IF YOU

are thinking of buying a set of the new Encyclopaedia Britannica printed on genuine India paper, you can see sets of this great work and place your order right here in Portland.

THIS announcement is made in order that every person in Portland who wants to own a set of the Britannica can make sure before buying that it would be useful and helpful. No one should buy a set unless he is positive that it will be useful to him.

Come and see sets of the Britannicas, of both the high-priced Cambridge Issue and the popular-priced "Handy Volume" Issue printed on genuine India paper.

This will enable you to find out at first hand what a vast fund of information the Britannica contains; and you can make your own comparison of the two issues, as to size, type, style of binding and price.

The Cambridge Issue is the large-page, large-type, wide-margin set, printed on genuine India paper—making a superb set of books. The "Handy Volume" Issue is also printed on genuine India paper, slightly smaller page and type, narrower margins, and selling for about 60 per cent less in price than the Cambridge Issue.

So far as the choice of either set is concerned, it is mainly a question of which you prefer or can afford. They are identical in contents, page for page, illustration for illustration. But there is no question as to the usefulness of the Britannicas. This wonderful library, in its present latest edition, is the most complete and authoritative survey of all knowledge ever published.

Examine it for yourself. Take the index of 500,000 facts and go through a page or two. Note the beautiful India paper—how thin but tough it is, how light and convenient to hold it makes each volume. Make your own comparison of prices asked for the different bindings of the two issues. Inquire about the convenient terms of payment if you do not wish to pay cash.

But act promptly—sets now offered for sale are the last. And the end of the sale is here. See sets and leave orders at

TAKE SALTS FOR THE KIDNEYS IF YOUR BACK HURTS

We Should Drink Lots of Water and Eat Less Meat, Says Noted Authority on Kidney Disorders

Recommends a Spoonful of Jad Salts In Glass of Water Before Breakfast to Stimulate Kidneys and Eliminate the Uric Acid

This advice is given by Dr. J. H. Smith, noted authority on kidney disorders. He recommends a spoonful of Jad salts in a glass of water before breakfast to stimulate the kidneys and eliminate the uric acid.

The kidney is the organ of the body that filters waste products from the blood and eliminates them from the body. The uric acid is a waste product that can build up in the body and cause kidney damage. By taking Jad salts in a glass of water before breakfast, Dr. Smith believes the kidneys will be stimulated and the uric acid will be eliminated.

This advice is based on the idea that the kidneys should be kept healthy in order to maintain overall health. Dr. Smith advises drinking lots of water and eating less meat to reduce the burden on the kidneys.

Encyclopedia Britannica

This advice is based on the idea that the kidneys should be kept healthy in order to maintain overall health. Dr. Smith advises drinking lots of water and eating less meat to reduce the burden on the kidneys.

The encyclopedia Britannica is a large work of reference that is used to look up information on a wide range of topics. It is a valuable resource for anyone who wants to learn more about a particular topic.
