

ARMED DRIVE EVADERS TO HILLS

One Leader Dead, One Captured, 25 Members in Jail, Is Day's Result.

UPRISING BADLY PLANNED

Little Difficulty Found in Raising Poses to Prosecute Search. Guards Warned to Beware of Poisoned Food.

OKLAHOMA CITY, Okla., Aug. 4.—With one of their leaders dead, another captured and at least 25 members of their bands in the hands of peace officers posse leaders tonight were of the opinion the backbone of the rising of objects to the selective draft in Oklahoma was under control. The outlaws have been scattered into such small bands that further success of the resistance is believed impossible.

In the Federal District Court here today the demeritor to the indictments of the 11 alleged members of the "Jones family," an anti-draft organization, was overruled by Judge John H. Cotter. Bail in each case was fixed at \$250. Trial of the men will be in early in September.

Wallace Cargill said to be a ringleader of the draft resisters, was shot in the stomach during a fight between a band of 20 of the objects and possemen near Rock Springs crossing late today. He died a short time later. Three others besides Cargill were said to have been captured.

Names of Leaders Ascertained.

A near-lynching occurred this afternoon in the Lone Dove neighborhood, when posse caught four objects, two McNecy boys, John Gray, an old man, and "Doc" White, a negro. In their efforts to get information regarding the movement of the resisters one of the McNecy boys was strung up with a rope around his neck. He refused to talk and the possemen cut him down and with the other prisoners, took him to Sasakwa.

Between Konawa and Sasakwa three other prisoners were taken, C. C. Brewer and his son, Robert Cargill. They were taken to Konawa after they had thrown down their weapons and had attempted to flee.

From prisoners the names of virtually every leader has been ascertained. These call themselves captains and are distinguished by a brilliant red sash. Contrary to previous reports the rebels appeared to be amply supplied with ammunition, although their firearms have of every conceivable pattern.

Resisters Buy Firearms.

A survey of the hardware stores in the affected district has revealed that the ammunition stocks have been bought up for the past several weeks, evidently in anticipation of armed resistance.

It was believed that the activities of the objects in this state, most of whom are said to belong to the "Working Class Union," but some being enrolled in the "Jones Family," a band which is similar to the "I. W. W.," were but a part of a nationally spread propaganda to resist service in the Army.

Federal authorities here declare the movement has been widespread but has been so loosely organized that quick failure was bound to be the inevitable outcome.

So far no troops have been sent into the affected districts. Governor E. L. Williams in a statement declared: "I won't send troops until I see fire from the smoke."

A survey of the situation, made from incomplete reports, charged the rioters with the alleged burning of three railroad bridges, an unsuccessful attempt to destroy an refinery at McAlester and the terrorizing of many men, women and children who did not sympathize with the aims of the tenant farmers, Indians and negroes who comprised the bands.

30 Objects in Jail.

About 30 alleged objects were in jail tonight at Ada, Holdenville and Wewoka. They were captured last night and today at various points throughout the district. Eleven other persons declared by Federal authorities to have been members of the anti-draft organizations, were arraigned in the United States District Court here this afternoon. They were accused of having joined a plot in which it was planned to raise the red flag of revolution in a wide orgy of rioting.

Guards were stationed tonight at strategic points throughout Hughes, Pontotoc, Pottawatomie and Seminole counties seeking the rioters. Few persons in the district were without arms and it was feared that further trouble might break out, despite the declarations of the authorities that the backbone of the disorders had been broken.

Opposition to Spread.

Federal, state and county authorities declared tonight that no efforts would be spared to break up the draft resistance. Little trouble has been experienced, it was pointed out, in obtaining volunteers to aid in prosecuting the search. They showed, officials said, that opposition to the draft was not widespread throughout the state, and that only a few malcontents, most of whom held theist views of life and government, had come out against the Government.

Spreading terror among the peaceful, law-abiding rural inhabitants and impressing innocent men into their ranks, the objects have found hiding places in the timbered hills and fields of growing corn and cotton. Possesmen declared it will take several days and possibly a week before the hunt is terminated.

Affidavits sworn to by men impressed into the objects' ranks, who afterwards escaped, gave evidence that the plot to withstand service in the National Army was widespread, but poorly organized. It was said the machinations included plans to burn and dynamite bridges, demoralize traffic in general and to rob and plunder whenever the opportunity offered.

