A kindergarten has been established at the clubhouse under the direction of Mrs. L. M. Peddycoed.

MATZENAUER TO GIVE FIRST CONCERT AT HEILIG THEATER

Steers & Coman Programme Includes Eugene Ysaie, Harold Bauer, Reinold Werrenrath and Frieda Hempel.

Margaret Matzenauer, Here Oct. 3

OCTOBER 3 is the date Steers & Coman have settled upon for the first concert of their season at the Heilig Theater. Margaret Matzenauer, who possesses what has been pronounced the greatest voice at the Metropolitan Opera-House, New York, not excepting even Caruso, will open the series of concerts.

Madame Matzenauer is a Hungarian by birth, and has been identified with all that is heroic in Wagnerian opera, singing both soprano and contralto roles. She is certainly the darling of the gods, for no other singer of our day is gifted with a voice of such exceptional range, such noble volume of tone and enchanting art, such majesty of mien. One critic says she is destined to be the legitimate successor of Schumann-Heink; another declares that the mantle of Nordica has fallen upon her.

The transcendent art of Ysaie, pere, enables him to stir the emotions to their profoundest depths with the marvelous sweetness of his violin. Many regard him as the most commanding rival in Europe when in 1912 she came to America. Her striking beauty is more than matched by a voice of such exquisite quality and amazing brilliancy that immediately she had New York at her feet.

Both Frieda Hempel and Margaret Matzenauer are strangers to Portland, for each is now making a Western tour for the first time. Likewise Reinold Werrenrath, the new American favorite, whose luscious voice and attractive programme have given him great prestige and vogue elsewhere.

These three young stars will be presented to Portland for the first time by Steers & Coman this season. The concert will take place at the Heilig, this being the 17th season in which distinguished artists in the world of music have been brought to the Pacific Northwest under this management of Steers & Coman.

On cross-examination by Ben C. Dey, counsel for the railroad company, who appeared for Wood, Wood admitted that at the time of the interview he was already a member of the organization.

Mr. Dey referred to this fact and cited a number of decisions in which laws similar to the statute under which the defendant was being prosecuted were held to be unconstitutional.

On nearly every street corner yesterday could be seen women and children workers for the First African Methodist Episcopal Church, Zion, which is now under construction at Williams avenue and San Rafael street. Yesterday was Synthy Saturday for the Church of Zion, and through appeals to passersby nearly enough money was raised to clear entirely the new edifice of debt.

It is planned to dedicate the new church next Sunday and special services will be held by Rev. W. I. Rowan, pastor of the church.

The church has had three homes in the past few years, only to be compelled to look for a new site when residents of the neighborhood in which the church was located would raise a complaint, after which the case would be carried into the courts and the congregation would be forced to look for a new home.

It was after much difficulty that they were able to obtain their present site, and they are now satisfied that they have at last found a permanent home.

THEATERMEN TO AID

To Stamp Out Immorality Among Girls Is Aim.

MEETING BRINGS RESULTS

District Attorney's Office and Juvenile Court Win Co-operation on Part of Playhouse Managers. Warning to Be Given.

Managers of Portland theaters at a conference held in the chambers of Juvenile Court Judge Taxwell yesterday gave assurance of their earnest co-operation in the efforts being made by the District Attorney's office and the officers of the Juvenile Court to stamp out immorality among young girls. The meeting was attended by Deputy District Attorney Dempsey, Chief Probation Officer Spencer and the representatives of two amusement houses.

It developed at the conference that the charges that have reached the District Attorney's office from young girls involve only youths who are engaged in the sale of candy in some of the theaters, and not a single instance, explained Mr. Dempsey, do the charges, in any way, involve the ushers who are employed directly by the management of these places of entertainment.

In this connection it was called to the attention of the Juvenile Court officers that the lads engaged as candy salesmen are entirely outside the control of the owners of the theaters. In this city the concession for selling candy in most of the show houses is owned by a concern with headquarters in Los Angeles. The boys are employed by a resident representative of that company, are furnished their uniforms, paid and discharged by the same agent, independent of the managers of the theaters.

As a result of the meeting, Probation Officer Spencer was directed to meet with the candy salesmen and warn them against a continuance of the offenses with which three of their number have been charged. The same officer also will communicate with the officers of the company owning the concessions at Los Angeles and demand that greater care be exercised by that concern in employing sales boys.

TUBERCULOSIS EXPERTS WILL MEET IN PORTLAND.

Conference Here October 15 and 16 Will Present Many Leading Authorities as Speakers.

"What can be done to prevent the ravages of tuberculosis among troops sent from the West to help win the war?"

Desire to furnish the answer to the question will bring the leading authorities on tuberculosis into conference here October 15 and 16.

The Canadian troops returned because of tuberculosis numbered more than twice the estimates and hospitals have been taxed beyond capacity. Hotels, schools and other buildings have been taken over for the care of the quickly curable cases. Effort to cope with the situation has been handicapped because of lack of prepared facilities.

A general outline of policy is expected to result from the conference in Portland. It is called under the auspices of the National Association for the Prevention of Tuberculosis by a committee of 50 prominent men and women from Utah, Idaho, Wyoming, Montana, Oregon and Washington.

The list of the speakers and their subjects include the following: Dr. Philip King, medical director of the Argus Sanatorium, Fairfax, Cal.; "What Constitutes a Diagnosis of Tuberculosis Sufficient for Rejection from the Army"; Dr. G. C. Bellingier, "The Significance of Rales"; Mrs. R. A. Morbon, "Red Cross Seals"; Dr. Ralph C. Matson, "What America May Learn from the French War on the Tuberculosis Problem"; Frank W. Le Clerc, "Organization"; H. H. Moore, "The Use of Exhibits in Educational Campaigns"; Dr. Day W. Matson, "The Use of the X-Ray"; Dr. E. A. Pierce, "The Value of Physical Signs in General"; Marshall N. Dana, "Publicity and Education"; Mrs. Bethesda Beale-Buchanan, "Hospital and Sanatorium Provisions"; Philip P. Jacobs, of New York, "A National War Programme."

Catarrh Always Means Lessened Vitality

It is a stagnation of a mucous surface. Sometimes it is local; often it is systemic. Then it may manifest itself in unexpected ways—in the stomach, the intestines, or the head. Always it means a part of the delicate mechanism of the body is not working, and other parts must overwork. Continued, catarrh means the involvement of larger areas, and eventually a diseased, weakened system that invites worse troubles.

Control It Promptly

Take a tonic that will invigorate the whole body by restoring digestion and cleaning up the stagnation. That tonic should be Peruna, because it is specially designed for just such conditions, and because of its wonderful record of success in nearly half a century it has been relied upon. The large number—many thousands—who have testified to its help to them are the best proof that it will relieve you as well. It's worthy of your trial.

Liquid or Tablet form—the latter very convenient for regular administration. 50c a box. Manalin is the ideal laxative. Doesn't gripe or form a habit, pleasant, mild and effective. Liquid, \$1.00 and 35c. Tablets, 10c and 25c.
