

You Can Peel Your Corn Off Just Like Dead Skin

Nothing Else as Simple, Easy and Painless as "Gets-It," the "Dead-Sure," Peel-It-Right-Off Corn Remedy.

"GETS-IT" for Corns and Calluses is one of the most remarkable discoveries of any age. It has saved millions from pain and agony. It has relieved the terrors caused by the modern tight shoe. It has made joy-walkers out of limpers. It has made the race smile.

Two drops of "Gets-It" will start you to freedom from the agony of a corn. Nothing known acts so marvelously, so painlessly. No longer need you lay aside your new shoes because you are afraid of pressure on your corn.

It Peels Your Corn Off in One Complete Piece, Painlessly

No more walking sideways, or on the edge of your shoes trying to get away from corns, with your face wincing from corn-pains shooting to your heart. Take two or three minutes' vacation, put 2 drops of magic "Gets-It" on, and put your shoe and stocking or sock back on again. There's no work to do, no fussing around to get ready, no putting or wrapping. Blessed relief! You can walk about with ease immediately afterward—or kick—from sheer joy!

"Gets-It"

The First and Only Discovery of Its Kind in Existence

Remember this—"Gets-It" makes your corn shrivel. It does not make your corn swell up into a white, gristly button and make corn-pains still more intense and unbearable. It gets away from the bundle-toe. If you wear a "cotton ring" or plaster, it makes your corns pop-eyed and bulge upward through the hole in the corn-plaster,—it makes corns bigger, increases pressure and pain. None of that with "Gets-It." You can dance in comfort with your corns on, if you have used "Gets-It."

No More Fussing or Puttering With Corns, if You Use "Gets-It"

You can forget you have any corns at all, if you use "Gets-It." It is unnecessary to cut, jab, pick or gouge at your corns any more in a desperate effort to reduce the pain,—if you use "Gets-It." Cutting corns, anyway, always makes them grow faster, makes toes sore, often makes them bleed, causing probable blood-poisoning and danger to life.

You Apply It in Two Seconds

"Gets-It" is the new way of getting rid of a corn. Millions of corn-pestered people have been quick to appreciate its won-

derful work,—and the result is that "Gets-It" is today the biggest-selling corn-remover in the whole wide world.

No matter how tough and obstinate your corn or callus may be, you simply apply 2 or 3 drops of "Gets-It" on it. It dries at once. That's all you have to do. You can put your sock or stocking and shoe right on, and walk about as though you had no corn at all. The corn begins to loosen from the true flesh, and then you can pick it right off like a banana peel. And your corn is gone!

There's Only One Genuine Corn-Peeler—"Gets-It"

Why make it miserable for yourself by using the old ways? Try "Gets-It" once, and you'll see the reason why it is today the National Corn-Remedy of America. Refuse plasters, salves and "contraptions." Do it the simple way that the common-sense millions use,—buy "Gets-It" and end your corn-misery without fail. You needn't take our word for it—your first trial of "Gets-It" will prove it to you. Let no one tell you there is any corn-remover as good as "Gets-It"—there isn't any. "Gets-It" does "all" the work every time.

For 25c, You Get the Easiest Corn Remedy in the World; Never Fails, Painless

Science has up to the present minute discovered nothing as good, as simple, as wonderfully efficient as "Gets-It." It is the tried and true. We have constantly at work a corps of chemists in our own research laboratories. Their work is to search out improvements in our already remarkable products, if possible. If any improvement is found, you get the benefit. So "Gets-It" is *always*, and always has been, the very latest perfected discovery in corn remedies — and you can get this best corn and callus remover in existence for just 25 cents.

Every Corn Touched by "Gets-It," Is a "Dead-Goner!"

Get relief at once. Take no chances of continued suffering by trying something which is alleged to be new—but use the self same remedy that the jury of millions of people have used and are still using whenever they have corns, "GETS-IT."

"Gets-It" is sold everywhere at 25c a bottle, or sent on receipt of the price by manufacturers, E. Lawrence & Co., Chicago, Ill.

Remove Superfluous Hair the Toilet-Cream Way

You've tried everything so far known perhaps, to remove superfluous hairs. Your skin has perhaps been irritated and reddened,—and the removing of superfluous hairs has been a drudgery. All this is past and gone, now, with

SOLV-IT

the new, easy, safe, "toilet-cream" way. "Solv-It" is a new, scientific discovery. It is as easy, as pleasant, as absolutely safe to use as a toilet cream. You get rid of superfluous hairs with the most remarkable ease,—you don't mind it at all any more. You can use it every day, just as though you were applying your face cream. It leaves the skin smooth, white, soft,—beautiful. It never reddens or irritates, and it never falls even on the thickest hairs. It cannot hurt the most delicate skin. Try it,—you'll be surprised. "Solv-It" is put up in easy-to-use collapsible tubes, 5c. Sold at all drug stores, or sent on receipt of price by E. Lawrence & Co., Chicago, Ill.

Clean and Polish Your Teeth the New Way

It has been almost impossible to get off of the teeth everything that should come off, even by hard rubbing. That's because the ordinary pastes and powders are too soft. But now you can remove these substances almost like magic, with

POMONA FRUIT FLAVOR TOOTH CREME

It is because of the scientifically-composed "body" in Pomona that does all the cleaning, without hard rubbing. It cleanses the teeth as they were never cleaned before, on the visible surfaces, back surfaces, right up to the gums, and in the hard-to-get-at places. Your teeth will glisten with pearly whiteness. It leaves a new exquisite fruit-juice taste in the mouth. It has none of that usual "druggery" taste. Buy a tube today and give yourself a surprise.—35c a tube at all druggists, or sent direct on receipt of price by E. Lawrence & Co., Chicago, Ill.

Try This New Liquid Court Plaster

Try the new way of treating that cut, scratch, scraped skin, or small wound. Why fuss any more with old-fashioned, unsanitary, stiff court-plaster, and ugly bandages and other things when the new liquid, water-proof, court-plaster

COATS-IT

is applied in 2 seconds, and gives absolute, pliable protection to any wound, and helps nature heal it quickly. You can wash right over Coats-It, it never cracks, it is invisible, dirt-proof. Coats-It is an ideal Home Treatment for any minor injuries to the skin and soft parts. It makes a neater, cleaner dressing than anything else you can use. Coats-It has hundreds of other uses about the home, in the library, at the office. Use it to prevent the skin of the hands from becoming callused from any cause. Coats-It dries immediately. It is put up in tubes of two sizes, the 10c vest-pocket size, and the 50c traveler's size. Sold at all drug stores, or sent on receipt of price by E. Lawrence & Co., Chicago, Ill.
