EXPERT TELLS HOW TO PERFORM ON ICE

Thelma Dutch Points Out Joy of Doing Fancy Stunts With Pair of Skates.

SPORT IS INVIGORATING

Young Woman Who Has Been Giving Exhibitions at Ice Palace in Portland Declares Recreation Is Most Healthful.

FIGURE SKATING.
BY THELMA DEUTCH.

(Miss Deutch is the girl who, with Walter Parks, created such a furore with their wonderful exhibitions of fancy skating at the Portland Ice Palace last week.)

Do you want to have lots and lots of fun, and experience the most joyous thrills in the world? Yes? Well, then, put your straight skates in a safe deposit and obtain immediately a pair of figure skates.

Besides being fun, you will find figure skating to be the most graceful accomplishment, the most invigorating sport, and the healthiest recreation within the reach of every one. To see hundreds of couples dancing and evolving difficult stunts on the ice is the most pleasing spectacle that can be witnessed on almost any frosted field or great ice rink, such as the Portland Palace, in the United States. So let us all get busy here and join the merry throng of artists.

Instructions Are Given.

I am now going to give you some of the essential points that all beginners should observe most carefully.

The body should be easy and pliable, with no degree of stiffness, leaning slightly forward. The head should be carried upright, inclining a bit backward, the skater always remembering this most important caution—never look down at the feet while in motion.

The legs should not be stiff. Nothing so effectually destroys the beauty and gracefulness of the movements as stiffness of the limbs. The knee of the "performing" leg should be slightly bent. This rule is absolute. The arms must hang loosely at the sides, the elbows slightly bent, the hands naturally facing the body.

The "unemployed" leg, as it is usually termed (which, I may add, is generally employed more than the other), should always be more or less bent, according to the movement, and should never be held with the knee perfectly straight like a crowbar. Unless there is a slight bend to the knee, the skater has an ungainly appearance.

Curve Is Main Element.

If I were asked the question, "How should the body be held while skating?" I should say, "I live while I skate; I feel every motion; all the muscles speak and answer me, as it were. I talk with my arms, my shoulders, with all my limbs, and think of poetry, of music—of flying, if you will."

Strictly speaking, there is but one element of figure skating, the curve; more strictly, two—a progressive element, the curve or edge, and a non-progressive element, the spin on the flat of the skate or the point of the toe (pirouette). By means of these two elements all possible figures may be skated. Just as mere straight and curved lines are combined into the more serviceable units of the 26 letters of the alphabet, so the simple curve is combined by three motions of the body into double and triple curve units, forming a figure skating alphabet of 26 fundamental figures. These three fundamental motions are:

1. From side to side, causing a change of edge.
2. Backward and forward, causing a change of direction.
3. Round and round, causing a change of front.

Washington and Jefferson Win.

WASHINGTON Oct. 20.—By straight gruelling football Washington and Jefferson College defeated Pennsylvania State College here today 7 to 0. The Washington and Jefferson goal line was approached nearer than the 40-yard line.

JOKER SALVES CONSCIENCE

Monmouth Gets $5 for Damage in Halloween Prank 12 Years Ago.

MONMOUTH, Or., Oct. 20.—(Special.)—Twelve years ago Monmouth saw the destruction of some of its city property on Halloween night. Today, with the destruction forgotten and the offenders still mostly unknown, the city is reimbursed by $5, and the conscience of one offender is soothed.

Mayor Ostein received the following letter from Henry Lewis Peek, of Laclede, Idaho: "Am writing a few lines to you in confession concerning a water wagon that was broken on Halloween night, 1905, by a bunch of us boys, and not knowing how badly it was damaged am sending you $5 for my part of the foolishness in destruction of city property. I am living a Christian life now."

No member of the City Council could recall the incident, but it was decided to absolve the petitioner and place the money in the general fund.

STATE CONTROL OPPOSED

German Business Men Want No Governmental Curb.

COPENHAGEN, Oct. 20.—Representatives of German industries, at a Berlin conference Thursday, opposed various governmental plans for state control of industry. They demanded return to the free exercise of private initiative in business.

The government has been planning to take charge of all imports, assigning shipping and foreign exchange for purchases only to such articles as government experts should decide were indispensable. It was planned to pool such purchases in order to eliminate competition.

Mexico Removes Two Taxes.

MEXICO CITY, Sept. 30.—In order to stimulate agriculture through the country, President Carranza has issued a decree taking off the tax on waters owned by the country and used for irrigation or power purposes, and also has removed the import duties on agricultural machinery.

Snow Falls in Minnesota.

ST. PAUL, Oct. 20.—Nearly two inches of snow has fallen since early morning, with no indication of stopping. All sections of the state report some snow last night and this morning.

ICE HOCKEY FRIDAY

"Moose" Johnson and Charlie Tobin to Start Series.

