

SHIPPERS PROTEST BURKE'S REAPPOINTMENT

Portland's Leading Business Houses Want Collector of Customs Retained.

SERVICE IS PRAISED HIGHLY

Advocacy Is Without Political Prejudice as Men of Every Party Declare in Opposition to Senator Chamberlain's Action.

George E. Chamberlain, senior United States Senator from Oregon, has won his point and prevented the reappointment of Judge Thomas C. Burke as Collector of Customs at Portland, for personal reasons, but has done it over the united protests of business interests of this city and other Oregon towns.

The record shows that Judge Burke has had, and now has, the unanimous support of the business men who would consider his appointment to the best interests of city and state.

The following petition, signed by 259 of the leading business men of Portland, was sent to Senators Chamberlain and Lane last February, urging Judge Burke's reappointment.

"We are patrons of the Portland Custom House and we want to express our appreciation of the efficient service which the present Collector, Thomas C. Burke, has given to the public.

"As citizens of Portland, we are interested also in the constructive work Mr. Burke has done and is doing for this port and we want him to continue with the Administration which he represents in this state, and upon which he reflects both dignity and honor.

"We are sending a copy of this petition to the Secretary of the Treasury, Honorable W. G. McAdoo, that he, too, may understand what is practically a general demand among the business interests of Oregon for Judge Burke's retention.

Petition Sent by Republican.
The signatures to this petition were obtained, and the petition was forwarded, by L. B. Senler, Republican, but supporter of Senator Chamberlain, and are warmly favorable to Collector Burke because of his work in upholding the port interests of Oregon. It was forwarded to the Senators February 13.

Supplemental to this petition 76 business and professional men of Portland, whose names had not been signed to it, got up another petition urging the retention of Collector Burke on his record in office. The signers included Republicans as well as Democrats.

In response, Mr. Senler received a letter from Senator Chamberlain, dated February 19, 1917, in which the Senator said, referring to Judge Burke:

"Permit me to say to you that my colleague and I have not at any time conferred about what our course would be in reference to filling vacancies in the Federal offices in Oregon as the terms of the incumbents expire. We intend to do so, however, some time later, and you will be advised when it is impossible to tell you what our course will be. When we do act, however, you can rest assured that your interest in the petition which you inclose will be most earnestly considered by us."

Baker Men Give Support.
The petitions from Portland asking Judge Burke's retention in the interests of public service were not the only ones sent to the Senators. The business men of Baker, Or., where Judge Burke formerly lived, prepared a petition signed by 12 business and professional men, which was sent to the Senator. It read as follows:

"Baker County wants you to know that the feeling here is that the man who was taken from here to represent the Wilson Administration as Collector of Customs at Portland is doing credit not only to us, but to the Administration as well. We want you to know that we deny the right and authority of the action of the Senators in trying to lop off part of the Administration which was so emphatically endorsed in Oregon by the business and professional men, Thomas C. Burke, as Collector of Customs at Portland.

"You will be glad to know that the party lines for that was done in conferring a second term on you. Can you assure us that the demand will receive your support?"

The Dallas Favorable, Too.
Prominent citizens of The Dallas also, to the number of 29, have written Senator Chamberlain to have Judge Burke reappointed.

On August 21, just a few weeks ago, before the nomination of Will Moore, Pendleton, had been sent to the Senate for Judge Burke's post, the following telegram was sent to President Wilson by Portland business men:

"The interests of the Government in the present crisis and the commercial interests of Oregon will be best served by retaining Judge Burke as collector at this port, and we appeal to you to retain him."

This was signed by A. L. Mills, E. R. Corbett, J. C. Ainsworth, E. G. Crawford, J. L. Hartman, William A. MacRee, Andrew C. Smith, Henry Albers, Edward Cookinham, David M. Gorman, M. H. Houser, W. J. Burns, Jefferson Myers and W. J. Burrell.

S. Benson and J. E. Yeon also sent a telegram to President Wilson, urging Judge Burke's reappointment.

On August 24, in response to a telegram from E. M. Ryerson and others urging that he support Judge Burke, Senator Chamberlain came out flatly and said he would not in the following telegram:

"I regret I cannot comply with request of yourself and others contained in message just received. My objections to Burke are well founded and deep-seated. The force in the Senate offices are practically the same men who administered its affairs successfully under Dunne, McLean and Burke, and they will do likewise under anyone whom I have recommended for appointment."

Judge Burke's many friends in Portland have not quit fighting for him yet, even though the Senate has confirmed the nomination of Will Moore, of Pendleton, as his successor.

HIGH SCHOOL GIRL WEDS

Miss Gladys Nyquist Is Bride of Dr. Michael Sult, of Prineville.

Dr. Michael Sult, a dentist of Prineville, Or., and Miss Gladys Nyquist, a student of Jefferson High School, were married last night at the home of the bride's parents, Mr. and Mrs. Fred Nyquist, 76 East Eighty-first street North, Rev. S. W. Seaman, of Hope Presbyterian Church, officiating.

