## **HUNDREDS JOINING** MULTNOMAH CLUB

Big Campaign for 500 New Members to Close on October 1.

## INSTITUTION OFFERS MUCH

Entrance Fee Made Low for Brief Time, That Gaps Caused by War May Be Filled-Plant One of Finest in Land.

To fill the gaps left by the enlistment in Army and Navy, and depart-ure for the front, of more than 200 of its senior members, the Multnomah Amateur Athletic Club is conducting a big new membership campaign this month. Five hundred new members is the goal.

During the period of the campaign the initiation fee for membership in the famous athletic institution has been reduced to \$5. Already close to new members have taken advantage of this low fee to join,

Club Has Much to Offer, Few organizations have as much to offer to their membership as the Mult-nomah Amateur Athletic Club. It is one of the great athletic institutions of the West, indeed of the whole coun-try, and the deeds of its athletes on nany fields have carried its fame far

The Multnoman Club has been car-rying on its work of making Portland rying on its work of making Portland young men physically fit—the Army and Navy records testify to how well its work has been done—for 26 years. The club was organized at a meeting of men interested in athletics on February 24, 1891.

The man instrumental in calling that

The man instrumental in calling that meeting was A. B. McAlpin, the photographer, who became its first president. Mr. McAlpin remains today not only one of the most active members of the club but is, furthermore, a very live example of the benefits a man will lay up for himself, in physique and good health, who devotes a small part of each day to physical exercise and sport.

A. B. McAlpin Is "Eldest Son."

Though past his 60th birthday, Mr. McAlpin is as sturdy and healthy and enjoys a good dinner as much as any youngster in his early 20s. He can outgame and outplay at handball, aquash or tennis just about any member who is willing to take him on.

They call Mr. McAlpin "Father of the Multnormah Club." Its "eldest son" would be more appropriate, for a father is supposed to be patriarchial, and there is nothing of the patriarch about him. A. B. McAlpin Is "Eldest Son."

The first home of the Multnomah The first home of the Multnomah Club was in upstairs quarters in the building on the east side of Second street, between Morrison and Yambill. The club soon outgrew them, On September 1, 1893, it moved to a new building at the southwest corner of Tenth and Yambill streets.

Unlike so many sprouting athletic clubs, the Multnomah Club passed safely through the hard siedding of its early years and continued to grow. There was a reason for this. The reason may be summed up in the state-

son may be summed up in the state-ment that from the very first it re-mained true to the idea upon which it had been founded, the promotion of true amateur athletics.

Winning Never Sole Aim.

In carrying out that idea and ideal it did not confine itself to the mere development of champions and the upbuilding of winning teams. It has had plenty of both, but they were a result, not the end of the club's policy—which has been, and is, the physical training and development, not of the few only but of the entire member-

On July 21, 1900, the Multnomah at Chapman and Yambill streets, overlooking its splendid athletic campus, Multnomah Field. It remained there until the building burned down, July 14, 1960, in the conflagration resulting from fire that started in the old Me-Nineteenth streets.

After being in temporary quarters in the Macleay residence at Lownsdale and Park streets for nearly two years, the club took possession of its present fine building at the north end of Multnomah Field, fronting on Salmon street in March 1812 street, in March, 1912.

Building Is Up to Date. This building was constructed with a view to future growth and develop-ment. It is modern and up-to-date in every respect and large enough to ac-

commodate nearly twice the present membership.

This clubhouse is one of the best equipped in the West. Its gymnasium, especially, is large and thoroughly modern in all its equipment. The gymnasium occupies most of the zecond floor of the clubhouse, the remainder of the floor being devoted to private rooms for resident members.

The gallery of the gymnasium contains a large indoor running track, 21 laps to the mile. On the third floor is the entrance to this gallery and more rooms for resident members.

The clubs's gymnasium classes for men and women members, intermediates and juntors are held in the gymnasium, under the direction of Professor Otto C. Mauthe, one of the best-known physical instructors in the United States. commodate nearly twice the present

Work in Classes Varied. Professor Mauthe teaches in his physical training work not only gym-nastics but calisthenics, esthetic and nastics but calisthenics, esthetic and folk dancing and fencing. He has had a wide experience in this work, covering a period of 22 years. Professor Mauthe has been in charge of physical education at the University of California Summer school for the past three years, he was for eight years physical director at Stout Institute, and prior to that of the Shreveport, La. Athletic Club, He has also given physical instruction at the Harvard University Summer school.

