facto troops. The first report of the defeat of the Carranza garrison at Guzman, 76 miles south of here, was received in El Paso through Villa sources and was con-firmed by officials of the Carranza garrison here late today. The strength of the Guzman garrison is estimated at from 45 to 55, and it was admitted here unofficially tonight that all but six soldiers had been killed or wounded. The six survivors, together with a

The six survivors, together with a wounded Captain of the Carranza army, escaped and were picked up by a Mex-ico Northwestern work train 65 miles south of Juarez, Reinforcements were asked from the local garrison, but no train had been sent out late tonight. Three wounded Carranza soldiers were left in the Guzman station after the fight, it was said.

The distribution of a Villa proclama-on warning foreigners and nationals from traveling in passenger trains between Juarez and Chihuahua City caused much excitement here today. The burning of 25 bridges between

here and Barreal, 60 miles south of here, by Villa followers, believed to be under Salazar, caused a suspension of all train service to Casas Grandes and a strengthening of the Carranza out-posts around the town.

Villa troops were also reported in the vicinity of Tierra Blanca, 20 miles south, on the Mexican Central Railroad, while roving bands were operating yes-terday between the two railroads, ac-cording to passengers arriving from the south the secretary Lansing Says Na-
