people who knew them to have been born in the country with which the United States is now involved in serious diplomatic trouble."

Orders From Washington Read. He read the telegram which the Department of Justice had sent, instructing him to take all necessary precautions to preserve the peace of the Federal Government under the unusual circumstances that have arisen.

Most of the threats that have been made and have been reported to us are declarations that public buildings will be destroyed, rioting encouraged or participated in and other methods used to embarrass the Government, in the event of more serious trouble arising from the present diplomatic relations."

Trouble to Be Prevented. "As I have said, most of these threats that have been investigated have been made in the heat of anger and irritation and it is the duty of every citizen to put into execution, of their ever being put into execution."

Loyalty From All Expected. "The United States has a right to expect complete loyalty from all her citizens, whether native born or naturalized."

Although we have all the necessary power to deal with people making threats against the peace of the Government, I do not actually expect a case to arise in which it will be necessary for this power to be exerted in its fullness.

It was announced by the programme committee that Ida Tarbell will be in Portland February 24 and will address the league. The programme next Saturday will be devoted to a discussion of the open and closed-shop question.

CANADIAN BANK TO MOVE

Location in Chamber of Commerce Building to Be Taken.

Although the lease has not yet been signed, it is known that the Canadian Bank of Commerce has made arrangements to occupy the present quarters of the Hartman & Thompson Bank in the corner of the Chamber of Commerce building, and that extensive plans are being completed for elaborate fixtures.

No announcement has been made as to the location that will be taken by the Hartman & Thompson Bank, but it is reported that this institution will occupy quarters in the same building which it now occupies across the hall on the ground floor.

