Handicap Must Be Offset.

This is in large part due to the ef-forts of Adjutant-General White to expedite to the fullest extent the action of the various local exemption boards. He emphasized to the members of the boards the necessity of speeding up to offset the five-day handleap imposed on the state at the start through the failure of the official lists to arrive.

High Heels Put Corns on Toes

Who cares? Corns or calluses lift off without any pain.

> Because style decrees that women crowd and buckle up their tender toes in high heeled footwear, they suffer from corns, then they cut and trim at these pain ful pests which merely makes the corn grow hard. This suicidal habit may cause lockjaw and women are warned to stop it. A few drops of freezon applied directly upon a sore corn or tender callus gives quick relief and soon the entire corn or callus, root and all, lifts off without pain. Ask the drug store man for a tiny bottle of freezone, which costs but a few cents, but is sufficient to remove every hard or soft corn or callus from one's feet.

Freezone dries in a moment and simply shrivels up the corn or callus with-out even irritating the surSCHOOLS AND COLLEGES
