

# Shanahan's Tremendous Cut-Price Sale Has Been Sensational---Will Continue One More Week

We announced last Sunday in the papers that two months' continuous rain had paralyzed business, that we were overstocked and must have money. To bring about the desired result "Shanahan" decided to throw profit to the winds and slash prices as they had never been slashed before. The store has been crowded during the entire week by eager purchasers, who appreciated the unheard-of bargains offered in every department. We were unable to wait on all of the people who came to take advantage of the extraordinary low prices prevailing, so, at the request of scores of people, to give everybody a fair chance, have reluctantly consented to continue the sale one more week. Remember, every article in the house, except three lines of contract goods, has been cut to the quick. If you wish to save money this is your opportunity. Come and see for yourself. It is the sale of sales and you may never have such an opportunity again.

**Philmath to Clean Up City.**  
PHILOMATH, Or., May 12.—(Special.)—Philmath is making preparation for her Spring City "clean-up" which has been delayed by the rainy season. Various paper and can campaigns have been inaugurated which will dispose of all waste paper and unrightly can and junk piles. Philmath College is already conducting her campaign on college grounds. A movement is also on foot to remove and prevent the posting of unsightly bills and posters on public property.

**Depot Grounds to Be Parked.**  
HOQUIAM, Wash., May 12.—(Special.)—The Northern Pacific Railway Company, charged with improvements in the local railway yards, has announced that the grounds of the Hoquiam Union Passenger Station will be parked and paved to make them as attractive as any along the company's line. Work is to be started, it is understood, as soon as preliminary arrangements can be made and the company tract let. The specifications call for paving or parking all of the ground on the city side of the depot and for parking a block of land owned by the company and lying between the station and the business district of the city.