Poisoning Is Feared.

Officers and posse members have been warned not to accept food or drink at unfriendly farmers' houses. Women and children left behind by the resisters were said by officers to have been instructed to poison the food and drink of any visitor who cannot give a prearranged signal.

Captains of the outlaw bands wear red ribbons across their chests.

Estimates of the number of men enrolled in the objects' ranks varied. The popular belief, however, was that they number between 500 and 600.

MUSKOGEE, Okla., Aug. 4.—W. G. Humphrey, general superintendent of the Missouri, Oklahoma & Gulf Railroad, received word this morning that an M. O. & G. bridge near Calvin, 80 miles south of Muskogee, in Hughes County, was burned last night. All

wires have been cut and details were not obtained.

ARDMORE, Okla., Aug. 4.—A posse guarding a highway near Stonewall, in Pontotoc County, exchanged about 40 shots with a band of alleged draft resisters early today. None was injured. A detail of National Guard cavalry has left Wewoka for the troubled districts.

SLAVONIANS BUY LAND

Colony of 15 Families Will Develop 1600 Acres Near Hoquiam.

HOQUIAM, Wash., Aug. 4.—(Special.)—A colony of 15 families of Slavonians from Cle Elum has purchased a tract

PORTLAND BOY, MEMBER OF OREGON COAST ARTILLERY, WHO WAS DROWNED AT PORT STEVENS, OR.

Walter Bates Scott, of the Oregon Coast Artillery, who was drowned while bathing in the surf at Fort Stevens last Tuesday and whose body has not been recovered, was a well-known Portland young man and the son of a pioneer family of this vicinity. He was born in this city on June 1, 1895, and was a graduate of local schools. For the past three years he had been employed by the J. K. Gill Company. He was a grandson of Perry Scott, an old-time steamboat engineer. Captain L. B. Scott, of the White Collar line, is a great-uncle. He is survived by his parents, Mr. and Mrs. L. Carstensen; three sisters, Helen Scott, Catherine Carstensen and Mrs. Charles B. Wemple, and six brothers, Charles P. Scott, Ellis N. Scott, Herbert E. Scott, George B. Scott, of Battery A, W. H. Scott and Louis Carstensen, Jr.

of 1600 acres of land north of Hoquiam and three miles south of Humptulips, and expect to locate in a building the development of the land within a short time.

Part of the tract is what is known as Axford Prairie and the remainder is cut-over land. All is considered high-class agricultural land and capable of high development.

THOMAS STAYS IN CABINET

Socialists Decide Time Not Right for Resignation.

PARIS, Aug. 4.—Socialist Deputies in the Chamber decided last night, by a vote of 66 to 9, that Albert Thomas, Minister of Munitions, and member of the War Council, shall continue as a member of the government.

It was pointed out that in view of the Socialist's opposition to Imperialist war aims, the withdrawal of M. Thomas at this time might be misunderstood.

ED. WRIGHT WINS SECRETARY'S JOB

Defeated Candidate for Commissioner Succeeds to Office Left by Ostrander.

BUCHTEL WANTS RASCH

Resolution Favors Consolidation of Two Branch Offices in Portland in Interests of Economical Administration.

SALEM, Or., Aug. 4.—(Special.)—Ed Wright, of La Grande, was today appointed by the Oregon Public Service Commission as secretary to succeed Edward Ostrander, who resigned August 1. Mr. Wright was for several years County Clerk of Union County and at the last election was a candidate for the Republican nomination to represent Eastern Oregon on the Public Service Commission.

Wright will probably begin his duties September 1. The appointment causes no further readjustment in the office of the Commission at present. The office of the Portland examiner for the Commission will not be closed at present, though it is said that this might be done later as an economical measure.

Appointment of Rasch Considered.

A few days ago the Commission was considering the appointment of E. A. Rasch, Portland examiner, to the secretaryship and the closing of the Portland office immediately.

Mr. Wright was considered for the secretaryship when the commission was reorganized January 1.

Wright's election was over the opposition of Commissioner Buchtel, who first nominated Rasch, then Roy Leedy, present assistant secretary, and introduced a resolution to consolidate the grain inspection department and the examiner's department in Portland and to transfer Rasch to the secretaryship in the Salem office.

Buchtel's resolution was voted down. Commissioner Cory said after the meeting that the consolidation proposed by Buchtel might be effected later.