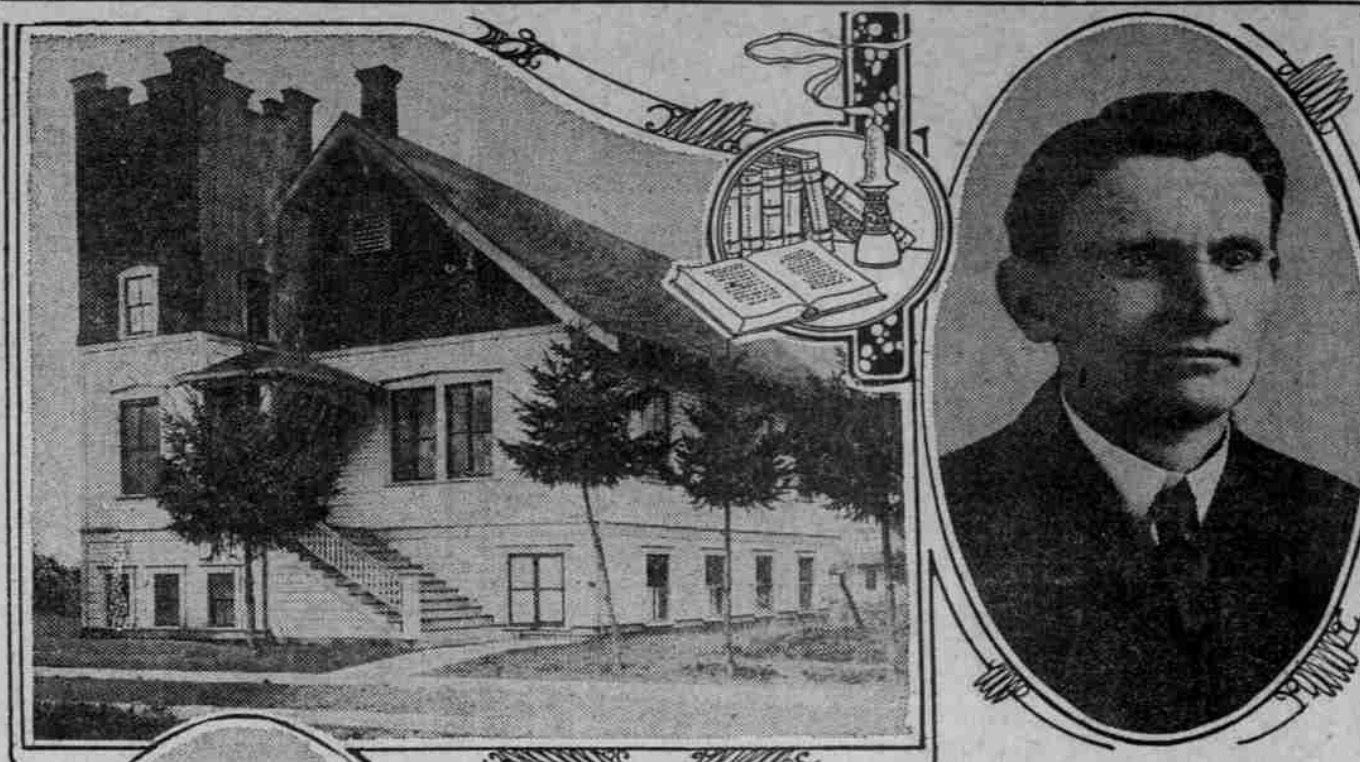

Major V. M. C. Silva, manager of the building, as well as the officials connected with both banks, refuse to make announcement of their plans until the agreements are signed. E. L. Thompson, as announced some time ago, is retiring from the Hartman & Thompson firm.

Berlin, Ont., Becomes Kitchener. Patriotic fervor is assigned as the reason for the change of the name of the town Berlin, in Western Ontario, Canada, to Kitchener. The Daily Bulletin, issued by the Postoffice Department at Washington, D. C., contains notice that hereafter mail intended for delivery at Berlin should be addressed to Kitchener instead, as there is no longer a Berlin in Canada. The change was made upon a vote by people of that place.

Kansas City, Mo., finds it has only 1904 school pupils with perfect teeth. Of 17,824 pupils, 15,000 never use tooth brushes.

SEVENTH-DAY ADVENTISTS ORGANIZE FIRST PORTLAND CHURCH THIRTY-FOUR YEARS AGO

First House of Worship Was Built on East Ankeny Street Between Tenth and Eleventh Streets—Since Then the Growth of Denomination Here Has Been Rapid—Church Now Labors in 92 Countries.

St. John's Seventh Day Adventist Church, Central Ave. and Chesteron.

THE Hayward-Dart Bible prophecy lectures at Arcanum Hall, Thirteenth and Washington, have now been in progress two weeks. The talks are interesting and the singing is excellent.

The history of the Seventh-Day Adventists in Portland is not without its interesting features. Elder T. H. Starbuck, one of the pioneers in the Northwest, says that the work was begun in this section in 1876.

The Central Church of Seventh-Day Adventists was organized about the year 1882. Its first house of worship was located on East Everett street, between Tenth and Eleventh.

Services in German. During the year 1887 a few German believers in the Central Church withdrew, and in 1887 a new church with a seating capacity of 500 was erected. The growth of this congregation necessitated the remodeling of this building in 1914, increasing its capacity about 200.

St. Johns Has Church. Very soon after the organization of Central Church there was a small congregation assembled at St. Johns, which a small house for their accommodation within the limits of the old

GARDEN PLAN WIDER

Cultivation of Vacant Lots Is to Be Urged This Year.

"Naturally you're interested in this movement, aren't you? Most everyone is because adjoining your garden well-kept, rose-bedded lawn is, probably, a vacant, weed-covered lot, which has been an eyesore to you for many a day."

CITY DIVIDED IN DISTRICTS

'Portland More Beautiful' Is Slogan of Social Service Department of Parent-Teachers Which Is Promoting Campaign.

"Portland More Beautiful" is to be the slogan animating the activities of a special committee appointed by the social service department of the Parent-Teachers' Council. The duty of this special committee is to be the promotion of the city beautifying children and vacant-lot gardening movement in Portland this Spring.

As a part of the plan, which contemplates the substituting of garden plots for weed patches on the vacant areas, the city has been divided into 54 districts, each presided over by a social service worker, who will look after the disbursements of the vacant lots in their particular district, superintend the garden work and planting of seeds among those who are not familiar with gardening, and generally supervise the plan of cleaning up and beautifying the city. In addition it is planned to get a generous supply of garden and other seeds for distribution in time for the early planting. These seeds will be distributed from the Public Employment Bureau at 504 Johnson street.

For the past three years the social service department of the Parent-Teachers' Council has conducted similar work in Portland. Last year their efforts were exceedingly successful and

BIG EVENT IS NEAR

Visiting Nurses Eagerly Await Valentine Tea.