The ceremony was followed by a reception for a few of the intimate friends. The couple will go to California on a wedding trip and will make their home at Prineville.

NEWLY APPOINTED GENERAL SECRETARY OF THE PORTLAND YOUNG WOMEN'S CHRISTIAN ASSOCIATION, WHO ANNOUNCES PROGRAMME OF ASSISTING BUSINESS HOUSES.

IDA JONTZ HAS IDEA

New Secretary of Y. W. C. A. Sees Opportunity for Women.

Daniel A. Poling, chairman of the United Committee on War Temperance Activities in the Army and Navy, is a former Oregon man and a son of the Rev. C. C. Poling, of Portland.

FOREST FIRES ARE OUT

COTTAGE GROVE, Or., Sept. 15.—(Special.)—The heavy rains of the past week, the first in 30 days, have extinguished the 39 or more forest fires near here and all fire fighters have been called in. All the fires of this section started at almost the same moment and were the result of lightning. They had burned a month or more. The rain gave the ground a good soaking, which will result in increasing the blackberry and bean crop and renewing the pastures.

SELF DEFENSE PLEA

Yee Guk Lawyers Put Murder Blame on Bow Leongs.

FOREIGN GUNMEN ACCUSED

White Witnesses Will Testify That Defendant Was Attacked, Mr. Maguire Tells Jury in His Opening Statement.

That Yee Guk, Suey Sing tong gunman, had a right to shoot and kill Chin Hong, of the Bow Leong tong, on the afternoon of June 2, last, and that he acted only in self defense after Bow Leong gunmen had waylaid and attacked him, will be shown conclusively by the defense during its introduction of testimony this week, declared Robert Maguire, attorney for the defendant, during his opening statement yesterday to the jury.

It will be shown by white witnesses, Mr. Maguire said, that Chin Hong was an operator of a big Chinese lottery and a "house gambler" of the Chinese section; that he directed the work of the Bow Leong gunmen, and that he was accompanied by two gunmen, Jan Joe and Louis Him, on the afternoon of the gunfight which resulted in the death of both Chin Hong and Jan Joe.

Gun Clutched by Dead Man.
Other white witnesses will testify, he said, that it was the Bow Leong party of gunmen who first sought to shoot, and that both Chin Hong and the other two Chinese were heavily armed. Detectives will testify that Jan Joe had a gun still clamped in his right hand when he was picked up from the sidewalk, he declared.

In his opening statement Mr. Maguire said that Yee Guk might have killed Chin Hong, but that if he did fire the fatal shot he had no apologies to offer. He said further that the evidence against the defendant, Chin Hong, had been killed by a fellow tong gunman during the excitement of the fight, in which more than 50 shots were exchanged.

Imported Gunmen Accused.
Testimony will be introduced by the defense tending to show that both Jan Joe and Louis Him arrived in Portland from San Francisco the night before the shooting, and that they were being piloted through Chinatown by Chin Hong in search of trouble when they were taken to Chin Hong's place.

An effort will be made to show that they had been in that vicinity for more than an hour before the gun fight broke out for the purpose of hunting out rival tongmen.

Following the close of the opening statement for the defense, the jurors went to the jury room to deliberate on the case.

White Witnesses Many.
Taking of testimony for the state will start tomorrow morning. It is not believed that the case can reach the jury by doctors and laymen, that it promises to be the most interesting Chinese murder trial yet this year.

Unlike the former trials, the defense will rely greatly on the testimony of white persons, many of whom assert that Yee Guk is innocent of the shooting. In fact, it was said that there would be fewer Chinese witnesses at this trial than in any of the other long murder trials.

PORTLAND BOY AVIATOR

C. O. Bodway Makes His Initial Flight at North Island.

Mr. and Mrs. Phil I. Bodway, of Whitwood Court, have just received word that their son, Chester D. Bodway, now at the aviation school at North Island, San Diego, has made his first flight.

"I enjoyed it very much," he wrote. "Hope I'll soon be flying over the enemy." He may get the chance soon, for his corps is expected to be transferred to France immediately after their training course is completed.

W. B. Bodway, brother of the young aviator, has enlisted in the Navy and is now stationed at Bremerton. The other of the Bodways, in formation of the Eastern & Western Lumber Company.

BUDGETS BEING SHAPED

Pruning Being Done Before Council Cuts In.

Everybody at the City Hall is so imbued with the economy spirit this year that budget sessions commencing next month promise to lack considerable of their usual spice. It looks as though the Council committee instead of waiting for the Mayor's budget, will go into each department and approve or lop the figures.

NEW AUXILIARY PLANNED

Friends of Members of Company E, Engineers, to Meet Friday.

Relatives and friends of members of Company E, Eighteenth Highway Engineers, U. S. A., will meet Friday night in the grand parlors of the Multnomah Hotel to form an auxiliary of Company E.