Wright was nominated by Commissioner Cory and the nomination was seconded by Commissioner Miller.

Resolution Favors Consolidation.

Buchtel's resolution follows: Whereas, the manifold additional duties imposed on this Commission by the recent Legislature make economy and retrenchment necessary, if all phases of the Commission's work and activities are to be conducted effectively and efficiently without the creation of a deficiency in its appropriation; and

Whereas, the Commission maintains a principal office at Salem; and two branch offices—a grain inspection department, and an examiner's department—in Portland, with consequent duplication of overhead and other expense; and

Whereas, the consolidation of the examiner's department with the grain inspection department and the removal of the Portland examiner to the Salem office, the Commission can effect a considerable saving; and

Whereas, by rewarding one of its present employees by promotion to the secretaryship to succeed Edward Ostrander, the efficiency of the department will be increased; therefore, be it

Resolved, That the examiner's department in Portland is hereby consolidated with the grain inspection department, and Examiner Fred Rasch is hereby transferred to the Salem office of the Commission; be it further

Resolved, That the contemplated additional assistance at the Portland office be dispensed with.

STRIKERS AID IN HARVEST

Eastern Washington Farm Labor Shortage Completely Relieved.

SEATTLE, Wash., Aug. 4.—Immigration Commissioner White reports that great numbers of striking loggers and mill workers of Western Washington have gone to Eastern Washington to harvest fruit and grain. The shortage of harvesters has been entirely relieved since the lumber strike began, Mr. White reports.

There has been no change in the lumber strike during the week, the mill owners refusing to arbitrate the question of hours and insisting on the 10-hour schedule.

Take One Pound of Butter One Pint of Milk AND "The Wonder" Butter-Merger

Merge for Two Minutes—RESULT: Two Pounds of Merged Butter

Sounds impossible, doesn't it? It WAS—before the coming of the Wonder Butter-Merger, a magic churn that is the culinary sensation of the century. It makes a 2-lb. roll of merged butter out of 1 pound of butter and 1 pint of sweet milk.

Think of the Saving!

And think how simple is the transformation process. The Wonder Butter-Merger is a simple little churn as pictured. It has a specially constructed plunger with a valve that pumps air into the contents of milk and butter, causing them to merge in such a way that NOT A DROP OF MILK REMAINS unabsorbed.

FIFTH AND ALDER STREETS

BURIAL IS IN BUTTE

Score of Miners Bear Frank Little to Grave.

I. W. W. FLOCKING TO CITY

Police and Sheriff Take Precautions for Today—Union Activity Fails to Disclose Names to Officials.

BUTTE, Mont., Aug. 4.—Twenty men picked by the leaders of the Metal Mine Workers' Union will carry the casket containing the body of Frank H. Little, the Industrial Workers of the World leader, who was lynched here Wednesday morning, to the grave in Mountain View Cemetery, where it will be interred tomorrow afternoon.

No minister will officiate at the funeral, to be held at a local undertaking parlor, but leaders of the Metal Mine Workers' Union will read messages from labor organizations in various parts of the country. A funeral cortege consisting of miners, Industrial Workers and friends and sympathizers will follow the body to the grave.

Decision to send the body to Oklahoma for interment was altered today when a telegram was received from William D. Haywood, National secre-

tary of the Industrial Workers, directing that Little be buried "on his battle ground."

Hundreds of Industrial Workers are flocking to Butte on every train with the avowed intention of participating in the funeral procession. Mayor W. H. Maloney has intimated that there will be neither speechmaking nor carrying of banners.

The Chief of Police has ordered every man under his direction to report for duty tomorrow afternoon at 1 o'clock, an hour before the time set for the funeral. The Sheriff also strengthened his force.

W. G. Sullivan, legal counsel for the Metal Mine Workers' Union, who it is alleged, promised to divulge information relating to the lynching of Little which he claimed to have in his possession, failed today to name the five men said by him to have participated in the hanging. Sullivan says he has made three copies of this information, each of which, he says, is concealed in a different place, and which will be used "when I am ready and not before. I will tell them when I am ready to give up my dope," he said.

The inquest into the death of Little, which was started yesterday, was postponed until Monday. No new clues have been developed, it was stated, and the police and other officials said they were as much at sea as on the morning when the body was discovered.