The regular Fall and Winter gymnasium classes open at the club to-morrow under Professor Mauthe, Ali class work, including gymnasium, cal-isthenics, esthetic and folk dancing and fencing are part of the regular membership privileges and are given

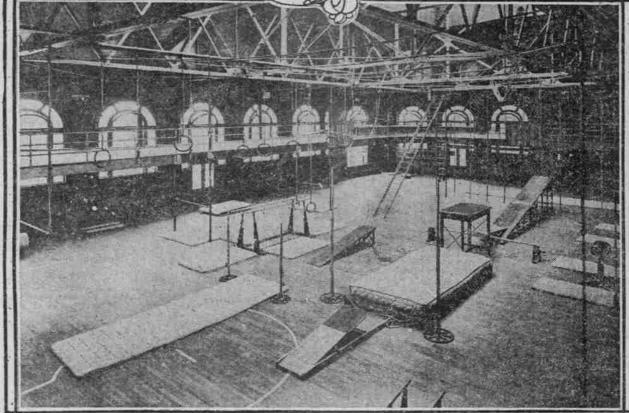

without extra charge.

This applies also to instruction is boxing, wrestling and swimming.

Edward J. O'Connell, boxing and wrestling instructor, has been with the Multinomah Club for the past 10 years. Mr. O'Connell is himself the welter-weight wrestling champion of the United States. His pupils in both wrestling and boxing have carried off many amateur championships. Boxing and wrestling instruction is free to any member of the club.

The Multinomah Club has one of the best swimming pools on the Coast. The pool, which is in the first basement, is 30 feet by 75 feet, white tiled and electric lighted. The shower-rooms, senior locker-room, bowling al-Champlon Teaches Wrestlers.

leys, squash courts and handball courts in the conflagration resulting are on the same floor.

The conflagration resulting are on the same floor.

Jack Cody is swimming instructor pavilion at Washington and of the club, Among the stars he has developed may be mentioned Norman

Ross, now breaking world's records for the Olympic Club, of San Francisco, but who was developed by Cody; Louis Balbach, Lewis Thomas, John McMur-ray, Constance Meyer, National A. A. U. woman fancy diving champion, and

All Taught to Swim, Free. Every member of the Multnomah Club, whether man, woman or child, is especially urged to learn to swim. Mr. Cody has had wonderful success in teaching swimming. This instruction also is free. With junior members, it

s compulsory.
On the second basement floor of the On the second baseline best equipped clubhouse is one of the best equipped Turkish bath departments in the city. Turkish bath departments in the city. It is in charge of Professor V. J. Davies, an expert of 26 years' experience. The athletes' entrance to Multnownh Field is also on this floor. The field is used for baseball and

the library contains the principal periodicals and newspapers from all parts

of the country.

The present low initiation fee of \$5 will continue only during the present membership campaign of the Multnomah Club, which ends on September \$6. On October I the membership initiation fee will be increased to \$25.

Jimmy Huish Goes to Vancouver. VANCOUVER, B. C., Sept. 15 .- (Spe VANCOUVER, B. C., Sept. 1a (Spe-cial)—Jimmy Huish, for the last two years professional in charge at the Colwood course, Victoria, has come to the Vancouver Golf and Country Club links, succeeding to the vacancy cre-

Lightweight Champ Cleans Up \$64,000 in Past Year.

MONETARY ASSET

Only One Large Guarantee Ever Demanded, Being Purse of \$10,-000 When Ringster Knocked Out Johnny Kilbane.

The field is used for baseball and football in season, including the English game of soccer or Association football. The field also contains a fine running track and six tennis courts. The Oregon state tournament was held on these courts this Summer.

Tennis Courts Are for All.

Use of the courts, like other privileges of the club, is free to members. Arrangements are made for their use by women members on Tuesday, Friday and Saturday mornings.

The first floor of the clubhouse contains the main entrance and commodious lobby, the club office, board and committee rooms, large lounging to blocated a small fortune.

Many a big business cannot show gross receipts of \$64,000 for one year it only goes to show how a champion ship can be commercialized as an "at traction." Leonard has never demand to be guarantees, except in his on Benny Leonard has earned \$54,000 in the last year in the ring. When 1916 burst upon the calendar Benny was just beginning to blossem forth as a championship possibility. The National field and track championships at St. Louis two weeks ago furnished living teatimony to the fact that, in spite of the undeniable pail that the great war has cast over all forms of athletic endeavor, America is going ahead in the matter of developing brilliant young athletes. The crop that blossomed forth at St. Louis was nothing in comparison to the one that would have been shown under ordinary conditions, but there were enough of them to emphasize the fact that Uncle Sam's athletic mill is still grinding steadily.

In the sprinting division two very promising boys drew the rays of the athletic searchlight through their splendid racing These are W. D. Hayes, of Boston, who finished 10 seconds flat in the junior 100, and Pete White, the colored boy from New York, who grabbed the furlong championship in the same series. Both White and Hayes promise to do greater things on the cinder path ere long. White followed his victory in the junior 220 by running two corking races in the senior sprinting the next day. In the senior sprinting the each and work of St. Louis meet by any means, but he Madowbrook Club of Philadelphia. Barron was not unknown prior to the Meadowbrook Club of Philadelphia.