Harold W. Young, of Portland, is Captain of the company and his aides are Lieutenants Saul, Smith and Delano.

There are quite a few members of the company whose residence is out of Portland and relatives and friends over the state will be in Portland Friday night are asked to attend the meeting.

FOREST FIRES ARE OUT

COTTAGE GROVE, Or., Sept. 15.—(Special.)—The heavy rains of the past week, the first in 30 days, have extinguished the 39 or more forest fires near here and all fire fighters have been called in. All the fires of this section started at almost the same moment and were the result of lightning. They had burned a month or more. The rain gave the ground a good soaking, which will result in increasing the blackberry and bean crop and renewing the pastures.

You Need Your Teeth Fixed---Yes?

Have You a Small Fortune to Put Into Your Mouth? No! How Can You Get Your WHOLE MOUTH Fixed Up For Little Money? SEE ME PERSONALLY!

Year in and year out I am striving to give you better and better service and do it for less money. TODAY I am better equipped, better prepared in all dental branches, to satisfy your wants. TODAY I can do better work than ever before and for less money than anywhere else in the city. TODAY I can do it absolutely without pain, and give you a written contract that my work will stand up, and be made out of the best material money can buy. Come and have your teeth examined free.

The Best Dental Advertisement Is Good Dental Work
Open Nights

The Time to Have Your Teeth Fixed Is Now

DR. E. G. AUSPLUND, D.D.S.
My Practice Is Limited to High-Class Dentistry Only.

No matter who you are or where you live, I can satisfy you and save you money. I publish a price list—and live up to it. All our patients and their friends say: "What beautiful dental work! And so very reasonable!"

FIFTEEN-YEAR WRITTEN GUARANTEE REMEMBER, WE ARE HERE TO STAY

I know I am giving all the people who come to this office Better Dentistry for less money than they can secure elsewhere. Thousands of people know it, too—but some do not know it because they are PREJUDICED and WILL NOT INVESTIGATE—and these are the very people I am talking to today.

For years preachers of various denominations have told you of the Gospel each Sunday—yet some of you don't believe some even go to church—but this is not the fault of the ministers nor of the Gospel, and I am going to keep hammering away at your foolish prejudice until you are fair enough to yourself and to me to visit my office—then I will leave it to your own judgment whether you have your dental work done here or elsewhere.

Prejudice is the jailer that locked Faith in the Dungeon of unbelief.

City Physicians Explain Why They Prescribe Nuxated Iron

To Make Beautiful, Healthy Women and Strong, Vigorous Men

NOW BEING USED BY OVER THREE MILLION PEOPLE ANNUALLY

Quickly transforms the flabby flesh, toneless tissues and pallid cheeks of weak, anaemic men and women into a perfect glow of health and beauty—Often increases the strength of delicate, nervous, run-down folks 100 per cent in two weeks' time.

New York, N. Y.—It is conservatively estimated that over three million people annually in this country alone are taking Nuxated Iron. Such astonishing results have been reported from its use by doctors and laymen, that a number of physicians in various parts of the country have been asked to explain why they prescribe it so extensively, and why it apparently produces so much better results than were obtained from the old forms of inorganic iron.

Dr. Ferdinand King, New York Physician and Medical Author.

"There can be no vigorous iron in a man's system without iron. An anemia means a deficiency of iron. The skin of anaemic men and women is pale; the flesh flabby; the muscles lack tone, the brain fags and the memory fails and the nerves are weak, nervous, irritable, dependent and melancholy. When the iron goes from the blood of women, the complexion becomes weak, sallow and sickly-looking, just like a plant trying to grow in a soil deficient in iron."

Dr. E. Sauer, a Boston Physician. While it is associated to do you any good, otherwise it may prove worse than useless. I have seen dozens of cases where the iron deficiency had won the day simply because he knew the secret of great strength and endurance and entirely lacking in the blood of his children is, after they had in some cases been doctoring for months without obtaining any benefit. But don't take the old forms of reduced iron, iron acetate, iron lactate, iron sulphate, iron phosphate, etc. The iron demanded by Mother Nature for the red coloring matter in the blood of her children is, not that kind of iron. You must take iron in form that can be easily assimilated to do you any good, otherwise it may prove worse than useless. But don't take the old forms of reduced iron, iron acetate, iron lactate, iron sulphate, iron phosphate, etc. The iron demanded by Mother Nature for the red coloring matter in the blood of her children is, not that kind of iron. You must take iron in form that can be easily assimilated to do you any good, otherwise it may prove worse than useless. I have seen dozens of cases where the iron deficiency had won the day simply because he knew the secret of great strength and endurance and entirely lacking in the blood of his children is, after they had in some cases been doctoring for months without obtaining any benefit. But don't take the old forms of reduced iron, iron acetate, iron lactate, iron sulphate, iron phosphate, etc. The iron demanded by Mother Nature for the red coloring matter in the blood of her children is, not that kind of iron.
