

MICHAELIS MUST GO

Chancellor's Days, It Is Said, Are Numbered.

OPPOSITION FAST GROWING

Conservative and Pan-German Support Said to Have Been Lost by Blunder in Springing Plot Disclosure.

COPENHAGEN, Oct. 13.—The German Reichstag adjourned, leaving behind it a latent crisis, which political observers believe will be sooner or later to the retirement of Dr. Michaelis, the Chancellor, without a following.

Recent arrivals from Berlin report that current gossip there is that Michaelis can scarcely last a month. The Chancellor's blunder in springing the disclosures of the alleged naval plot, against which, according to the National Zeitung, he was strongly advised, and his failure to make headway against the Reichstag majority, appear to have lost him the Conservative and Pan-German support.

Von Buelow May Be Candidate. The speeches at the concluding session of the Reichstag must be read in the light of the expectation that the days of Michaelis are numbered. The speech of the Radical Deputy, Haussmann, contained passages intended to launch the candidacy of Prince von Buelow, which is still being pressed as vigorously as possible.

AMSTERDAM, Oct. 13.—During the debate on the censorship in the Reichstag on Thursday, says a Berlin dispatch, Deputy von Buelow, who said: "We are reminded of the worst times of the old Roman Empire. We are suffocated under a heap of official paper prescriptions of mock justice, injustice and arbitrariness. People sigh, 'Who will free us from this deluge of evil paper?' Confidence is ruined by the manner in which the state of siege is exercised."

"Homogeneity is lacking in the imperial leadership and the higher military leadership. The relations between the general command and the trades unions is becoming worse and worse. It is a scandal how the pacifist leaders are deprived of all their rights at a time when great concessions are being made to the government's pacifists."

After a strong criticism of the methods of the press bureau, the speaker continued: "It was not lack of men, but of equipment, that was responsible for the outcome of the battle of the Marne. It looks as if the elements in Germany working for an open conflict between the government and Parliament."

MICHAELIS' POWER IS GONE

Berlin Papers Generally Agreed Deposition Is Imperative. COPENHAGEN, Oct. 13.—According to the latest information of the Berlin newspapers the resignation of Vice-Admiral von Capelle, Minister of Marine, has not yet been submitted, although it has been decided upon. (Friday night's announcement of the Minister's resignation came through Amsterdam, credited to the Frankfurter Zeitung.) The delay may be due to the absence of Emperor William, who, accompanied by Foreign Secretary von Kuehlmann, is in Sweden and may perhaps go to Constantinople, as the published itinerary of Dr. von Kuehlmann includes a visit to the Turkish capital.

The Pan-German Lokal Anzeiger, the National-Liberal Deutsche Kurier, the Catholic Germania, the Radical Tageblatt and the Socialist Vorwaerts agree that the prestige of Chancellor Michaelis is shattered and his power so broken that his disposition is imperative.

The Kurier suggests that a change in the chancellorship has been temporarily deferred on tactical grounds, to avoid the impression that there had been a surrender to Socialist pressure. Virtually the entire press sneers openly or covertly at the Chancellor's attempt to get clear by shouldering the responsibility upon Vice-Admiral von Capelle. It is pointed out that the Chancellor himself went virtually as far as the Minister of Marine in the introduction of subjects and the subsequent debate.

CHILE TO BREAK BONDS

REPUBLIC NO LONGER SUBJECT TO EUROPEAN FREIGHT MONOPOLY. Ambassador at Launching of Steamer Voices Appreciation of Work of the United States.

AN ATLANTIC PORT, Oct. 13.—Senor de Aldunate, the Chilean Ambassador, at the launching of a steamer here today, spoke hopefully of his country being able to break the monopoly of freights exercised by commercial houses of Europe. The Ambassador said: "In addition to her remoteness and the Cordillera of the Andes, an artificial element has contributed to Chile's isolation, the monopoly of freights exercised by the great commercial houses of Europe by virtue of which we have been barred from direct communication with buyers and sellers. Our production, industries and commerce have been arrested. Now we will break this monopoly and give us freedom, tearing down the Chinese wall of freight monopoly."

"This is the first time the United States Government has taken a step of this nature; it has broken its traditions and undertaken a work which heretofore exclusively has been one of private initiative. "This receives with applause the work of commercial intercourse and more intimate political relations. The United States does not know Chile well enough and the best vehicle for such knowledge is the steamship which is today born to the hazardous life of the sea."

Billy and Ma Sunday Narrowly Escape Accident, Deciding to Drive to City With Dustin Farnum, Who Was Host to Party.

LOS ANGELES, Oct. 13.—(Special.)—Mrs. James Whitcomb Brougner, wife of the well-known pastor of the Temple Baptist Church here and former pastor of the White Temple Church at Portland, was painfully injured in an auto smashup while returning from a day at Catalina Island as the guest with others of Dustin Farnum on his private yacht Dingy. The party included members of the Billy Sunday organization.

Mrs. Brougner is reported not seriously injured and the other occupants of the car in which she was riding escaped with nothing worse than a shaking up. The accident was caused by an effort to avoid a collision with another motorist, who cut in ahead from a side street. The car was wrecked.

In the car, one of three carrying the party from Wilmington, were Mrs. H. P. Caulfield, who was driving; Dr. and Mrs. Brougner, Mr. and Mrs. Bernal Dyan, Homer Rodeheaver, leader of the Sunday Tabernacle music, and Mr. Caulfield.

According to Dr. Brougner, Mrs. Caulfield was driving north on Main street at not more than 25 miles an hour, when a small car darted from a side street to her left. In an effort to avoid striking the newcomer, Mrs. Caulfield swung to the right, striking the curb.

Mrs. Brougner, who was riding in the front seat, was thrown against the windshield, breaking it. She received severely lacerated wrists and arms, a cut on the hip and bruises on the body. A passing automobile was halted and she was rushed to the family residence at No. 1331 West Fourth street and a physician was called. He declared the injuries not dangerous. None of the other members of the party was injured, aside from shock. The motorist who violated the rules of the road, sped on after the accident. His identity is unknown.

Billy and Ma Sunday and Dustin Farnum narrowly escaped being in the smash-up. Billy and Ma first decided to ride to town with Mrs. Caulfield, but later changed their minds, coming in with Dustin Farnum and escaping injury. The Sunday car was at some little distance when the wreck occurred. The Sunday party spent the day at Catalina, fishing and seeing the sights of the island. George Sunday battled for an hour with a gigantic swordfish, weighing nearly 150 pounds. When it was nearly landed the hook broke and the work of the patient fisherman went for naught.