PRACTICE BEGINS TODAY

Fancy Skating Before Contest Masque Carnival, With Prizes, Arranged for Halloween. Uksila Plays.

Portland ice hockey fans will get their first taste this season of the popular Winter game Friday night at the Portland Ice Palace when two teams, captained by "Moose" Johnson and Charlie Tobin, will start the first of a three-game series preliminary to the opening of the regular Pacific Coast Hockey League in November.

The two teams will include members of the Portland hockey team who are residing in Portland and Charlie Uksila, who was a member of the 1915 team and the fastest amateur hockeyist in the city.

Manager Bryan, of the Ice Palace, and Captains Johnson and Tobin will select their players this morning and commence practice this afternoon for the first game.

Individual medals will be given to the members of the team which wins two of the three games played. Portland fans have been clamoring for the first hockey game, and Manager Bryan's announcement will be welcome news.

The first game starts Friday night at 8:15 sharp. "Babe" Young, the deaf and dumb child fancy skater, will give an exhibition between periods, and there will be skating at the conclusion of the hockey game.

A fancy masque skating carnival is being arranged for Halloween night and a number of valuable prizes will be awarded.

ODELL PIONEER IS DEAD

Peter Jochimson, Sr., Located in Oregon 30 Years Ago.

HOOD RIVER, Or., Oct. 20.—(Special.)—Peter Jochimson, Sr., pioneer of the Odell district, who came here more than 30 years ago from Iowa with his family, passed away Friday at the age of 81 years. Mr. Jochimson was a native of Germany. The family came to America over 40 years ago.

Mr. Jochimson is survived by two sons and two daughters—Peter Jochimson, Jr., and Mrs. R. E. Miller, of Hood River; Mrs. E. Vaughan, of Portland, and Hans Jochimson, of Dallas.

PARADE IN MARSHFIELD BIG

Bank Remains Open to Receive Liberty Bond Subscriptions.

MARSHFIELD, Or., Oct. 20.—(Special.)—The local committee made a big drive tonight for the liberty bond issue. An open-air meeting was held in front of the First National Bank, where prospective subscribers could walk in and tender their cash and promises. Before tonight the fund totaled $25,000, but it has been swelled to almost twice that amount.

The campaign of the evening opened with a big auto parade, with a Liberty bell, red fire and slogans tacked on the cars. Earl Kilpatrick, of Eugene, was the principal speaker of the evening. A. K. Peck presided, and speeches were made by many foreign-born citizens.

Among those who addressed the throng were Sergeant Hopland, of the marines; Carl W. Evertsen, German-American; A. H. Derbyshire, Englishman; Nick Stambone, from sunny Italy; D. B. Ostlind, Swede; Andrew Landles, Englishman, and E. P. Lewis, representing the Coos County Commercial Travelers, and many others. The response was generous.

Silverton Scores Heavily.

F. E. Callister, cashier of Coolidge & McClaine, bankers, of Silverton, last night telephoned to Portland that Silverton had taken a big spurt in its liberty bond subscriptions as the result of the speaking campaign there Friday night. "We took in $25,300 in subscriptions today," Mr. Callister said. "That makes Silverton's total now $45,050, and it is still coming in."

Jewish Society Plans to Aid.

Officers of the Jewish Relief Society of Portland will meet this morning at the office of Dr. N. Mosessohn, in the Oregon building, and formally take action subscribing for $500 worth of second liberty bonds. This sum represents about two-thirds of the money in the treasury. It was announced that the society expects to take more bonds when the treasury is replenished.

Women Sell Liberty Bonds.

PENDLETON, Or., Oct. 20.—(Special.)—Mrs. Roy T. Bishop, chairman of the women's committee for Pendleton, announced tonight that the amount of subscriptions credited to them had passed the $100,000 mark. She has enlisted the aid of the Honor Guard girls here and a big drive for subscriptions will be made next Saturday.

LUMBER MILLS AFFECTED

Hood River Orders Held Up Because of Car Shortage.

HOOD RIVER, Or., Oct. 20.—(Special.)—Local lumber concerns are being affected seriously because of lack of cars. With five carloads of material ready yesterday, the Mitchell's Point Lumber Company, was unable to secure a single car.

