

BISBEE CENSORSHIP CLASSIFIED CRIMINAL

Assistant Attorney-General Declares Case Should Be Brought Into Courts.

ARBITRARY RULE ADMITTED

H. H. Stout, Smelter Superintendent, Says Violence Would Have Been Used if Necessary to Stifle I. W. W. Deportation News.

PHOENIX, Ariz., July 14.—Assistant Attorney-General Whitney said today the matter of the censorship at Bisbee is one to be handled in the criminal court.

DOUGLAS, Ariz., July 14.—It became known today that the leaders of the armed citizens who had charge of the deportation of 1200 striking copper miners and their sympathizers from Bisbee would have resorted to violence to enforce censorship if correspondents had forced through their dispatches concerning deportations after Robert J.ase, general auditor of the Phelps-Dodge Corporation and H. H. Stout, smelter superintendent of the corporation, issued their censorship orders to the local manager of the Western Union Telegraph Company. This was the statement of H. H. Stout, who directed the censorship as well as preparations in Douglas for the Bisbee deportations.

Mr. Stout, after the censorship was exposed as an arbitrary civilian affair, said that if the correspondents had forced through his dispatches during the censorship, which extended from 6 o'clock Thursday morning until 4 that afternoon, he "would have been taken off within five minutes, knocked in the head or otherwise restricted" from getting news of the proceedings. The Western Union manager would have been similarly dealt with if he had violated the censorship orders, according to Mr. Stout.

EXPRESS DRIVERS OUT MEN DEMAND RECOGNITION OF NEWLY ORGANIZED UNION.

Companies Declare No Compromise, and Place Embargo on Perishable Fruits.

SEATTLE, Wash., July 14.—(Special).—Officials of the express companies today admitted that they were seriously handicapped in delivery owing to the strike of the wagon drivers since Wednesday, but claimed that they had no intention of yielding. The chief contention of the employees, it was stated, was for recognition of their newly organized union. Express officials claim that it is history that they do not abandon an industrial fight or compromise once the men have gone out. Between 40 and 50 men are involved in the strike. The greatest difficulty experienced by the companies is in delivering perishable commodities. Embargoes were placed against receiving fruits and produce consigned to Seattle at Wenatchee and Yakima for three days of this week, owing to inability to make delivery here. Among the articles enumerated in the embargo were cherries and berries, which, if exposed to hot temperatures for a few hours, are practically worthless as food, and damage claims accumulate rapidly against the carrier.

SHINGLE MEN TO STRIKE WESTERN WASHINGTON EMPLOYERS TO FIGHT TO FINISH. Defense Fund of \$500,000 Has Been Practically Paid In So as to Combat I. W. W.

WORKS IN POISON OAK AND IVY WITHOUT FEAR. THE Laurel Hill Cemetery, of which I am superintendent, writes J. H. Brummett, of Springfield, Or., "is full of poison oak. I take it very easily. When I sent you for a bottle of Santiseptic Lotion, I had had poison oak for about five months. I commenced using Santiseptic as soon as I got it and kept working in the poison oak. To all appearances, I am now entirely cured, and believe me, it certainly takes something to even help me. I had and have tried everything I or anybody else ever hear of, including all kinds of guaranteed remedies. Just simply time and money wasted. Santiseptic certainly did the work. I will recommend it to everyone I can."
