JUDGE JOHN F. HYLAN, THE DEMOCRATIC CANDIDATE FOR MAYOR OF NEW YORK CITY, WITH HIS WIFE AND DAUGHTER, VIRGINIA.

Judge Hylan will run against William M. Bennett, as his Republican opponent, and possibly also against Mayor John Purroy Mitchel, who is seeking re-election to the post of chief executive of the largest city in the world.

ALLEN EATON WILL MAKE STATEMENT

Instructor of University of Oregon and State Representative Returns to Eugene.

DISMISSAL IS DEMANDED

Offense Is Participation in Deliberation of Peace Council at Chicago—Conference With President Campbell to Be Held.

UNIVERSITY OF OREGON, Eugene, Or., Sept. 29.—(Special.)—Allen Eaton, State Representative from Lane County and instructor in the University of Oregon, whose dismissal from the faculty and state office were demanded in a resolution passed by the Eugene Chamber of Commerce for participation in the Peace Council meeting at Chicago, returned to Eugene Friday night, but was not among the professors to hold conference with students today at the first of registration. Until the matter of resignation, dismissal or retention at the university is decided, he is not expected in his office on the campus.

Statement Is Withheld. "There are too many things involved in this matter for me to make a statement at this time," said Mr. Eaton tonight. "Until I reached Eugene this morning I knew practically nothing of charges being made against me, and even yet have not them thoroughly in mind. Later I will make a complete statement." Mr. Eaton spent most of the day in conference with friends, newspaper men and others identified one way or the other with charges made against him. What action the university authorities will take awaits the outcome of a conference tomorrow between President Campbell and Mr. Eaton. At that time he will make a statement of his case.

Mr. Eaton Was on Vacation. "There is absolutely no foundation to the report that Mr. Eaton's expenses, or any part of them, were paid by the university," said President Campbell. "Mr. Eaton was on vacation at the time, and in no way connected with the university. He was conducting Summer school at Wyoming, N. Y., and no one here even knew of his intention of attending the meeting."

The Chamber of Commerce members insist that Mr. Eaton can make no satisfactory explanation, inasmuch as he admits writing the report of the Council meeting printed in a Portland paper, and declare nothing but dismissal from the faculty will suffice. Governor Withycombe has already declined to recommend Eaton's dismissal from the Legislature.

GOVERNOR WILL SPEAK

OREGON PARENT-TEACHERS TO MEET IN EUGENE OCT. 17-20.

Problems Dealing With Children and Schools Will Be Discussed by Prominent Persons.

EUGENE, Or., Sept. 29.—(Special.)—Governor Withycombe, P. L. Campbell, president of the University of Oregon; Dr. W. T. Foster, president of Reed College; Dr. W. J. Kerr, president of the Oregon Agricultural College; J. A. Churchill, State Superintendent of Public Instruction, and J. H. Ackerman, president of the Oregon State Normal School, are among those who will address the Oregon convention of Parent-Teacher Associations to be held in Eugene, October 17 to 20.

Other features of the convention program will be a conference on the work and organization of the Parent-Teacher Council, conducted by Mrs. J. F. Chapman, president of the Portland council; an address by Mrs. Josephine C. Preston, Superintendent of Schools in Washington; "The Problem of the One-Room Country School—What Shall We Do With It?" by M. S. Pittman, of the Oregon State Normal School at McMinnville; "The Child and the Juvenile Court," by Judge A. Tazewell, of Multnomah County; and a conference on "Conservation of Child Life in Oregon."

Friday, October 19, has been set aside as "University Day."

Each Parent-Teacher Association in the state will be entitled to send one delegate for every 10 members.

COURT TO OPEN MONDAY

Applicants for Citizenship to Be Heard at Dallas Monday.

DALLAS, Or., Sept. 29.—(Special.)—The October term of the Polk County Circuit Court will open in Dallas Monday. The first action of the court will be to hear applicants for citizenship, among which are two of German birth.

The trial of the case of Mrs. Frances J. Hatch against Weldon Black will also come up for hearing at this time.

Among the criminal matters to come up is the case of Dr. Hewitt, of Independence, who is charged with having performed a criminal operation on a girl of this county. The trial of Red Conner and Henry Waldron, alleged bootleggers, is expected to take place. Circuit Judge Harry H. Belt will preside.

COMPLAINTS THROWN OUT

Service Commission Disposes of Salt Rate Matter.

SALEM, Or., Sept. 29.—(Special.)—The Public Service Commission today dismissed complaints against the O.-W. & N. Oregon Short Line, Central Railroad of Oregon, Sumpter Valley, Great Southern and Walla Walla Railroads Company as to rates on salt in carload lots.

The reason for the dismissal as to the intrastate rates is because of an Interstate Commerce Commission order reducing intrastate rates, and on the issuance of such an order the railroads checked in their intrastate rates to correspond.

HOME CAMPAIGN PLANNED

Federal Food Administrator for Washington Is Ready.

SPOKANE, Wash., Sept. 29.—Charles E. Fisher, Federal food administrator for the state of Washington, today announced plans for food conservation

week, October 21 to 28. He has named a committee of which Dr. Henry Suzzillo, president of the University of Washington, is chairman, which will have charge of a house-to-house campaign during the week.

"The campaign is to be directed in each county by the county defense council," said Mr. Hebbard. "They will act, however, through the schools, both in city and county districts."