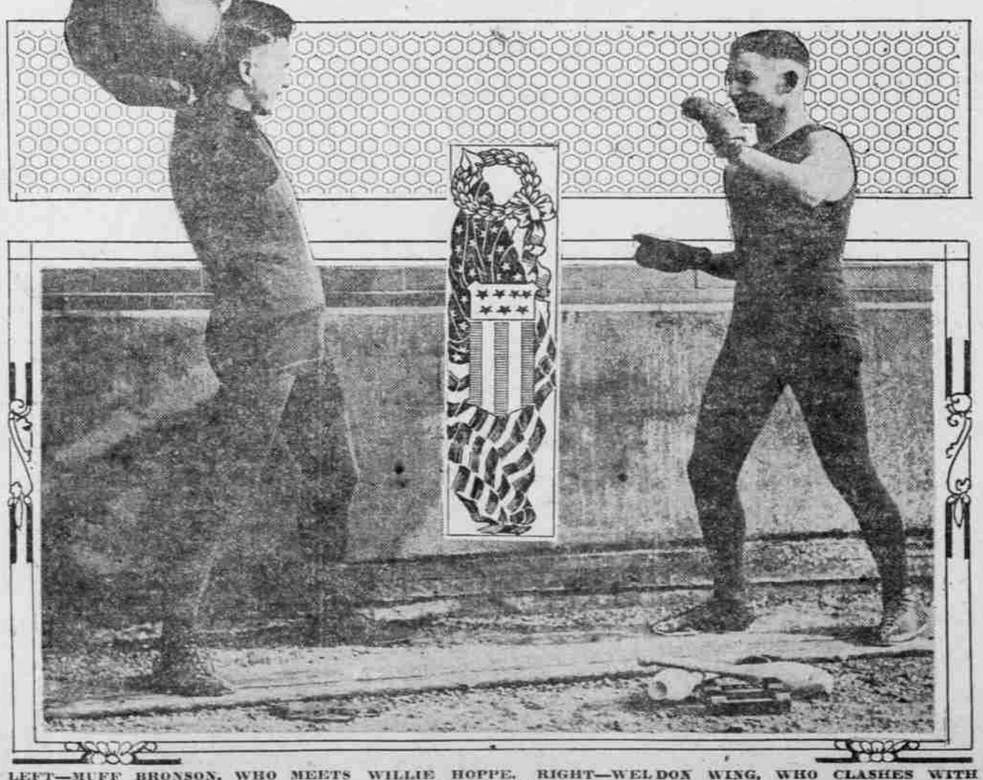
The Oregon Lumber Company reports that plenty of refrigerator cars for moving apples are available, but that it is almost impossible to secure boxcars, flatcars or gondolas for handling lumber orders.

HUNS HAVE ANOTHER FOE

Colombian Senate Protests Against German Submarine War.

WASHINGTON, Oct. 20.—The Colombian Senate has passed a resolution protesting against Germany's ruthless submarine warfare, the State Department was advised today by Perry Belden, the American charge at Bogota.

MUFF BRONSON AND WELDON WING ENGAGE IN MEDICINE BALL PRACTICE TO CONDITION THEMSELVES FOR THEIR COMING BOUTS, OCTOBER 30.



LEFT—MUFF BRONSON, WHO MEETS WILLIE HOPPE. RIGHT—WELDON WING, WHO CLASHES WITH CLAIRE BROMEO.

FLANIGAN RESTS ON HIS OARS NOW

Bronson-Hoppe and Wing-Bromeo Bouts, Scheduled for October 30, Attractive.

WAGNER TO MEET MADDEN

Fast-Coming Portland Lightweight Will Be Given Acid Test When He Is Pitted Against Pride of Seattle in Special Event.

With Willie Hoppe's contract in his pocket and Claire ("Kid") Bromeo's telegram of acceptance tucked beside it, Joseph P. Flanigan, manager and matchmaker of the Columbia Athletic Club, can rest easy for a few days and devote his time to getting Muff Bronson and Weldon Wing in shape for their bouts on October 30.

Muff Bronson realizes that when he is stacked up against a boy that boxes like Hoppe, perfect condition must be his long suit, and if hard, diligent work counts for anything Muff will be in the best shape of his career. He and his stablemate, Weldon ("Toughey") Wing, featherweight champion of the Northwest, are burning up the roads every morning, and battering up a corps of sparring partners every afternoon, besides tearing off the covers of several punching bags and skipping the rope.

The Muff Bronson-Willie Hoppe bout is not attracting all of the attention on the bill by a long sight. Weldon Wing will defend his featherweight championship against "Kid" Bromeo, the sensational San Francisco featherweight, who is at present in Salt Lake cleaning up the Middle Western title aspirants.

Bromeo claims the Inter-Mountain featherweight title, and will defend it in Ogden, Utah, this week, so it may be a champion against champion. Claire, or "Kid," as his letterheads read, is a "go get 'em" type of boxer, and is mixing things all the time. He is also a clever boxer and outboxes many of his opponents. His most notable bout was when he outboxed and outfought Harry Pelsinger at the "Grizzly" benefit in San Francisco several months ago. Since that time he fought Charley Moy and knocked out Jimmy Dundee in one round in Oakland.

Since his trip to the East Bromeo has met and beaten all except one of the boys sent against him. He fought a draw with Willie St. Claire, of Sacramento.

