BREAD ONE CENT A SLICE

DAIRY LUNCHES NO LONGER GIVE AWAY STAFF OF LIFE.

Pies and Pastry Cuts Are Advanced From Five to Seven Cents—Justification Found in Lard Advance.

Dairy lunches of the city yesterday inaugurated charges for bread and butter. Each slice is charged for at the rate of 1 cent. Pies and pastry cuts were advanced from 5 cents to 7 cents for the same portions as have been served heretofore.

The Lambs' Club, the Baltimore, Leighton's and others of this class of restaurant are represented in the advanced tariffs. They found that, due to the increased cost of bread, which was added to the overhead charge, they were losing a good-sized sum every month.

There is also a justification, declare the managers, for the rise in prices for pies and pastry. Lard, which used to cost 8 cents per pound, now costs 22 cents, and flour, which is around \$11 a barrel, costs over 5 cents per pound. With these figures prevailing, it is declared, there is no possibility of supplying pastry at the old figure.

There was no change in provision prices yesterday of any account in the retail markets. Flour, however, declined from \$3.35 to \$3.15.

C. C. Colt, president of the Union Meat Company, has received a card of patriotic service suggestions recently made by Louis F. Swift, president of the Swift Company, and sent to the company's entire organization. The placard points out that in "these times of great tension, the company, its officers and employees should work earnestly and intelligently to increase production, eliminate waste and to conserve the available food supply." Mr. Swift urges the employees and officers to do "personal marketing" and to revive the "market-basket custom."

CAMPAIGN IS VIGOROUS

Voters in Baker Show Much Interest in Recall Election.

BAKER, Or., June 2.—(Special.)—One of the most exciting election campaigns ever waged in Baker County is being closed tonight in the effort to recall County Judge Messick and County Commissioner Ritter. Both sides are claiming victory, although the recall advocates show by the number of signatures asking for the recall that they have more hope than their opponents. The recall committees finished a tour of the county last night and Judge Messick is following their trail, finishing his campaign in Sumpter tonight. It is expected that a large vote will be cast on the recall, but the local issue has so occupied the minds of the people that they have hardly heeded the state issues.