"The quota set for Washington is 250,000 pledges, that is, a pledge to live up to the Hoover food conservation program from each of the homes in the state. This total is now being apportioned among the counties according to the number of families in each county."

PROCESS GIVEN NATION

Discovery Said to Forestall Gasoline Shortage Turned Over to U. S.

SAN FRANCISCO, Sept. 29.—The United States Government was last night offered the free use of a process, discovered by Frederick A. Kormann, San Francisco chemist, which he said would increase the output of the country's gasoline by twelvefold, and thus avert a National petroleum shortage which Government officials have declared is threatened.

The offer to the Government was made through Gavin McNab, San Francisco attorney. Late last night Kormann announced that the Government had accepted his offer, and that Secretary of the Interior Lamm had authorized the construction of a Government factory at which the process will be utilized.

Details of the process were not divulged, but Kormann said his process makes use of crude oil products now wasted so far as gasoline production is concerned.

Mrs. Ruby Clark Sought.

From Mead, Wash., comes an urgent inquiry as to the whereabouts of Mrs. Ruby Clark, formerly Miss Ruby Helzer. According to Douglas H. Jurgens, of Mead, who is making a search for the missing woman, she was last heard from in this city in January, 1916. Mrs. Clark is of medium height and of light complexion, but beyond that no other description is given. Any person knowing of her whereabouts is requested to communicate with Mr. Jurgens at Mead, Wash.

DOUGLAS COUNTY PIONEER

PASSES AWAY.

E. N. Bradford, COTTAGE GROVE, Or., Sept. 29.—(Special.)—E. N. Bradford, for 45 years a resident of Douglas County, died at the home of his daughter, Mrs. S. G. Long, in this city, September 16, after an illness of several months. Mr. Bradford was born in Ohio in 1825. At the age of 21 he came to the Pacific Coast country, settling first in California and later in Oregon. Surviving relatives are his wife, Mrs. Anna Bradford, of Cottage Grove; Mrs. Alice Long, Cottage Grove; Mrs. Nettie Huff, Elkhead, Or.; and Mrs. Nellie Churchill, of Starbuck, Wash.

AIR RAID REPELLED

Two Enemy Planes Fall on Coast of England.

DEFENSE WORK EFFECTIVE

England Perfects Means of Breaking Up Attacks, and Carries Aerial Battle to German Military Bases in Belgium.

LONDON, Sept. 29.—Two German airplanes which took part in last night's raid over the southeast coast of England, were brought down. It is announced officially. No casualties were caused by the raid.

Lord French, commander of the home defenses, reports that the latest information indicates that about 20 enemy machines participated in last night's raid. Bombs were dropped in a number of places in Kent, Essex and Suffolk, but no casualties and only insignificant damage has been reported up to the present. Repeated attacks were made on London, but in no case did the raiders penetrate the outer defenses.

"One enemy airplane is reported to have been shot down in the Thames estuary, and a second one off the coast."

The successful operation of the British aerial defenses in the frustration of these attempts of German raiders to reach London last night and the destruction of at least two Gothas on the coast lead to the hope that means have been found to deal with moonlight raiders, as the Zeppelins were countered last year. Condition of the sky last night was not altogether favorable for night flying, but the defense by airplanes and anti-aircraft guns has been made so strong that future raiders will cross the coast of England at their own peril.

AMSTERDAM, Sept. 29.—A German airplane of the Gotta type descended near Saa Van Gent in Zealand this morning. One of its three passengers was severely wounded. The two un wounded passengers attempted to escape to the frontier, but were caught and all three will be interned. The machine was armed with three machine guns and had aboard six bombs.

LONDON, Sept. 29.—British aviators dropped seven tons of explosives in attacks Thursday night on German military establishments in Belgium. The following report was given out today by the Admiralty:

"On the night of September 27-28

Hair Often Ruined By Washing With Soap

Soap should be used very carefully if you want to keep your hair looking its best. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle and ruins it.

The best thing for steady use is just ordinary multifid coconut oil (which is pure and greaseless), and is better than the most expensive soap or anything else you can use.

One or two teaspoonfuls will cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich, creamy lather, which rinses out easily, removing every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves the scalp soft and the hair fine and silky, bright, lustrous, fluffy and easy to manage. You can get multifid coconut oil at any pharmacy; it's very cheap, and a few ounces will supply every member of the family for months.—Adv.

there were bombing raids by naval aircraft on the following objectives: "The lock gates at Zebrugge, the St. Denis Westend airfield, the Gontrode airship shed and the Houtvliet air-drome.

"The bomb dropping at Zebrugge appeared to be good, while at Houtvliet bombs fell among hangars and huts on the southwest side of the air-drome. Seven tons of explosives were dropped. All the machines returned."

ITALIANS GAIN GROUND

Surprise Attack Nets 244 Captives Near Monte San Gabriele.

ROME, Sept. 29.—The Italians made an attack on the front above Gorizia yesterday and gained ground which held in the face of repeated counter attacks, the War Office reports.

The statement follows: "Yesterday, by a completely successful surprise attack, our troops recaptured our line between Sella di Dol and the northern slopes of Monte San Gabriele. Eight officers, 214 men and a few machine guns were captured. The position was maintained and strengthened, notwithstanding the fact that the enemy, having recovered from his surprise, repeatedly counter attacked."

BOLO PASHA IS ARRESTED

Levantine Said to Have Handled German Corruption Funds.

PARIS, Sept. 29.—Bolo Pasha, the Levantine resident of Paris who has been the object of a judicial investiga-
