

CONGRESS FRANTIC IN CLOSING WORK

Senate Deadlocked by Stone's Opposition to Armed Neutrality Bill.

MANY MEASURES MAY FAIL

Clock May Be Turned Back Today at Noon, When Session Is Supposed to End Automatically. House Accomplishes Most.

WASHINGTON, March 4.—The House recessed at 12:52 o'clock A. M. until 10 o'clock A. M.

WASHINGTON, March 3.—Congress was in its dying hours tonight working almost frantically to save the most important legislation from the last-minute jam in which it finds itself.

House and senate worked steadily from early in the day and will work all night and tomorrow.

If, when the clocks approach the hour of noon—the time when the Sixty-fourth Congress dies by law—there is still a chance of doing something more, the hands of the clock will be turned back and Congress officially will make itself believe that there is still more time. That is the custom of many years.

Tonight the House was in better condition than the senate, where the opposition to the neutrality bill which President Wilson wants to deal with the German submarine menace, tied the legislative situation into a hard knot.

Democrat May Defeat Bill. The opposition from the Republican side was negligible, but was pronounced from Senator Stone, Democrat, and chairman of the foreign relations committee. Fears were expressed tonight that if a vote on the bill were not secured by 3 o'clock tomorrow it probably would fail. Even after the Senate acts it must go back to the House for agreement.

The maximum which Congress seems able to accomplish in its remaining hours is perfection of the following bills:

- The neutrality bill. The House resolution for a \$150,000,000 bond issue for emergency naval construction. Final passage of the regular naval bill.

Many Bills Likely to Fail. It seemed as if the budget measures must fail for lack of time.

The Army bill. Sundry civil bill. General delivery bill. Military Academy bill. Bill to extend powers of the shipping board.

Amendments to the Federal reserve law to increase the gold reserve. All other general legislation.

By leaving its unfinished business to the next Congress, the House leaves also the possibility of an extra session. While President Wilson has not decided to call one, most leaders think the extra session will probably be called in June, if the President concludes to call it before next December.

RUSSIAN TRENCHES RAIDED

Germans Carry Out Successful Operations in Carpathians.

BERLIN, March 3.—(By wireless to Sayville.)—An extensive raid on Russian trenches west of Lutsk, in Volynia, was carried out by German troops yesterday, army headquarters announced today. The Russian position was penetrated on a front of more than a mile and a half to a depth of nearly a mile. The Germans destroyed the Russian dugouts and returned with 122 prisoners and four machine guns.

PETROGRAD, via London, March 3.—German forces yesterday stormed the Russian first line trenches in the region of Slavovino, in Galicia, says an official statement issued today by the Russian War Department, but later were evicted by a counter attack of the Russian reserves.

EUREKA YARDS ARE SOLD

Rolph Company Takes Over Shipbuilding Plant.

EUREKA, Cal., March 3.—The purchase of the H. D. Bendixson shipyards here by the Rolph Coal & Navigation Company, of San Francisco, was announced today by James Rolph, Jr., Mayor of San Francisco, and head of the Rolph company. In addition to buying the shipyard, the Rolph company acquired sufficient adjacent property to give the plant a waterfront of 2000 feet.

The Rolph company will take possession as soon as two vessels now on the ways have been completed.

Brush Fire Is Reported. A fire was reported to the Portland police last night in the brush to the south of Riverdale on the hillsides west of the Willamette River. The woods were aflame, although the area of the blaze was not extensive. So far as reported last night, no residences were endangered.

Tammany Sends Delegation. NEW YORK, March 3.—Tammany Hall today sent 104 "braves" to attend President Wilson's inauguration.

SHE DARKENED HER GRAY HAIR

A Kansas City Lady Darkened Her Gray Hair and Made It Soft and Glossy by a Simple Home Process.

She Tells How She Did It.

A well-known resident of Kansas City, Mo., who darkened her gray hair by a simple home process, makes the following statement: "Any lady or gentleman can darken their gray or faded hair and make it soft and glossy with this simple recipe, which takes but a few minutes at home: To half pint of water add 1 oz. of bay rum, 1 small box of Barbo Compound and 1/2 oz. of glycerine. These ingredients can be purchased at any drug store at very little cost. Apply to the hair every other day until the gray hair is darkened sufficiently. It is not sticky or greasy and does not rub off. It will make a gray-haired person look 10 to 20 years younger."

CAPITAL BEBEGGED FOR INAUGURATION

Occasion to Be Made Signal for Great Demonstration of Americanism.

PROGRAMME IS OUTLINED

Usual Delay Will Be Obliterated by Fact That March 4 Falls on Sunday—Regular Cavalry to Escort President.

WASHINGTON, March 3.—Formal ceremonies of inauguration which mark the beginning of the second term of President Wilson and Vice-President Marshall will be held at noon Monday in the Senate Chamber and in the open air at the east front of the Capitol.

President for holding inaugural ceremonies on March 4, the day which falls on a Sunday was set as early as 1821 by President Monroe, on the advice of Chief Justice Marshall, and was followed by Presidents Taylor and Hayes.