The Visiting Nurse Association is eagerly awaiting their event of the year, the annual Valentine tea, which will be held Wednesday at the home of Mrs. Helen Ladd Corbett.

ALL INTERESTED INVITED

Affair Will Take Place Wednesday at Home of Mrs. Helen L. Corbett—Need of Clothes for Babies Yet Emphasized.

The Visiting Nurse Association is eagerly awaiting their event of the year, the annual Valentine tea, which will be held Wednesday at the home of Mrs. Helen Ladd Corbett. Although cards are sent to all contributing members of the association, all who are interested in the work are invited.

Cap and Gown Wins With Seniors

Reed College seniors have voted to continue the custom of wearing academic caps and gowns during the latter part of the semester and graduation week.

SCHOOL ACTION DEFERRED

Changes in Two Clackamas County Districts Asked.

OREGON CITY, Feb. 10.—(Special.)—The County School District Division Board today deferred action on a petition asking that almost an entire township be included in district No. 19, known as Engel's district, be cut off and attached to Dickey's Prairie district.

JULIUS WILBER TO APPEAL

Case of ex-Proprietor of Friars' Club to Go to Supreme Court.

Multnomah Survey Novel Plan.

Working out a comprehensive political survey of the Multnomah county is the plan of the Reed College class in politics 32 for this semester.

Cowlitz Commissioners Busy.

KELSO, Wash., Feb. 10.—(Special.)—The Board of Commissioners of Cowlitz County have had a busy time this week, Tuesday and Wednesday they were in

Former United States Senator Mason Takes Nuxated Iron

Pioneer in Pure Food and Drugs Legislation, Father of Rural Free Delivery System

to obtain renewed strength, power and endurance after the hardest fought political campaign of his life in which he was elected Congressman-at-large from the State of Illinois. The results he obtained from taking Nuxated Iron were so surprising that

SENATOR MASON NOW SAYS Nuxated Iron Should Be Made Known to Every Nervous, Run Down, Anaemic Man, Woman and Child.

Opinion of Doctor Howard James, Late of United States Public Health Service, Who Has Prescribed and Thoroughly Tested Nuxated Iron in His Own Private Practice.

WHAT SENATOR MASON SAYS: "I have often said I would never recommend medicine of any kind. I believe that the doctor's place, however after the hardest political campaign of my life, without a chance for a vacation, I had been starting to court every morning with that horrible tired feeling one cannot describe. I was advised to try Nuxated Iron. As a pioneer in the pure food and drug legislation, I was at first incredulous, but after consulting with one of my medical friends, I gave it a test. The results have been so beneficial in my own case I made up my mind to let my friends publish this statement if you so desire. I am now sixty-five years of age, and I give increased strength, snap and vigor, and staying power. It enriches the blood, brings the cheeks to the color of youth and is an unfailing source of renewed vitality, endurance and power for men who burn up too rapidly their nervous energy in the strenuous strain of the great business competition of the day."

Dr. King, a New York physician and author, said: "I heartily endorse Senator Mason's statement in regard to Nuxated Iron. There can be no vigorous iron without iron in the blood. Just as the muscles lack tone, the brain fails, and the memory fails, and often they correspond and melancholy."

Dr. Sauer, a Boston physician who has studied abroad in great European hospitals, testified that Nuxated Iron is the greatest of all iron remedies. "Not long ago a man came to me who was nearly half a century old and asked me to give him a prophylactic medicine for life insurance. I was astonished to find in this old man's body the vigor and vitality of a young man; in fact, he was in the prime of life. At 46 he was in bed with rheumatism. He took Nuxated Iron, and in 50, after taking Nuxated Iron, a miracle of vitality and his face beamed with the buoyancy of youth. Iron is absolutely necessary to enable your blood to change food into living tissue. Without it, no matter how much you eat your food merely passes through you without doing any good. The iron constituents are widely prescribed by eminent physicians both in Europe and America. Unlike the older iron tonics, Nuxated Iron is easily assimilated, does not irritate the teeth, make them black, nor up-

set the stomach; on the contrary, it is a most potent remedy in nearly all forms of indigestion as well as for nervous, run-down conditions. The manufacturers have offered to forfeit \$100,000 to any charity or woman under 60 who lacks iron, and increases their strength 200 per cent or over in four weeks' time, provided they have no other iron preparation. They also offer to refund your money if it does not at least double your strength and endurance in ten days' time. It is dispensed in this city by The Owl Drug Company and all good druggists.

