

WARREN IS MAJOR'S SECRETARY FIRST TO CAST HAT IN RING, BUT LARGE FIELD EXPECTED.

With the legislative session over and the political spotlight unengaged, the campaign for the city election, June 4, has opened. Will H. Warren, secretary to Mayor Albee, fired the opening gun yesterday when he announced himself as a candidate for Mayor. Other aspirants for Mayor and for the commissionerships now held by Commissioners Daly and Dieck are expected in the open within a short time.

BOND ISSUES IMPORTANT

Commissioners Baker and Daly regarded as certain to enter lists. Mr. Dieck to be candidate for re-election.

Mr. Warren is the only avowed candidate so far, but the murmurings of those who are "being urged by their friends" are being heard on every side. The voters, in addition to electing a Mayor at \$8000 a year, will elect two Commissioners at \$5000 a year each. There will also be many measures to settle, including a brilliant array of bond issues aggregating somewhere between \$13,000,000 and \$15,000,000.

MR. DAILY PROBABILITY

For Mayor it is expected City Commissioner Daily will soon jump into the ring. He is passing through a "being-urged-by-friends" period now, and has launched his municipal street-fighting plan, which he is counting on for the backbone of his campaign. He is not publicly saying yet that he will be a candidate, but generally it is believed.

MR. DIECK TO RUN AGAIN

For the posts held by Commissioners Daly and Dieck there will be a good-sized field for the voters to draw from. Judging from prospects, City Treasurer Adams and City Auditor Barbur are certain to be in the running. Commissioner Dieck will seek re-election, while Mr. Daly is expected to aspire to advanced positions.

MR. DIECK TO RUN AGAIN

Others on Dame Rumor's list are J. R. Wood, ex-city purchasing agent; George S. Shepherd, O. Laurin, and George A. Baldwin, ex-city auditor. None of them has announced his candidacy as yet. The terms of Commissioners Daly and Dieck expire July 1, each by their own terms.

OF THE CITY BOND ISSUE

The largest will be that proposed by Commissioner Daly of \$17,770,000 to cover part of the cost of installing a municipal lighting plant. A strong campaign is to be made in behalf of this measure by Mr. Daly and other including some of the labor leaders.

OTHER BOND ISSUES

The other bond issues on the ballot for the city will be \$100,000 for purchase of playground property in Marquam Gulch, \$75,000 for establishment of a municipal garbage collection system. The garbage collection measure will involve also a new bond issue, \$100,000 from general taxation. Then there will be the issue of a two-platoon (two city) system for the fire department involving a yearly outlay of from \$200,000 to \$300,000 from general taxation.

LIMIT NOT FAR OFF

On the ballot also will be the questions of \$5,000,000 in road bonds to be financed by automobile licenses; \$2,975,973 for ship subsidies; \$2,000,000 or more for grain elevators; \$100,000 for a new postoffice; \$15,000 for \$21,000 increase in pay of legislators, and other measures involving expenditures of uncertain amounts.

IF THE CITY OF PORTLAND ADOPTS THE POWER PLANT ISSUE

and others to be voted on of a purely local nature, the city will be close to its bonded indebtedness limit. The Council has granted \$17,000,000 in round numbers, with \$21,000,000 as the debt limit.

JITNEY LEGISLATION WILL BE UP IN SOME FORM OR OTHER

The jitney drivers' union will seek to have their business opened up without regulation by the City Council. The Council has granted franchises to Stephen Carver for a city-wide jitney service, with all the Council's regulations and with a transfer system in addition. It is expected the referendum on this franchise so that these franchises will be an issue at the election.

ALTHOUGH THERE HAS BEEN MUCH TALK OF ATTEMPTS TO OVERTHROW COMMISSION GOVERNMENT IN VANCOUVER

the city of Portland, nothing in the way of a proposal to overthrow the government is still in a charter to submit to the voters.

INSURANCE MEN COMPLAIN

Disparity in Rates at Vancouver, Wash., Is Charged.

VANCOUVER, Wash., Feb. 23.—(Special.)

Insurance men in Vancouver are complaining of the alleged disparity in fire insurance rates in Vancouver following changes made by the Washington rating bureau recently. On Twenty-fifth street, the dividing line between the low rate of the downtown district and the fire station and the more remote sections of the city, a man on one side of the street pays \$4 a year for \$1000, while the man across the street pays \$29 for the same insurance under the same exposures.

ALL COMPANIES PUTTING INSURANCE IN VANCOUVER USE THE STANDARD OF THE RATING BUREAU

The rates in the downtown district were recently reduced, while in "Greater Vancouver" they were increased considerably.

OREGON CITY PLANS DRIVE

Cheap Water Power Offered to Secure New Factories.

OREGON CITY, Or., Feb. 24.—(Special.)

With a year of extraordinary activity mapped out, President O. D. Eby today announced the permanent committee of the Oregon City Commercial Club.

AMONG THE IMPORTANT CAMPAIGNS WHICH THE CLUB IS BACKING IS A BIG PUBLICITY DRIVE

whereby the organization hopes to add to the list of factories in the city. Cheap water power is the inducement which will be held out to manufacturers.

THE MEN WHO WILL DIRECT THE VARIOUS ACTIVITIES OF THE CLUB FOR THE NEXT YEAR ARE:

- Executive committee—O. D. Eby, A. L. Obit, L. Adams, W. A. Huntley, William R. Shepard.
House committee—John J. Cooke, Joseph E. Hodges, H. H. Johnson.
Resolutions and entertainment committee—E. E. Brodie, L. A. Morris, R. L. Holman, L. Loder, A. A. Price.
Membership committee—C. Schuebel, T. W. Sullivan, Charles Parker, George V. Ely, C. V. Parr.
Transportation committee—Frank Busch.

COOS COAL LAUDED

Mines at Riverton Are Said to Be Excellent.

PRODUCT IS EXTENSIVE

Properties Located on South Bank of Coquille River, Are Declared to Contain About 15,000,000 Tons of Lignite Coal.

BY ADDISON BENNETT. Almost a quarter of a century ago a coal mine known as the Moses mine was opened at Riverton, a little town on the south bank of the Coquille River, in Coos County, about 15 miles above Handon and eight miles below the town of Coquille. This mine has practically been in operation ever since, furnishing one of the best fuel coals of that section. A few years later an adjacent mine, known as the Kay mine, was opened, which has about the same quality of coal. Last September both of these mines and much of the adjoining property was purchased by W. S. Hall and associates and were incorporated under the name of the Riverton Fuel Company.