Nothing has been left undone to make the occasion a great demonstration of Americanism. The capital has been decked in American flags and the Red, White and Blue to the exclusion of all other colors.

The note of patriotism predominates in every ceremony of the day; it is the motto of the inaugural procession, and is the theme of what is expected to be the most elaborate display of night fireworks ever seen in this country.

Visitors Through City. Thousands of visitors are pouring into the city from thousands of places. Historic Pennsylvania avenue has been banked high with reviewing stands along the entire line of march. Windows, roofs and all other points of vantage have been capitalized in accordance with the advanced cost of all luxuries.

The way from the Capitol to the White House is one waving mass of American flags, bunting, electric lights, arches, columns and festoons of color.

At the Capitol, where the inaugural stand has been built on the Plaza at the east front, a great procession has roped off, where the President's military escort, including the cavalry from "D" and "E" regiments, will lead the entire corps of midshipmen from Annapolis will form a square while Mr. Wilson is delivering his inaugural address.

The formal ceremonies are set by programme to begin at the Capitol at noon. Ordinarily they seldom have started at that hour because they have been dependent on the end of the session of Congress. Often in the last hour of the session the hands of the clock in the Senate or House have been turned back as there was need, so that whatever time it really was, it officially was 12 o'clock.

WOMEN PLAN SIEGE

Force, 1000 Strong, to Encircle White House Today.

GENTLE VICTORY IS HOPE

Plan to Reproduce March of Israelites Around Jericho Abandoned.

Two Suffrage Organizations Are Merged.

WASHINGTON, March 3.—Encircling the White House with a chain of purple, white and gold, woman suffragists will bring to a climax tomorrow in a two-hour silent demonstration their plan to encircle the White House on behalf of a Federal suffrage amendment.

About 1000 members of the Congressional Union for Woman Suffrage and the National Women's party have enlisted to lengthen for the final watch the line of pickets on guard at the White House gates for the last six weeks, comprising the President's coming and goings to impress him with their determination to have the ballot.

Only in a modified form, however, will the demonstration follow plans to reproduce the march of the Israelites around Jericho. At first it was proposed to circle the White House seven times, with seven priestesses carrying the suffrage ark and accompanied by "a long blast of the ram's horn," the citadel signifying to the suffragists the stronghold of opposition to the cause of suffrage by Federal amendment.

Abandonment Not Explained. Why that method of attack was abandoned has not been made entirely clear, some women explaining that the international situation would make such a demonstration appear in bad taste and others hinting that it might seem to border on the sacrilegious.

Still others say the more elaborate scheme was abandoned because it was considered no longer necessary. They are optimistic that the walls of the Jericho they have besieged will crumble soon beneath the gentler influence of silent methods. But they do not claim to have definite basis for their hope.

Outwardly, at least, the President has shown no sign of wavering in his opposition to a Federal amendment and his preference for amending the Constitution. Daily he has smiled and saluted the pickets always encountered, rain or shine. When bitter January winds tried the courage of the guards, he invited them to come inside, but they refused. Since then, except for the daily smile and salute, he has not shown that he was aware of his state of siege.

Line to Encompass White House. Tomorrow's demonstration, the most remarkable perhaps of all those that have characterized the fight for equal suffrage, will begin at 3 P. M. three hours after the official beginning of the new Presidential term.

Forming at the union headquarters in a nearby street, the line will encompass the White House. For two hours, then, the line is to be kept at attention.

Miss Vida Milholland, of New York, a younger sister of Mrs. Inez Milholland, Boisevain, revered among the suffragists as a martyr to the cause, will lead the march. Behind her will be borne the old banner heralding a suffrage amendment, carried for many years in suffrage parades over the continent. Then will come state delegations and last of all the rank and file

U. S. OFFICER IS KILLED

MAJOR HEIBERG MEETS ACCIDENT ON ITALIAN FRONT.

Officer on Duty as Military Observer for American War Department. King Sends His Condolences.

WASHINGTON, March 3.—Major Elvin R. Heiberg, American military attaché at Rome, was accidentally killed Thursday while riding on the Italian front.

A report to the State Department today from the Embassy said the officer was at the front on observation duty.

Ambassador Page's report follows: "Please notify Secretary of War that Heiberg, military attaché, killed yesterday accident while riding during performance of duty visiting Italian front. The King has sent personal condolences on death of this distinguished officer. General Staff, Minister of War and military attachés likewise. I have accepted deepest sympathy of every member of Embassy on loss of this fine soldier and gentleman."

Major Heiberg was assigned to the Embassy at Rome about a year ago. He was a native of Minnesota, but was appointed to the Military Academy from Wisconsin and served with distinction as a cavalry officer, particularly in the Philippines, where he was highly commended for his work as civil governor of the Cotta Bato district, Mindanao.

CAPITAL IS PATRIOTIC

House, are guests at the White House. Great Spectacle Promised.

Members of the Cabinet were notified late today to be at the Capitol shortly before noon tomorrow to advise the President of bills passed in the last hour of Congress, and they will be present when he takes the oath of office.