NOTE—Nuxated Iron which is prescribed and recommended above by physicians in such a great variety of cases is not a patent medicine nor secret remedy, but one which is well known to druggists and chemists. Its ingredients are widely prescribed by eminent physicians both in Europe and America. Unlike the older iron tonics, Nuxated Iron is easily assimilated, does not irritate the teeth, make them black, nor up-

set the stomach; on the contrary, it is a most potent remedy in nearly all forms of indigestion as well as for nervous, run-down conditions. The manufacturers have offered to forfeit \$100,000 to any charity or woman under 60 who lacks iron, and increases their strength 200 per cent or over in four weeks' time, provided they have no other iron preparation. regular session at Kalama, transacting much of the business and considering number of road matters. Yesterday they came to Kelso, and inspected the county farm on the west side, after which they looked over several roads in the vicinity of Kelso. They left here this morning for Woodland, where they met with the Commissioners of Clark County to consider the matter of the construction of a proposed steel bridge across the Lewis River near Yale.

portland Man Wins Trophy. Notification was received recently by Malcolm J. B. Tennant, who has charge of the window displays for Meler & Frank Company, that Signs of the

Former United States Senator Wm. E. Mason, recently elected Member of the U. S. Congress from Illinois.

From the Congressional Directory, published by the United States Government: "Wm. E. Mason, Senator from Illinois, was elected to the 59th Congress in 1887, to the 21st Congress in 1891—defeated for the 22d Congress in 1892—elected Senator to the 55th Congress in 1897 to 1902."

Senator Mason is now Congressman-Elect from the state of Illinois. Senator Mason's championship of Pure Food and Drugs legislation, his fight for the rural free delivery system, and his strong advocacy of all bills favoring labor and the rights of the masses as against trusts and combines, made him a National figure at Washington and endeared him to the hearts of the workingman and the great masses of people throughout the United States. Senator Mason has the distinction of being one of the really big men of the Nation. His strong endorsement of Nuxated Iron must convince any intelligent thinking reader that it must be a preparation of very great merit and one which the Senator feels is bound to be of great value to the masses of people everywhere. Since Nuxated Iron has obtained such an enormous sale—over three million people using it annually—other iron preparations are often recommended as a substitute for it. The reader should remember that there is a vast difference between ordinary metallic iron and the organic iron contained in Nuxated Iron, therefore always insist on having Nuxated Iron as recommended by Dr. Howard James, late of the United States Public Health Service; Dr. Schuyler C. Jacques, Visiting Surgeon of St. Elizabeth's Hospital, New York City, and Dr. Howard James says:

"Iron to be of the slightest value to the human system must be in a combination which may be easily assimilated. In the case of metallic salts of iron, iron acetate, etc., it is very doubtful if sufficient actual iron can be taken up and incorporated into the blood to be of any service, especially in view of the disadvantages entailed by its corrosive action upon the stomach and the damaging effect upon the dental enamel. When, however, we deal with iron in organic combination, such for instance as the albuminate, or, better still, Nuxated Iron, a far different story is told. We will observe a preparation of Nuxated Iron which has a powerful effect upon the stomach. The iron is readily assimilated into the blood and quickly makes its presence felt in increased vigor, snap and staying power."

NOTE—Nuxated Iron which is prescribed and recommended above by physicians in such a great variety of cases is not a patent medicine nor secret remedy, but one which is well known to druggists and chemists. Its ingredients are widely prescribed by eminent physicians both in Europe and America. Unlike the older iron tonics, Nuxated Iron is easily assimilated, does not irritate the teeth, make them black, nor up-

set the stomach; on the contrary, it is a most potent remedy in nearly all forms of indigestion as well as for nervous, run-down conditions. The manufacturers have offered to forfeit \$100,000 to any charity or woman under 60 who lacks iron, and increases their strength 200 per cent or over in four weeks' time, provided they have no other iron preparation. They also offer to refund your money if it does not at least double your strength and endurance in ten days' time. It is dispensed in this city by The Owl Drug Company and all good druggists.

The boundaries of arid and semi-arid United States roughly include fifths of our continental area exclusive of Alaska.
