A BIT OF HISTORY

Several years ago we conceived the idea of a Distinct Diamond Value—one that would surpass the ordinary gem at a certain popular price. Our connections with leading Diamond Importers were such as to give us a buying advantage enjoyed by few houses. The result was the origination of

Our Special \$100 Diamond

And we are confident that it is the most distinctive value offered anywhere in the United States. So extensive has it become known that it has found its way not only throughout the country, but to Alaska, China, Hawaiian Islands and other distant points.

Other dealers have endeavored to imitate this splendid diamond value in their advertising and through their methods of representation, but with poor success. It stands alone as the original SPECIAL \$100 DIAMOND, and we are proud of it.

Your inspection of this particular gem, as well as others, is invited.

NOW is the accepted time. You may save your soul after death, but you can't save your old mother from want, nor your wife from taking in washing.

EVERY day you are drawing nearer the end. Every day your physical machinery is a little more worn. Every day it is a little harder to pass an examination.

WHY delay such an important event? Insure, man, insure!

WHEN you have passed your last milestone will it comfort you to know that you have provided well for your family? Of what use is protection that stops at the portals of the grave?

OLD age will be upon you before you are aware—if a beneficent Providence allows you the three score and ten years allotted to man.

REDEEM now the years that are gone, the investments that have failed, the competence you have never saved!

LOVE is the greatest thing in the world. Nobody loves your family as you do. Who, then, will provide for them if you do not?

DO NOT delay! Procrastination is the thief of Time, and Time will soon steal away with all your good resolutions.

LET us help you to make those early dreams come true.

If not us, then some one else, who can make it better worth your while. But insure, man, insure!

FOR we are all traveling the same road; we all fear the specter of poverty; we all dream of a brighter tomorrow.

EVERY day is a fresh beginning; every morn is a world made new!