The inauguration, quite aside from the solemnity and dignity of its place in American institutions, promises to be a great spectacle.

RIKSDAG REFUSES FUND

Swedish Government's Request for Neutrality Money Denied.

STOCKHOLM, via London, March 3.—The government was defeated today in a joint ballot of the two chambers of the Riksdag on the request for the appropriation of 30,000,000 crowns to be used in preserving Sweden's neutrality.

KEEP URIC ACID OUT OF JOINTS

Tells Rheumatism Sufferers to Eat Less Meat and Take Salts.

Rheumatism is easier to avoid than to cure, states a well-known authority. We are advised to dress warmly; keep eating too much meat and other rich foods that produce uric acid which is absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine; the pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly cold weather the skin pores are closed thus forcing the kidneys to do double work, they become weak and sluggish and uric acid accumulates in the joints through the system, eventually settling in the joints and muscles causing stiffness, soreness and pain called rheumatism.

At the first twinge of rheumatism get from any pharmacy about four ounces of Eucalypti; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities.

And Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia and is used with excellent results by thousands of folks who are subject to rheumatism. Here you have a pleasant, effervescent lithia-water drink which helps overcome uric acid and is beneficial to your kidneys as well.—Adv.

COUNT FEET! NO NEURALGIA PAIN

Don't Suffer! Instant Relief Follows a Rubbing With "St. Jacobs Oil."

Conquers pain—never fails. Rub soothing, penetrating "St. Jacobs Oil" right on the ache or pain, and out comes the neuralgia misery.

Here's a joyful experiment! Try it! Get a small trial bottle from your druggist; pour a little in your hand and rub it gently on the sore, aching nerve, and before you realize it—in just a moment—all pain and neuralgia disappear. It's almost magical, but the joy is, that the misery doesn't come back. No! The nerves are soothed and congestion is relieved and your neuralgia is overcome.

Stop suffering! It's needless—neuralgia and pain of all kinds, either in the face, head, limbs or any part of the body, is instantly banished. "St. Jacobs Oil" is perfectly harmless and doesn't burn or discolor the skin. In use for half a century.—Adv.

No More Desire for Tobacco

Arthur Krouse is a locomotive fireman who had been using tobacco since he was a boy. About two years ago he began to have spells of illness. His memory was getting very bad and his eyes bothered him.

He had tried in vain to conquer the habit until he got a certain book and now he is freed from the thrall of tobacco and his health is wonderfully improved. Anyone who desires to read the book can obtain it absolutely free by writing to Edward J. Woods, 1231 Station E., New York City. It tells you the habit of smoking, chewing or snuff taking can be conquered in three days.

30 Cows on Honor Roll

CENTRALIA, Wash., March 3.—(Special.)—Numerous farmers in the Hanford Valley, north of this city, have enrolled in the Chelan District Cow Testing Association, according to the February report of B. C. Wright, official tester of the association. The report also shows that of the 30 cows on the honor roll of the association last month, those fed ensilage produced milk at an average cost for feed of 70 cents per 100 pounds of milk, while the cost for feed for those not fed ensilage was \$1.05 for each 100 pounds of milk.

Flower motifs painted on silk hose and footwear for evening use add to the attractiveness of these accessories.

President to Repeat Oath

On the inaugural stand the President will take a seat with the Chief Justice on his right and the committee of arrangements and the Sergeant-at-Arms of the Senate on his left.

When the President takes the oath of office at the public ceremony the Chief Justice steps forward, Bible in hand, to administer the oath of office, and the President touching his lips to the Bible, repeats after him, this oath prescribed by the Constitution.

do solemnly swear that I will faithfully execute the office of President of the United States, and will to the best of my ability preserve, protect and defend the Constitution of the United States.

The next thing on the programme is the delivery of the President's address. At its conclusion most of the President and their escorts, return to the Capitol, while the President and Vice-President, with their escorts, head the inaugural procession to the White House.

The procession moves by in a steady stream of marchers, often requiring six and seven hours to pass the reviewing stand. State delegations bring their state hymns. Southern delegations give their shrill yell, Grand Army veterans trudge past giving cheers, the midshipmen and West Point cadets march by "eyes left" and the many military organizations pass at attention. All during the ceremony which becomes physically exhausting, the

HAVE YOU ONE OF OUR POLICIES?

HUMBOLDT, Kansas, June 23, 1916. Mr. W. C. Wilson, President, Bankers Life Insurance Co., Lincoln, Nebraska.

Dear Sir—On June 22, 1896, I bought of your Company a 20-year \$2000 policy. About two years ago I was advised to pay \$1500 total premiums.

I was very agreeably surprised when your representative came to me with the option of settlement. I had expected a cash settlement would net me a profit of \$274.50, which represents a rate of interest in addition to the protection of being insured.

By comparing your company with those of the Old Line companies I find none so profitable, which serves to find that your Company manages its business in a careful and economical way, giving its policyholders the benefit of its conservative investments and otherwise shrewd business management.

Very truly yours, H. F. SCHMIDT.
