

J. E. YOUNG MAY GO

New Man Slated to Act as Fire Marshal.

RESULT OF TEST AWAITED

Commissioner Bigelow Says Action Is Not Yet Taken, as Examination for Battalion Chief Has Not Taken Place.

Indications at the City Hall point to the elimination of John E. Young, battalion chief in the Bureau of Fire for many years, now temporarily serving as Second Assistant Chief and Fire Marshal, and the naming of some new man to fill the present position.

Change is Indicated. That Mr. Bigelow intends to name some other member of the Bureau of Fire to the position is said to be strongly indicated by his recent request of the Civil Service Board to hold an examination for battalion chief and his declaration meantime to make permanent the appointment of Mr. Young.

There is no reason why Mr. Bigelow could not make the permanent appointment of Chief Young as Fire Marshal, did he desire to do so, as the position is vacant. Jay Young was recently appointed Fire Marshal by H. R. Albee, then Mayor and Commissioner of Public Safety, is now in San Francisco as chief of the department.

Chief Young is Fire Marshal. Meanwhile, Chief Young is acting as Fire Marshal, but with the original force, with but one exception missing. Walter S. Creech, who was chief in the fire prevention division when Jay Stevens organized that work and made a remarkable showing in reducing fires in Portland, is now with the Northwestern Mutual Life Insurance Company as its cashier here, and former Captain Groce, who was chief of the fire department, is doing special investigation work for the underwriters out of San Francisco.

SALARIES ARE AT ISSUE

CITY EMPLOYEES ALL DESIROUS OF GETTING MORE MONEY.

Commissioner Bigelow Will Not Be Ready to Consider Increases for at Least Ten Days Longer.

According to C. A. Bigelow, Commissioner of Public Affairs, he will not be ready to proceed with the consideration of salary increases in his own bureau at least a week longer. The principal demands made through his office are those of the firemen, who have asked for a rise of one cent per hour, and a pay off in three, as against one in six, as now.

Salary increases are being sought by virtually all employees of city payrolls, and never a day passes but one or more applications are filed with the various Commissioners. They are being up rapidly and are being held on the Council table until such time as all of them are in and they can be considered.

RESTAURANTS TO BE RATED

Campaign Against Dirty Eating-Houses Started by Health Officer.

City Health Officer Parrish is planning a campaign against filthy restaurants and has issued instructions to the inspectors of his bureau to check closely all eating-houses and to suppress bad practices in them. Many complaints have been filed with him within the past few days regarding this subject.

LAND SHOW IS ADVERTISED

Exhibition This Year Will Be Held in New Municipal Auditorium Which Will Give Every Facility for Attractive Displays.

The Manufacturers' and Land Products Show, Portland, has just closed a competition for a poster design which brought forward a choice collection of art work by men and women of Oregon and Washington.

The primary object of the exposition is to introduce more fully to the people of the Northwest the attractive commodities—the products of the farms, the orchards and the dairies of Oregon, and the industrial plants, shops and factories of the state.

The show will be held at the new Municipal Auditorium, giving every facility for the most attractive and interesting displays and for handling large crowds.

The management of the show is in the hands of David M. Duncie, president; A. E. Gantenbein, vice-president; C. D. Minton, secretary; A. O. Jones, treasurer; A. H. Harris, superintendent of soil product division.

On the board of directors are a number of well-known men, among them three or four eminently successful farmers. The board consists of: David M. Duncie, manufacturer paints and oils, Portland; A. E. Gantenbein, independent cracker Company, Portland; C. D. Minton, First National Bank, Portland; Mrs. Winnie Braden, secretary Dallas Commercial Club, Dallas; W. C. Brewer, secretary Chair Manufacturing Company, Portland; D. M. Lowe, agriculturist, Ashland; James Twombly, Twombly Bros., car manufacturers, Portland; P. Feldman, Mr. Hood Soap Company, Portland; W. He attended Columbia University and later studied law. He is 27 years old and married. Mrs. Kehoe at present is living with her parents, Mr. and Mrs. F. E. Southard, 235 Broadway. Mr. Kehoe won a commission as Second Lieutenant in the field artillery.

He attended Portland Academy and then went to Culver Military Academy. He then entered the University of Illinois, where he continued his work with military organizations. Mr. Menefee signed his application in the East but, like others, was assigned to the Western camps and passed through Portland three months ago. He is a Second Lieutenant.

Albert M. Closterman is another young banker who made a Second-Lieutenant. He is in the infantry. He was a member of the Third Oregon machine gun company. He lives at 468 East Sherman street. He is a Portland boy and attended the local schools.

Walter B. Gleason is commissioned a Second Lieutenant with instructions to appear at once. He was first dismissed on account of eye trouble and had given up any idea of getting a commission.

The other day he received a telegram stating that he had been accepted and should make ready to report at once. He is a Portland boy who formerly attended Hill Military Academy, which training helped him at the camp. His father was prominent in governmental affairs of the state for many years.

Harold H. Barbur is the son of Commissioner Barbur and is connected with the Northwestern Electric Company. He is 28 years old. He graduated from Oregon Agricultural College, where he took an active interest in the cadet corps. He is unmarried and lives with his parents, Mr. and Mrs. A. Barbur, 784 East Flanders. He is a Second Lieutenant in the infantry.

Arthur L. Fish, who is a Second Lieutenant in the cavalry of the National Army, is advertising manager of the Oregon Journal.

He was one of the first to sign up for the previous military encampments and had spent a month at the guard before at Monterey with other Portland men.

Walter H. Keck won a Second-Lieutenancy. He is remembered as the hero of many a football battle, starting first with the Oregon Agricultural College and later with the Multnomah Club.

Mr. Keck was one of the men from the First National Bank, where he has been connected for some years. Mrs. Keck lives at 1648 Maryland avenue, where they have made their home for several years.

Prussian Intrigue Against America

as revealed by James W. Gerard, Ex-Ambassador to Germany

The progress of "My Four Years in Germany," Ambassador Gerard's own story of the hitherto hidden trail of Prussian diplomatic deceit, now appearing in the daily and Sunday issues of The Oregonian, has awakened thousands to the magnitude of Germany's merciless ambition for world dominion.

The Inside Facts of a Stupendous Plot

Those who were privileged to witness the duplicity of Kaiserism were few, and of these few none save Ambassador Gerard has won free to give the world the real facts. Through the columns of this engrossing story moves the Kaiser, lordly, absolute and intolerant, with his ruthless retainers and councillors. Before the reader is spread the German jealousy and hatred of all things American, and the complete weave of the plot to insult and embroil America.
