The proceeds are to go to the mil-lion-dollar endowment fund which is being raised. The affair is to be held at the Grand Central Palace on May 12-21. This has little to do with what is going on at the Heilig, or the Or-pheum, or the Strand this week, but it's all news. Local events will occupy the Heilig when the Orpheum isn't occupying that theater until March 1, 2, 3, when "The Blue Paradise" will be offered. On March 8, 9, 10 "Princess Pat" arrives. Of premier importance is the season of grand opera, which promises to be one of the really stu-pendous events, and an artistic and financial success, since orders for seats At the Hippodrome the Astrophene Grink with action faither active grink provide the superior active unstative darking stuarts in midair, roop unstative dark are rolling into the box office. The Alcazar Players will open this afterhoon in Belazco's "The Girl of the Golden West," one of the meet impor-tant stock offerings of the year. Ruth Gates will appear as the girl, Albert McGovern as the outlaw and George Taylor the Sheriff. It is reported to have by far the greatest advance sale of the entire season, thus evidencing the genuine popularity of the famous Blanche Bates success. It is a scenic production of importance. A new screon star appears in the Bluebird firmament in this new film, in the person of Wedgewood Nowell, who has been leading man in all of the Rex Ingram productions for the Bluebird and is now advanced to stardom in the role of Guido Capanelli, the intriguing villain, who dominates the development of the play.

The dramatic tale of the "Vendetta," which readers of Marie Corell's works will remember, is surpassed in the plot of this film, only in this case it is a woman who is wronged and who wreaks vengeance upon the faithless man.

BAKER GETS GOOD FARCE

"Blue Envelope" Billed for Next Week to Make Folks Laugh.

Following "The Girl of the Goldan West," the Alcazar Players will be seen in "The Blue Envelope," a bread and breezy farce, which enjoyed a ong run at the Cort Theater in New York last season. Few genuine farces have been seen here in stock recently. plays that have absolutely no serious purpose in life, intended only to pro-duce laughs, and the change should be

purpose in life, intended only to pro-duce laughs, and the change should be a welcome one for a week. It is fast and furious, and it is writ-ten around a couple of chaps who get into the power of an adventuress, a clinging vine blende. A certain blue envelope which contains incriminating evidence against them figures prom-inently in the plot, which leads to a rest sanitarium, and mixes the charac-ters up in a manner so ludicrous as to be a perfect scream from start to finish. The trouble with most people used to attending serious plays is that they try to take farces seriously, and thereby miss all the genuine harmless fun. If they go to see a Fatty Arbuckle film they know just what they are going to see and get in the mood for it. If they tried to take it seriously, however, the experience would be positively painful to them, and it is the same way if they try to take a broad, ratiling farce like "The Blue Envelope" seriously. It's fun, pure and simple.

Those attending the Baker this week should bear in mind that owing to the length of the play the evening curtain will rise promptly at 8 o'clock and on matinees at 2, and that no one can be sented during the action of the play.