Wing will be making his first Portland appearance since his return from a successful invasion of California. Wing had five straight bouts in Los Angeles and won four of them. He was robbed of the decision in the other one, according to the Los Angeles papers, who were all for Wing.

Weldon fought a fast six-round draw with Joe Harrahan in Tacoma last week, and is in fine fettle to give his Portland admirers a real championship battle.

Jack Wagner, the fast-coming local lightweight, will get the acid test against Lloyd Madden, the pride of Seattle, in the special event. Wagner has been improving with leaps and bounds of late, and the fans are forced to take him into consideration when it comes to judging as to who is the best lightweight in Portland. Madden is claiming the lightweight championship of the Northwest since the retirement of Eddie Pinkman. Pinkman won the championship from Madden.

Johnny Boscovitch will meet Fred Gilbert, and one more bout will make up the card.

* * *

Walter B. Honeyman, secretary of the Portland Boxing Commission, wishes it to be stated that all boxers in Portland should get an application blank from him and fill it out so that it can be placed on file. The Commission requires that all boxers on any card must have their application filed with the Commission before he enters the ring. In case some boy should want to go on on a few minutes' notice, unless he had his application in he would be unable to box.

Checkers.

F. E. Berg, of Portland, president of the Oregon State Checker Association, and Isaac Greenbaum, vice-president, Salem, Or., hereby notify all members of the board, composed of J. Van Zante, A. Powers, L. G. Fowler, of Portland; W. L. Bryant and Dave Drager, of Salem; A. A. Simmons, of Eugene, that a meeting will be held in the rooms of the Checker Club, Fourth and Washington streets, Saturday evening, November 10. R. L. Rawson, Tigard, Or., secretary, and the editor, will commence at once to secure the attendance of others that are interested, for at this meeting the place and date will be chosen and arrangements perfected for holding the next state checker tournament in 1918. In the general talk at the club the latter part of January is favored. Salem wants the meeting there. Remember that you, as well as the officers of the association, are welcome and urged to be present and aid in every way the efforts to make this tournament a huge success.

GAME NO. 368.
"Bristol."

This game was played by correspondence between L. P. Ketchum and E. T. Baker. Baker's moves.

28-19	21-17	32-25	22-17	B wins.

R. B. Alexander, San Diego, Cal.—Fortunately we have found the problem you refer to. Black 1, 16, 20, king 14. White 7, 25, 24, 30. White to play and draw. The author is Fred Allen, and the solution 23-18, 14-23, 24-19, 23-18, 19-12, 18-15, 7-2, 15-11, 30-25, 20-24, 25-22, 24-27, 22-17, 27-31, 17-14, 31-26, 14-10, 26-23, 2-6, 25-18, 6-9 drawn.

Solutions have been received from L. E. Smith to all the problems, Harry Baker, George Lee, W. L. Bryant, Isaac Greenbaum, A. P. Jones, Oregus, George McDonald, H. Utley, Ira Withrow, J. Graham and B. B. Alexander.

DALLAS ASKS REHEARING

City Attorney Files Petition With Supreme Court.

DALLAS, Or., Oct. 20.—(Special.)—The city of Dallas, through City Attorney E. F. Coad, has filed a petition with the State Supreme Court for a rehearing of the case of the City of Dallas vs. H. V. Gates as lessee of the Dallas waterworks system.

The Supreme Court decided at a recent session that the State Public Service commission, which had required Mr. Gates to reduce the water rate from $1.25 per month to $1 as a minimum rate has no jurisdiction in the matter and that the City Council was the proper body to decide just what rates should be charged consumers. The Council at the time the plant was built made a contract with Mr. Gates for the $1.25 rate for a period of 20 years.

LA HABRA MAN EXEMPTED

M. J. Sanches Escapes Military Duty on Industrial Grounds.

FULLERTON, Oct. 11.—The local exemption board has received word from the district board that N. J. Sanches, of La Habra, has been granted exemption on industrial grounds. Sanches was sent from here on September 19 to Camp Lewis. He had filed no claim for exemption and had not been drawn to go with the contingent on that day, but the number was short and, as he expected he would be obliged to go within a short time in any event, he volunteered to go. In the mentime the oil company, in whose employ he had been for some time, put in a claim for his exemption on industrial grounds, all unbeknown to him, and the claim was allowed. The local board has taken steps to inform him and the authorities at American Lake.

ICE HOCKEY
Pre-Season Contest
"Moose" Johnson's, (Capt.)
TEAM—vs.
Charles Tobin's, (Capt.)
AGGREGATION

These two teams consist of Pacific Coast Hockey League professionals and the best class of local amateur stars—a series of three games to be played, the winners to be awarded individual medals.

GENERAL SKATING FOLLOWING GAME.

At intervals "Babe" Young will give a special exhibition in fancy skating.
